

**Regular Meeting #09-28
Fairfield County Commissioners' Office
July 7, 2009**

9:00 a.m. Meeting with Aundrea Cordle, Sheriff Dave Phalen

The Board of Commissioners met for an update on the progress of contract negotiations for the Sheriff's Office and the Fraternal Order of Police. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were County Sheriff Dave Phalen, Human Resources Director Aundrea Cordle, Marc Fishel, Jason Dolin and Scott Zody.

Mr. Fishel stated that negotiations were nearly complete, but the issues of wages and benefits, specifically health insurance, were ongoing items of discussion. One positive agreement involved trading the Columbus Day holiday for an additional personal day for the deputies, which should save the county some funding in the long term.

Executive Session

On the motion of Jon Myers and second of Mike Kiger, the Board of Commissioners voted to enter into Executive Session at 9:05 a.m. for the purpose of discussing contract negotiations for certain Sheriff's Office employees. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Aundrea Cordle, Dave Phalen, Marc Fishel, Jason Dolin and Scott Zody.

Roll call vote of the motion resulted as follows:
Voting aye thereon: Jon Myers, Mike Kiger and Judith Shupe

On the motion of Mike Kiger and second of Jon Myers, the Board of Commissioners voted to adjourn from Executive Session at 9:40 a.m.

Roll call vote of the motion resulted as follows:
Voting aye thereon: Mike Kiger, Jon Myers and Judith Shupe

No formal actions were taken.

Review Session

The Board of Commissioners met to review legal issues, correspondence, and pending and future action items. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Jason Dolin and Scott Zody.

Mr. Dolin stated that he has reviewed the issue of residency requirements and due to a recent Ohio Supreme Court decision, the Revised Code now take precedence. Mr. Dolin stated that the ORC is fairly broad, and local authorities have the ability to require employees to live in the county they work, or an adjacent county, which, in the case of Fairfield County, should already cover the vast majority of employees.

The Board directed Mr. Zody to schedule a work meeting to discuss and review the proposed contract renewal for Meals on Wheels for the Older Adult Services levy funding.

Mr. Zody informed the Board that Travis Markwood of the Fairfield-Lancaster Chamber of Commerce has requested that the Public Safety Committee attend the next Chamber legislative Action Committee meeting to discuss the proposed county Public Safety Facility project. Mr. Zody stated that the committee is interested in learning more about the sites under consideration for the facility.

Commissioner Shupe asked where the committee was at with respect to the Phase 1 requirements with Wachtel & McAnally, and Mr. Zody stated that they are waiting for the

City of Lancaster to obtain the environmental reports on the former Lancaster Glass site prior to proceeding further. Commissioner Myers stated that at the most recent committee meeting, Judge Harris was advocating a joint city-county ballot initiative to place a funding mechanism before the voters for approval, but expressed his concern over the likelihood of passage.

10:00 a.m. Commissioners' Regular Meeting

A regular meeting of the Fairfield County Board of Commissioners was held on Tuesday, July 7, 2009 beginning at 10:00 a.m., with the following Commissioners present: Judith Shupe, Jon Myers and Mike Kiger. Also present were Ritta Seitz, Michael Orlando, Mary Winstead, Linda Kauffman, Kirk Davis, Bill Brandt, Ed Mohler and Scott Zody.

Announcements

Mr. Zody announced that there would be one add-on resolution relative to an amended certificate and request for appropriations for Job & Family Services.

Public Comment

Commissioner Shupe requested Mr. Davis, the Director of the Multi-County Juvenile Detention facility, to come forward for a presentation. Commissioner Shupe announced that Mr. Davis had been nominated to receive a "Patriotic Employer" award from the Federal Department of Defense for his strong support of a MCJDC employee who was activated in his National Guard unit for nearly two years.

The Board presented Mr. Davis with the award, and Commissioner Shupe thanked Mr. Davis on behalf of the Board for his efforts to support his employee during his service period.

Review Session, cont.

