

For Immediate Release From:  
The Fairfield County Office of the Prosecuting Attorney

PRESS RELEASE

November 20, 2015

Re: Angela Luke

I have a great deal of confidence that this case was investigated thoroughly, fairly and properly. I met with the lead detective this week, and also have spoken to John Tyack, Mrs. Luke's attorney.

I thank the public and the media for giving law enforcement a chance to fairly evaluate the tragedy that has occurred.

Based on the investigation, this case will not be presented to the Fairfield County Grand Jury. Our heart goes out to the Luke family. I will not appear on camera about this case and do not wish to make additional comments. It is the policy of the Fairfield County Prosecutor's Office not to seek charges before a Grand Jury when we lack sufficient evidence to prove a Defendant's guilt beyond a reasonable doubt. The Fairfield County Sheriff's Office supported our decision not to seek charges based on their investigation. I also thank the Bureau of Criminal Identification and Investigation for their assistance.

Gregg Marx  
Prosecuting Attorney  
Fairfield County, Ohio
