

**Regular Meeting #10-42  
Fairfield County Commissioners' Office  
October 6, 2010**

**11:00 a.m. Regular Meeting**

A regular meeting of the Fairfield County Board of Commissioners was held on Wednesday, October 6, 2010 beginning at 10:00 a.m., with the following Commissioners present: Judith Shupe, Jon Myers and Mike Kiger. Also present were Aundrea Cordle, Joe Giessler, Carri Brown, David Jones, Jon Slater, Bob Wolfinger, Larry Neely, Jason Dolin and Scott Zody.

**Announcements**

Mr. Zody announced that item 10-01.06.a was being pulled from the agenda. The landowner who had submitted the petition to alter Elevator Road had sent an email asking that the petition be withdrawn.

**Public Comment**

Larry Neely, 11100 Deep Cut Road, spoke and stated he wanted to know Commissioner Myers thoughts relative to the Brad Berry Elevator Road proposal. Commissioner Myers stated that as Mr. Berry had asked that the petition be withdrawn, there is no decision for the Board to make. Mr. Neely asked if the Walnut Township Trustees had supported the petition rather than oppose it, would the Commissioners have supported the proposal, and Commissioner Myers stated he could not respond to a hypothetical question such as that. Commissioner Kiger reminded Mr. Neely that the public comment period was for citizens to direct comments to the Board on issues, and not engage in a question and answer session.

**Approval of Minutes of Friday, October 1, 2010**

On motion of Jon Myers and second of Judith Shupe, the Board of Commissioners voted to approve the minutes for Friday, October 1, 2010.

**Review Session**

The Board of Commissioners met to review legal issues, pending and future action items and correspondence. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Joe Giessler, Aundra Cordle, Jon Slater, David Jones, David Uhl, Ed Laramee, Bob Wolfinger, Jason Dolin and Scott Zody.

Mr. Dolin provided an update on legal issues, stating that he is planning to review the city/county jail contract and will be prepared to discuss the issue with the Board the following week.

Mr. Dolin reported that the Election House Road alteration project has met with some delays in the property transfer, and they are attempting to schedule a closing with the Smith family on their property, but the Engineer has objected to the plat and it must be reworked first. Commissioner Kiger stated there are also some problems involving the acquisition of the small piece of land needed from Victor Kull, as Mr. Kull wants more land in the proposed trade and the airport does not wish to give him any additional property.

Mr. Dolin stated the Prosecutor's Office has received a public records request from the family of Judy Irish relative to the Clerk of Courts. Commissioner Kiger stated the parties involved may be contemplating some form of civil action against the Clerk of Courts, as he has also received calls from current and former employees that are unhappy.

Mr. Slater introduced Mr. Jones as the Acting Treasurer and stated he just wanted Mr. Jones to stop by a Commissioner's meeting to see how they operate.

The Board discussed the proposed County Driving Policy, and asked Ms. Cordle to be ready to discuss the policy at the next Roundtable meeting on November 4<sup>th</sup>. Ms. Cordle asked the Board to provide her with any feedback or changes they would recommend prior to the Roundtable so she could incorporate them into the policy. Commissioner Myers noted that he had recently read a new article that reported that accident rates had actually increased in cities and states that had banned texting due to young drivers trying to hide their phones while texting and driving.

The Board reviewed a letter from the Historical Aircraft Squadron requesting assistance in fixing the door for their hangar. Mr. Dolin stated he was in the process of working with Glen Burns on the lease that is due to expire soon.

Commissioner Shupe asked Mr. Zody about a recent email from the Master Gardeners requesting funding to purchase some bulbs to plant at the Courthouse this fall, and Mr. Zody stated he and Ms. Krisley checked on the budget and informed the Master Gardeners they could spend up to \$200. Mr. Zody stated he would also follow up with Connie Smith to get the names of those who worked on the Courthouse grounds this year so the Board could send them thank you letters.

Ms. Cordle informed the Board she would prepare a message for all employees to be sent relative to the new health insurance rates, and asked Ms. Krisley if she would be sending anything out as well. Ms. Krisley stated she would send something out to the agency fiscal officers relative to budgeting for health insurance.

Commissioner Myers noted the original projection had been for a 16% increase, and asked what the final number would be, and Ms. Cordle stated it would be approximately 9%. Commissioner Myers asked if the was factored into the budget, and Mr. Zody stated the agencies were told to factor 16%, but now it will be less.

Mr. Slater mentioned the annual city/county United Way Luncheon would be held this Friday at the United Way offices on Broad Street and encouraged the Commissioners to attend. Commissioner Myers asked if there were any incentives the Board could provide to encourage employees to participate in the campaign such as dress down days, and Mr. Slater stated he would ask Ms. Orlando about it at the luncheon and encouraged the Board to meet with her to discuss.