The Board of Commissioners met to review legal issues, correspondence, and pending and future action items. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Michael Orlando, Mary Winstead, Stacy Knisley, Jason Dolin and Scott Zody.

Mr. Orlando stated that he wanted to provide the Board with an update relative to the state biennial budget. The temporary one-week budget enacted by the General Assembly are causing a cash flow problem for JFS, as they are only appropriating 1/52 of the 2009 budget minus 30%, which is less than what they anticipated or need, and as a result, JFS will have to stop payments to vendors and contractors on a temporary basis, and has stopped issuing gas vouchers, transportation payments and some other benefits as well.

Commissioner Shupe stated that she had spoken to Laura Holton the previous evening and with the exception of Lancaster Public Transit, the other vendors seemed to be willing to wait on payments.

Mr. Orlando stated that the 1/52 issue also would impact the agency's ability to make payroll in July, as July is a 3-pay period month. There are several other counties in Ohio in the same situation. Another concern Mr. Orlando mentioned is a potential state shutdown if the budget impasse is not resolved, and asked if the Board had the authority to shut down the county JFS in the event the state shut down. Commissioner Shupe asked when they would know what the state would do, and Mr. Orlando stated it is a day-by-day situation at this point.

Commissioner Myers asked if there were any concerns relative to the advance issue in the latest CIDS publication from the County Commissioners Association, and Mr. Orlando stated that with the budget reduction plan adopted earlier in the year, 20% reductions were already made and depending upon the state budget outcome, an additional 10% may need to be cut. Commissioner Myers stated another concern is the \$5 billion in one-time stimulus funding that is being used to "balance" the state budget.

Mr. Orlando stated that the JFS problem is short-term – getting to January when the \$3 million from the Child and Adult Protective Services levy funding will start flowing. Commissioner Shupe asked what is contained in the resolution before the Board today, and Mr. Orlando stated it is to amend a certificate and appropriate funds coming in from two reimbursements. Ms. Knisley stated that the Auditor raised the question of receipts vs. expenditures and reducing the certificate of resources to reflect the reduction of state funding.

Mr. Orlando stated that one reimbursement is coming through the Drug Court involving one-time grant monies that otherwise would have been returned to the Federal Government. The second reimbursement is for Foster Care administrative costs that they are chasing. Mr. Zody stated that his understanding is that these are also one-time payments from a two-year backlog that the agency has been trying to clear up.

Ms. Winstead stated that it is important to remember that the Children's Services line item receives the revenue, but it is transferred to the Public Assistance line item where most of the expenditures are made, as the Public Assistance Fund is the "parent fund" of the agency. Ms. Winstead stated she could reduce the certificate of resources out of the Public Assistance Fund lines.

Mr. Zody stated it is his goal to accurately track revenues and expenditures to determine if any additional or extra revenues come in to see that those offset the request for additional General Fund dollars to get JFS through the end of the year.

Commissioner Kiger asked if the funds in the resolution could be used to reduce the amount of GRF being requested, and Mr., Zody stated that until the state resorted to the one-week temporary budgets, he would have thought so, but JFS is nearly out of cash and needs these funds just to try to get through July at this point. Mr. Orlando added that foster care placement costs are placing a huge burden on the agency budget right now, and many foster care network providers are hurting.

Approval of Amended Certificate and Request for Appropriations from Unappropriated Funds – Job & Family Services – Child Protective Services Fund

On the motion of Jon Myers and second of Mike Kiger, the Board of Commissioners voted to approve an Amended Certificate and Request for Appropriations from Unappropriated Funds – Job & Family Services – Child Protective Services Fund, see resolution 09-07.07.o

Roll call vote of the motion resulted as follows:

Voting aye thereon: Jon Myers, Mike Kiger and Judith Shupe

Ms. Knisley asked if an advance would be sought, and Ms. Winstead stated that ODJFS draws are released on Fridays, so depending upon available cash, it might – the agency needs \$420,000 to meet each payroll.

