Press Release

RE: Angela Luke

I have a great deal of confidence that this case will be investigated thoroughly, fairly and properly. I met with Sheriff Phalen today and spoke to Jon Tyack, Mrs. Luke's attorney yesterday.

I encourage the public and the media to give law enforcement a chance to fairly evaluate the tragedy that just recently occurred.

I do not intend to appear on camera to discuss the progress of this investigation nor do I intend to answer questions or make additional comments about this case at this time.

Fairfield County Prosecutor
