## **FIRE CLEAN UP KITS DONATED TO RED CROSS**

**Release Date: Immediate**

Servpro, a local independently owned and operated cleanup and restoration business, recently began donating cleanup kits to the American Red Cross of Fairfield County, also serving Hocking County. “These will be given to victims that have had a house fire throughout both counties. The products included in the kit help remove the smell of smoke in clothing, smoke damage throughout the home, etc. to help victims (where the home is not destroyed) get back into their homes quickly” said Ed Campbell, Supervisor of the local Disaster Action Team.

Annually, single-family fires account for the largest number of disaster calls locally. In-kind donations help the ARC better serve the clients, along with the basic immediate emergency needs of food, clothing and shelter. All disaster service assistance is an outright gift from the generosity of local donations.