Commissioner Shupe asked Ms. Krisley if she had communicated with the agencies on the Health Insurance issue, and Ms. Krisley stated she had not, as she was waiting for the Board to pass the resolution, which they now have done. Ms. Krisley stated she would send something out later in the day. Commissioner Myers asked if the city was part of the plan, and Mr. Wolfinger stated that Lancaster was part of a separate health benefits consortium that partners with several of the local school districts in Fairfield County. Many of their costs and benefits are dictated via collective bargaining. Commissioner Myers asked if the city's costs were higher or lower, and Ms. Krisley stated they are currently lower but are expected to increase.

#### **11:00 a.m. Meeting with David Uhl**

The Board of Commissioners met with Main Street Lancaster Executive Director David Uhl for an update on activities. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Ed Laramee, Jon Slater, David Jones, Joe giesler, Aundrea Cordle, Jason Dolin and Scott Zody.

Mr. Uhl stated he has been working on several initiatives, and Main Street has been involved with several successful events such as the Art Walk and Gus Macker, and are working hard to encourage development and redevelopment activity in the Downtown. Mr. Uhl stated the organization intends to be very aggressive in 2011, and are promoting ideas for a truck "by-pass" around downtown.

Commissioner Myers noted talk of getting trucks off of Main Street have been discussed before, and asked what ideas are being considered? Mr. Uhl stated there are several options being looked at and discussed, but nothing specific yet. Commissioner Myers noted he recently witnessed a near-collision between a semi and a passenger vehicle at the High Street-Main Street intersection.

Mr. Uhl stated that he believes the truck traffic retards growth and development activities in the downtown due to the noise and exhaust pollution. The other issue that Main Street is pursuing a developing a convention center in the downtown, preferably at the Lancaster Glass site. They believe a facility that would accommodate between 1,000 and 1,500 would be ideal, especially if a hotel could be attached to it.

Commissioner Myers asked what is happening with the proposal to change certain street from 2-way to 1-way, and Mr. Uhl stated that proposal was brought forward by a downtown property owner with the idea of creating more parking spaces on streets. One concern that has been raised is whether or not changing the traffic flow would make it more difficult to get around in the downtown area. Commissioner Myers asked if there was still a push for a downtown parking garage, and Mr. Uhl stated he believes that talk has died down due to costs, and the focus now is on developing multi-story buildings with businesses on the ground floor and residential living space on the upper floors.

Commissioner Shupe asked about the assessments for the SID, and Mr. Uhl stated the assessments will actually decrease over the next 2 years and the renewal process will begin in 2013.

Commissioner Myers asked if the Gus Macker tournament would return next year, and Mr. Uhl stated it would as they have a three-year agreement with Gus Macker. The date will remain the same – over Father’s Day weekend, and they believes they will attract more teams next year with a stable date and more time to market the event.

Mr. Uhl stated over 3,500 people attended this year’s event, and they saw a significant economic impact to those businesses that involved themselves, especially the restaurants. Mr. Slater stated such an event also has a positive impact on sales tax and gas tax as well, noting the he currently sits on the SID Board as the County representative.

Mr. Uhl noted the Art Walk is Main Street’s largest event, and Gus Macker is currently the second-largest. Commissioner Myers asked what the status of the Lancaster Glass site currently is, and Mr. Uhl stated the company finally seems to be moving to apply for clean up funds.

Commissioner Myers asked who owns the vacant lot adjacent to the Mithoff building, and Mr. Uhl stated Bill Smith purchased it and would like to develop it based upon what happens to the Mithoff building. Commissioner Myers asked what is happening with the Mithoff building, and Mr. Uhl stated the city offered it to him for a \$1, and they are trying to redevelop it but are still struggling.

Mr. Uhl reported that another area they are working on is to get more out of the local student population – for example, only about 20% of the local high school graduates are pursuing higher degrees, and similar counties such as Delaware are much higher. They are looking at establishing a non-profit to promote or assist students in pursuing college degrees.

Commissioner Myers asked if there are grants available for this initiative, and Mr. Uhl stated they are looking into some possibilities.

### **12:00 p.m. Budget Meeting**

The Board of Commissioners met to discuss 2011 budget concerns. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Staci Knisley, Ed Laramee and Scott Zody.

Ms. Knisley stated she wanted to meet with the Board to see if they had any additional guidance relative to the budget, and Commissioner Shupe asked where they were relative to the Sheriff’s Office. Ms. Knisley stated that the Sheriff’s Office has sent her some information but it is not matching up with the numbers she has. She added that she did a snapshot of their payroll and factored that into 26 pay periods and it would appear they have plenty in their payroll line items, but something is not adding up.

