**Fairfield County Supports Municipal Court Construction with
Transfer of Parking Lot**

Today, the Fairfield County Commissioners approved a transfer of a parking lot located on Chestnut Street to the City of Lancaster in connection with the construction of the Fairfield County Municipal Court. The transfer of the parking lot marks an additional collaboration with Fairfield County and the City of Lancaster regarding the Municipal Court. The County previously partnered with the City on a work group to plan the construction.

Commissioner Dave Levacy, who led a committee reviewing the transfer, stated, "Officials of the City of Lancaster expressed a dire need for the parking lot in order to meet the needs of the public and the Municipal Court, and we wanted to be of support. The parking lot will be put to its best use, and we want to further the Municipal Court construction, making this transfer a win-win situation."

The County will maintain the drive-thru payment center located next to the parking lot. In the event the City of Lancaster ceases to use the parking lot for a public purpose, it will be returned to the County.