Mr. Orlando stated that the problem is the third pay period that the employees are currently working in, and the other issue is the ability or inability to pay vendors. Commissioner Shupe asked if there had been any response from the legislature to the issues, and Mr. Orlando stated that in some respects, the General Assembly has acknowledged the problem, but due to the impasse with the Governor, they are reluctant to give in. There is a real possibility the state may shut down and it would become ugly in the urban counties rather quickly. The other issue complicating matters is that the K-12 education line items and the higher education line items are all receiving 100% of their 2009 funding during the interim period.

Ms. Knisley asked if this would affect Department of Development funding as well, and Ms. Winstead stated that because the interim budget is very limited in scope, it will affect many aspects of government funding, including Federal pass-through funds. The impact on small businesses could be significant as well, such as service stations that take gas and repair vouchers.

Commissioner Shupe stated that with regard to the relocation of JFS offices off of the first floor, she has some concern relative to expansion capabilities in case JFS funding levels would eventually be restored. Mr. Orlando stated that he currently has some room on the Child Protective Services area, but Public Assistance is in fairly tight quarters. He would like to be able to reserve some space on the first floor for shared use, but is not sure what if any space would be available.

Executive Session

On the motion of Jon Myers and second of Mike Kiger, the Board of Commissioners voted to enter into Executive Session at 10:45 a.m. for the purpose of discussing the potential sale of county real estate. Commissioners present were Judith Shupe, Jon Myers and Mike Kiger. Also present were Jason Dolin and Scott Zody.

Roll call vote of the motion resulted as follows:

Voting aye thereon: Jon Myers, Mike Kiger and Judith Shupe

On the motion of Jon Myers and second of Mike Kiger, the Board of Commissioners voted to adjourn from Executive Session at 11:00 a.m.

Roll call vote of the motion resulted as follows:

Voting aye thereon: Jon Myers, Mike Kiger and Judith Shupe

No official actions were taken.

1:00 p.m. - Meeting with Jeanette Addington, Barbara Curtiss

The Board of Commissioners met with County Auditor Barbara Curtiss and financial consultant Jeanette Addington for a budget update. Commissioners present included Judith Shupe, Jon Myers and Mike Kiger. Also present were Aundrea Cordle, Staci Knisley, Jason Dolin and Scott Zody.

Ms. Addington stated that she now had the first half of 2009 revenue and expenditure information gathered, and has been working with the Auditor's Office and have modified projections since the budget meeting in September. The Local Government Fund has been decreased by \$300,000 just this year and the expectation is that it will go down further in 2010. Ms. Curtiss added that her office recently received an update from the state on LGF revenues and they are on target.

Commissioner Myers noted that it appears that sales tax revenue is projected to decrease, and Ms. Curtiss stated the original estimate was for a 5% increase, which she believes is unrealistic, and said that she factors in current conditions in here projections, where Ms. Addington merely looks at 3-5 year history and projects accordingly.

Ms. Addington stated that total revenue for 2009 is projected at \$30.142 million, and Ms. Curtiss projects approximately \$2 million less. Actual revenues through the end of June are \$14.9 million, so they are pretty much on target. Ms. Addington stated her end of the year cash balance is based upon the assumption that agencies will spend 95% of their appropriation, and estimates the cash balance will be approximately \$6.752 million.

Ms. Addington stated that in order to maintain a 25% cash carryover to appropriations level, the county should try to keep its cash balance at \$7.60 million.

Ms. Addington stated that the bottom line is cash is down and will remain down at least through 2010-2011.

Ms. Curtiss asked if agencies spent 95% of their budgets, then half of the cash carryover would be gone, and Ms. Addington stated that is correct – some additional cost reductions need to be made.

Ms. Addington stated that two items trouble her – first, the cash transfer to Job & Family Services of \$619,000 for their budget reduction plan, and second, the “pick-up” of the JFS building lease payment. Because of that, total spending through the year is now at 52%, when it should be below 50%, and when encumbrances are added in, that goes up to 59%.

Ms. Curtiss stated the Board needs to look at each line item and where each office is spending its funds. Ms. Addington stated it is important to note that some offices encumber all of their funds, but in the end do not spend it all. For example, the Commissioners spending is at 58%, but that includes several allocations that have been passed through already at 100%.