Commissioner Kiger stated if that is the case, then the Sheriff should have sufficient funds if they stay within the budget parameters. Ms. Knisley stated that based on the

numbers she is seeing, she would agree with that. Commissioner Kiger asked if that would include funding for vehicles, and Ms. Knisley stated it does not. Commissioner Shupe stated the Commissioners should take control of the vehicles. Commissioner Myers stated the problem he sees is that the Sheriff himself sometimes does not seem to understand what he has or does not have in his budget. Ms. Knisley stated if everyone would be held to the parameters she believes they would be close to the number Ms. Addington is recommending.

Mr. Laramée stated what bother him is that when the Board asked the Sheriff to come back with new numbers all they received was a phone call and a new number that was still above the parameters. Commissioner Shupe stated the Board needs to determine what to do about the Sheriff's budget. Commissioner Myers stated what they need to determine is what the Sheriff's needs are and what the "reductions" are for, such as doing away with the Major Crimes Unit and Detective Bureau.

Commissioner Shupe stated the Sheriff also claims he needs additional overtime funds. Commissioner Myers suggested the Sheriff's fiscal officer come over and explain their budget in more detail. Ms. Knisley stated despite what the Sheriff is saying their budget has only been cut twice – in 2005 and this year.

Mr. Laramée stated they may want to have Elisa work with Staci and put together information on the numbers. Ms. Knisley stated she could do that herself. Commissioner Myers stated one of the problems is that Chief Perrigo seems to think there are extra dollars lying around from the sales tax increase, which simply is not so. In some ways, it appears JFS is under the same assumption.

Commissioner Kiger stated the difference with JFS is that the levy was supposed to replace their need for GRF. Mr. Laramée stated that is not exactly true – the levy was meant to supplement their GRF and state funding, and then the state funding was severely cut. Commissioner Kiger stated that even if the Sheriff is reduced to parameters, the Board will still need to find \$1 million to cut out of the budget.

Commissioner Kiger stated the Board also needed to look at the non-mandated allocations. Commissioner Myers asked what are the non-mandate allocations, and Commissioner Kiger stated Extension, Soil & Water Conservation, GIS, JFS and others. Commissioner Myers asked if GIS wasn't mandated, and Mr. Laramée stated the GIS is not mandated but some of the costs are paid by GRF, some by the Engineer, and some by other funds.

Commissioner Shupe asked if the Board still needed to meet with Mr. Slater, and Ms. Knisley stated Mr. Slater had told her he wanted to meet with his staff first and then meet with the Board. Commissioner Myers asked what the total budget for GIS was, and Ms. Knisley stated it is paid from different sources, but GRF pays some, the Engineer pays some and the REA fund pays some. The GRF share was cut from \$160,000 to \$107,000.

Commissioner Myers asked how many people were under the GIS office, and Ms. Knisley stated it is hard to say, as many of the positions are split funded. Mr. Laramée stated that when the Auditor had to make GRF cuts for 2010, she took most of the cut in the GIS GRF line item and had Mr. Burgei use his accumulated cash to offset.

Commissioner Myers asked what about the Recorder and Treasurer's Offices, and Commissioner Kiger stated the Board should not forget about the non-mandate allocations either. Commissioner Myers asked if the Regional Planning Commission allocation is mandated, and Mr. Zody stated he did not believe it is mandated per se, but RPC does perform some activities and put together some plans that allow the county to qualify for state and Federal grants.

Commissioner Shupe stated that what is mandated to one may not seem to be mandated to another. Mr. Zody asked wasn't that the purpose of the

criteria/prioritization exercise, and Commissioner Shupe stated that isn't much different that what the Board does now.

Commissioner Kiger asked if there would continue to be MUNIS payments, and Mr. Laramee stated there will be ongoing costs for the system for equipment, software and support. Commissioner Myers recalled that \$300,000 was the original commitment. Ms. Knisley stated the \$300,000 was paid off last year.

Commissioner Myers asked about the \$150,000 for the Lancaster law Director, and Mr. Zody noted that was a negotiated amount with the City that the Board agreed to in 2009. Commissioner Kiger stated the Board is going to have to cut somewhere, even if the Sheriff receives no additional funding.

Commissioner Kiger noted that the Child Protective Services budget has doubled and if the additional funding is approved it would triple. Commissioner Myers asked how the funds would be spent from the levy, and Mr. Laramee stated that is something he wanted to keep separate and not have it lumped in to a general fund where they would have no idea where the funds go. Unfortunately, JFS obtained an opinion from the Prosecutor that said it was OK, so it all comes out of the lumped together pot of funds they have.

