Wage & Benefit Assessment Survey

Fairfield County Economic Development (FCED) and the Fairfield 33 Development Alliance recently wrapped up the fifth annual Wage & Benefit Survey. Results have been released to those companies who participated.

The survey is free and open for participation to all Fairfield County businesses and non-profits. If you have employees and a salary base, this free survey can be an invaluable tool in hiring and retaining employees.

In an effort to secure more participation for future surveys, FCED has posted a brief Wage & Benefit Assessment Survey to improve the focus and timing of this survey. The department is inviting all businesses to participate in the five minute survey, whether that business has taken any, all, or none of the previous Wage & Benefit Studies. [Click here to take the survey.](#)

For additional information, contact Shane Farnsworth, 740.652.7160, in Fairfield County Economic Development.