Ms. Addington stated an additional concern is that prisoner expenses at the county jail continue to increase each year. Commissioner Shupe asked what expenses would be included in that, and Ms. Knisley stated that would include out-of-county housing, medical expenses, and Dr. Vajen's contract.

Commissioner Myers noted that only about 45% of the line has been spent, and Ms. Knisley noted that additional funds have been appropriated to this line item, and she is awaiting a purchase order from Fairfield Medical Center and some out-of-county expenses.

Ms. Curtiss stated the county is out of funding, and all anticipated revenue and cash carry-over has been appropriated, something that should never be done. Ms. Knisley noted that they carried over between \$2-2.5 million worth of encumbrances from 2008 to 2009. Ms. Addington stated that budgeting all funds was a practice several years ago, but since she has been working with Ms. Curtiss, that has not been the practice. Ms. Addington stated that the Board must look at all expenditures and make some tough decisions this year in order to enact a balanced budget.

Ms. Addington stated that she, Ms. Curtiss, Ed Laramée, Ms. Knisley and Mr. Zody met and developed a list of items for the Board to consider, and would forward that to the Board.

Commissioner Myers asked how much that amounted to, and Ms. Curtiss stated that the items she listed and identified amounted to \$3.89 million, but still would not be enough to fill the gap.

Ms. Curtiss asked about the County Economic Development Director position and whether that was something that was cost-effective, and noted that several line items in other areas were questionable as well, such as the Agriculture line, County prisoner Expense, Indigent Defense, and others. Ms. Curtiss stated that she realizes that most of these line items cannot simply be eliminated, but believes several could be reduced.

Commissioner Shupe asked if the county needed to make adjustments this year, and Ms. Addington stated that she would recommend trying to reduce expenditures by at least 5% between now and the end of the year. Ms. Curtiss noted that back in 1995, similar circumstances warranted a 5% end of the year cut, and the county elected officials got together and made it happen, unlike 2005 when things did not go well.

Commissioner Shupe asked if anyone had any suggestions, and Ms. Curtiss and Ms. Addington suggested going through the budget line item by line item and finding ways to reduce spending. Commissioner Kiger stated he would like to see the furlough option pursued, and Ms. Addington stated the allocations need to be looked.

Ms. Cordle stated that furloughs would need to be cost out by agency and department, as some of the smaller agencies might not be able to utilize that option, and right now, it would have to be voluntary.

Ms. Curtiss stated that the Board needs to stop advancing and allocating funds to others at the expense of the other county elected offices, as they all have statutory duties and obligations to perform.

Commissioner Myers stated that an example is the \$100,000 allocation for the Family, Adult & Children First Council – that allocation has been given for the past 4-5 years, and Commissioner Kiger stated that was initiated in 2005 to help JFS during the last budget crisis, but should not be continued.

Ms. Curtiss stated that is the problem with allocations – most are intended as one-time expenditures, then they don't go away, and they take away resources from other county priorities. Commissioner Kiger agreed, and stated that the Board needs to look at who is currently receiving allocations and determine if any should continue.

Ms. Addington stated that one particular allocation, the \$362,000 for Chile Protective Services, is an example of one that was intended to be a one-time allocation two years ago. Commissioner Kiger stated that allocation is supposed to cease after 2009. Ms. Addington added that the Capital Improvements funding also needs to be reviewed.

Commissioner Myers asked about the phone system and whether that would be a justified expense at this time, and Ms. Curtiss stated the existing system is over 15 years old, and needs replaced, and would save the county funding in future years, but that is up to the Board.

Commissioner Myers stated his big concern is the state budget and the unknowns with it at this point. Ms. Curtiss agreed, stating that she believes the LGF will eventually disappear and no longer provide any funding for local governments.

Ms. Curtiss stated that without significant changes in the county spending, the county will be broke in 2010. Ms. Addington stated that the economy will eventually turn, but the question is when and how slowly or quickly will a recovery take place? Ms. Curtiss stated the Fairfield County is in better shape than many other counties, and her goal would be to make it through 2009 and 2010.

Commissioner Myers stated that what is coming out of Washington D.C. is not helping, and we are witnessing a massive transfer of wealth that will have long-term effects nationwide.

Commissioner Kiger stated that the scary part is that Fairfield County is considered to be doing "well" and the county is still struggling.

Ms. Curtiss stated that the biggest cost is people, and the county cannot unilaterally decrease pay. Ms. Cordle stated that working hours could be reduced. Commissioner Kiger asked how that could be accomplished, and Ms. Cordle stated that right now it would have to be voluntary or worked out through union agreements. Ms. Knisley stated that the Regional Planning Commission employees recently took a pay cut.

Ms. Curtiss suggested running the numbers on the effect that a 5-day furlough for all county employees would have, and Ms. Knisley pointed out the 2010 will contain 27 pay periods instead of the usual 26, so there will be an additional impact. Commissioner Shupe stated that Amanda schools used to skip the extra pay period when those would occur, and Ms. Curtiss stated that was adjusted for in the employee paychecks – that still received their full compensation, just in 26 paychecks instead of 27.

Ms. Addington stated that she has put together some funding scenarios for 2010-2013 that projects slow revenue growth and average spending projections of \$32 million in each year. Those projections also assume JFS repays the \$500,000 loan the Commissioners provided and spending remains constant. Under those assumptions, the county cash balance would recover and grow.

Ms. Addington stated that non-mandated spending must be reduced in order to balance the budget. Ms. Curtiss stated the Board should also think about increasing revenue and consider implementing the ¼% sales tax increase.

Commissioner Kiger stated that he would like to believe that JFS would repay their loan, but does not see that as realistic. Ms. Curtiss stated that also assumes they won't ask for additional funding, even with their new levy funding. Ms. Curtiss stated that JFS funding needs to be considered in light of other county needs when it comes to required spending.

Commissioner Shupe stated the levy funding beginning next year should help alleviate the JFS funding concerns. Ms. Curtiss stated that she empathizes with Mr. Orlando but the Commissioners cannot deal with the budget problems on an emotional level. In addition, she fears the judges will mandate their own budget and unilaterally increase their spending instead of cutting back. Mr. Zody added that he is concerned about the potential increase in spending from the Board of Elections, as next year is a gubernatorial election and who know what the Secretary of State will mandate next.

Ms. Curtiss stated that funding the elected offices and their mandated functions should be the first priority. Commissioner Myers stated that some offices, such as the Recorder, have had their activities slow down. Ms. Curtiss stated the problem is the only thing left to cut is people and that will have a demoralizing effect.

Commissioner Shupe stated the Board also needs to consider the pending contract negotiations with the Fraternal Order of Police for the Sheriff's Office.

Mr. Zody asked if the elected officials would go along with instituting a hiring freeze, and Ms. Cordle suggested asking the elected officials to implement a voluntary leave program. Ms. Curtiss stated a push needs to be made to cut spending now and save funds for 2010.

Ms. Cordle stated the voluntary leave program was working well at JFS. Ms. Curtiss suggested calling in the elected officials and discussing the problem with them and inform them of potential solutions, and possibly implement a voluntary leave program while school is still out, as it would be more appealing to employees.

Ms. Cordle stated the challenge is balancing scheduling and staff to ensure adequate staff is available to serve the public. Ms. Curtiss stated her office had worked out a method to switch to four 10-hour days and it is a matter of managing people.

Ms. Addington stated that whatever course is chosen, the goal should be to try to save at least \$1.5 to \$2 million between now and December 31. Mr. Dolin asked how much one GRF payroll amounted to, and Ms. Knisley stated approximately \$600,000. Mr. Dolin stated that if all GRF funded employees took a five day furlough that would save approximately \$300,000. Commissioner Kiger stated that a 10-day furlough would save \$600,000 and address the extra pay period.

The Board agreed to schedule a meeting for all elected officials that receive General Fund dollars and discuss the present situation.