Commissioner Kiger reminded the Board they also have to keep in mind the Health Department housing costs that they will be responsible for beginning in January. Commissioner Myers noted that he had a constituent tell him the other day that the Job & Family Services was wasting money in the food stamp and gas vouchers. Commissioner Shupe stated it is similar to the issue of the indigent defense reimbursement.

Commissioner Kiger asked what the Board wanted to do about the allocations. Commissioner Myers stated the Lancaster festival is probably the largest event in the county and generates a lot of economic activity. Commissioner Kiger asked about the Historic Parks allocation, and Mr. Laramee stated if the park district does not complete the Rock Mill restoration, the Commissioners may have to pay back the grant funding Mr. Fey has received.

Commissioner Myers asked if the Board even knows where the funds that are given to the Park District are going, and if they are being used for Rock Mill. Commissioner Kiger stated the deal with parks was that they would receive the additional funding if it was available, and in his opinion, it is not available for 2011.

Commissioner Shupe suggested cutting GIS, and Commissioner Kiger stated he did not care what is cut but the Board will definitely need to make some cuts to balance the budget. It won't be fun and it won't be business as usual. Ms. Knisley stated she believes the county expenses will turn out a little better than projected. Commissioner Shupe stated it may be better to have this conversation next year, and Mr. Zody stated the Commissioners will be having these conversations next year because he believes the Board will need to make budget cuts either this year or next year or possibly both because the state will definitely be cutting their budget and dictate local budget cuts.

Commissioner Myers agreed they are entering a new era, but under the new paradigm, who should be cut – offices like the Recorder? Commissioner Shupe stated that is tough, especially when offices such as the Prosecutor did not take a cut for 2010. Ms. Knisley noted the Recorder's GRF budget is \$285,000.

Commissioner Shupe stated the sales tax and conveyance fee revenues should be OK, but she is concerned about how the Local Government Fund would be affected by the state budget. Mr. Laramee agreed stating he is concerned about the LGF as well.

Ms. Knisley stated that Ms. Addington's expenditure estimates for 2010 are \$33 million. Ms. Knisley believes the expenditures will be closer to \$31.5 million. Mr. Zody stated if

that is the case then \$33.5 million should be enough of a budget. Mr. Laramee stated that he believes the cash carry over will be better than the current estimate. Mr. Laramee stated the current estimate is approximately \$6.3 million and he is still comfortable it will be at least that level. He believes there will be approximately a \$1 million cushion.

Ms. Krisley stated if that is the case then they are headed in the right direction. In 2009 the Commissioners spent \$4.8 million more than they brought in. In 2010 they are track to take in \$2 million more than they spend, which will help rebuild the cash reserve.

Commissioner Kiger stated that may be correct, but the budget still needs to be reduced. He is not against the Sheriff or any particular spending but the total amount of spending needs to be reduced. Commissioner Kiger stated that Michael Orlando had told the Board that he only needed \$4.1 million between the levy and the GRF and he would be fine – he understands that things have changed but everyone's situation has changed, including the Commissioners.

Commissioner Shupe stated they need to have the agencies and offices hold the line on spending to maintain the maximum cash carry over at the end year. Commissioner Myers asked if the Board was still ok with the Common Pleas Court request, and Commissioner Kiger stated the courts could mandate if the wanted.

Commissioner Myers stated the Board needs to discuss the sales tax and whether or not to extend it. Commissioner Shupe stated the Board agreed to do a temporary increase for 4 years in order to allow the next Commissioners to settle into the office and prepare to handle it. Commissioner Myers stated it would be better for the current Board to address the issue.

Commissioner Kiger suggested the Board could save \$50,000 by eliminating the health insurance for the Board of Elections. Commissioner Myers suggested sending them a letter and requiring the Board of Elections to pay their 15% share. Commissioner Kiger objected, stating the Board of Elections members are part time and should not qualify for any insurance benefits. Commissioner Shupe stated that Allan Reid had told her he would be willing to pay the 15% share. Commissioner Myers stated he did not understand why Mr. Reid even took the insurance, since he is retired. Commissioner Shupe stated the PERS requires retirees to take other insurance if it is available. Commissioner Myers stated if the is the case, then his wife would have to switch over to her STRS insurance when he retires.

### **Adjournment**

With no further business to come before the Board, on the motion of Jon Myers and the second of Judith Shupe, the Board of Commissioners voted to adjourn at 1:20 p.m.

Roll call vote on the motion resulted as follows:
