

Regular Meeting #20 - 2021
Fairfield County Commissioners' Office
May 11, 2021

Review

The Commissioners met at 9:00 a.m. to review legal issues and pending or future action items and correspondence. Commissioner Levacy called the meeting to order with the following Commissioners present: Jeff Fix, Steve Davis, and Dave Levacy. Also present were Carri Brown, Staci Knisley, Jon Kochis, Amy Brown-Thompson, Tom Lininger, Aundrea Cordle, Jeff Porter, Audrey Stoffel, Margaret Euler, Judy Stemen, Ray Stemen, Joe Ebel, and Sheriff Lape.

Attending virtually were: Jennifer Dickerson, Dennis Keller, Jon Slater Jr., Nikki Drake, Tony Vogel, Chris Wagner, Lisa McKenzie, Jeff Camechis, Kelly Turben, Jason Dolin, Josh Horacek, Jonett Haberfield, Corey Clark, Dave Burgei, Jim Bahnsen, David Miller, Jeff Barron, Tony Howard, Jessica Murphy, Shannon Carter, Britney Lee, James Shaw, and Donna Fox-Moore and other callers.

- Welcome

Commissioner Levacy welcomed everyone.

- Fairfield Forward

Jonette Haberfield, Visitors & Convention Bureau (VCB), updated the Commission about fun things to do in Fairfield County as we move Fairfield Forward. Please see the attachment, which was in the review packet.

Commissioner Levacy thanked Mr. Haberfield for her update. He thought it went very well.

Dr. Brown thanked Ms. Haberfield for the update and fact sheet and mentioned how good it was to celebrate National Travel & Tourism month with the VCB. There was information about the VCB Open House distributed to meeting participants, too.

- Legal Update

Amy Brown-Thompson reported on how Fairfield County prevailed in the Fairfield County v. Franklin County case. There is a 30-day period in which Franklin County will need to decide upon whether or not they will appeal the decision.

Thank you to the entire team for their dedication and professionalism during the court proceedings.

When received, the \$8.575 M plus interest will be paid into the self-funded insurance fund and will be important to the Fairfield County employees and residents.

Articles from the media, past communications, and a memo was in the review packet.

Commissioner Fix discussed with the Board the merits of reverting the employee share of health insurance to 15% (down from 20%) and provided guidance to proceed with this step. He congratulated all who were involved with the court proceedings. He stated this was a big victory for Fairfield County. He went on to describe how the change in the employee share was made last year at the time when it was necessary to secure financial well-being for the county. He believed it was appropriate to make a change now. Commissioner Fix made a motion to reduce the standard employee contribution for the health benefits plan to 15%.

Motion to authorize the HR Department to communicate to all health benefits plan participants the Commission decision to alter the standard employee share for the health benefits plan to 15%, coordinating this change with the County Auditor so that the 15% contribution is effective with the next pay period, and to authorize the County Administrator to coordinate with the HR Department to propose adjustments for accounting measures as needed, keeping the employer share the same amount at this time, anticipating the amount from the Fairfield County v. Franklin County case coming from

Franklin County will be placed in the self-funded insurance fund as outlined in a Prosecuting Attorney's Opinion from June 5, 2020.

On Motion of Jeff Fix and second of Steve Davis, the Fairfield County Board of Commissioner voted to authorize the HR Department to communicate to all health benefits plan participants the Commission decision to alter the standard employee share for the health benefits plan to 15%, coordinating this change with the County Auditor so that the 15% contribution is effective with the next pay period, and to authorize the County Administrator to coordinate with the HR Department to propose adjustments for accounting measures as needed, keeping the employer share the same amount at this time, anticipating the amount from the Fairfield County v. Franklin County case coming from Franklin County will be placed in the self-funded insurance fund as outlined in a Prosecuting Attorney's Opinion from June 5, 2020.

Discussion:

Commissioner Davis stated he supports Commissioner Fix's motion. He stated the Commission has reviewed past decisions and it is time to re-evaluate. When the Commission made the decision to leave Franklin County's Cooperative, it was mathematically and fiscally right regardless of the court decision. He always has thought that Fairfield County deserved the reserve balance back. He stated he appreciated Mr. Porter's, Dr. Brown's, and legal counsel's work on the case. The contract required Fairfield County to give proper notice to withdraw. Fairfield County did give proper notice according to the contract. The contract also said if you do not give timely notice, you will not get your reserve balance back.

Ms. Brown-Thompson stated that she felt like the Court did agree with Commissioner Davis. They gave Franklin County two opportunities to fix things.

Dr. Brown commented that she believed employees will be appreciative of the reduction in the employee share for health benefits. She stated that residents will benefit from the Court's decision because the county will have greater opportunity to control future costs.

Roll call vote of the motion resulted as follows:
Voting aye thereon: Jeff Fix, Steve Davis, and Dave Levacy

c. Highlights of Resolutions

Dr. Brown highlighted 12 resolutions for the voting meeting.

JFS proposed two contract renewals for protective placement in network.

The County Engineer proposed approval of the contract bid award for the 2021 Resurfacing CR7/17/22/27/50 Project, as well as a contract for liquid asphalt project and a notice to commence.

There were 7 *financial and grant related resolutions* to approve:

- Appropriations from unappropriated funds for CDBG (CARES) related project for Meals on Wheels, Utilities, and the Building Department (non-general fund appropriations);
- Appropriations from unappropriated funds for COVID equipment for the Sheriff, potentially reimbursed with ARP fiscal recovery funds (general fund appropriations); and
- Three accounting resolutions for JFS.

There were financial and contracting resolutions (and administrative approvals) in queue.

- We will have a resolution to establish a public hearing for an annexation petition received from Ms. Laura MacGregor Comek, Esq., agent for Love's, for an annexation of 25.8723 +/- acres from Hocking Township into the City of Lancaster.
- Also, we will have a contract for the flooring at the Government Services Center on Main and a contract for the flooring project we discussed last week.
- RPC will propose a resolution authorizing the contract to Wilson Excavating of Jackson County LLC and notice of commencement for the Village of Carroll FY2020 CDBG Sanitary Sewer Improvement Phase II Project.
- We will also have two resolutions for Board appointments or reappointments.

d. *Administrative, Program, and Budget Update*

Administrative & Program Updates

Administrative Approvals and Program Updates

Administrative Approvals

The review packet contained a list of *administrative approvals*. There were no questions.

We are assisting the Governor's Office as communication partners for businesses and organizations who desire to have on-site clinics for COVID19 vaccinations.

Budget Update

- The sales tax estimate for 2021 in Fairfield County is \$23.6 M, or 3% *above the sales tax revenues of 2020*. We are tracking above this estimate right now.
- We plan to close on new bonds and refinancing on *September 3* and will remain flexible with that timeframe. Dr. Brown met with bond counsel to further this project.
- We are prepared properly to receive *American Rescue Plan fiscal recovery funds*. The US Treasury portal opened yesterday, and we have requested the first tranche, which will be approximately \$15 Million. There was no adjustment to the county portion anticipated from earlier communications. Commission department heads have already been reviewing the immediate pandemic and health related uses of the funds. The US

Treasury held a webinar last night providing some general information. They believe it will take them several days to process multiple submissions for the first tranches.

Commissioner Davis stated that the American Rescue Plan was originally very broad in its guidelines. Since then, there has been 150+ pages of guidelines that are not so broad. He thanked Dr. Brown and Ms. Cordle for their review of the 150+ pages.

e. BRAVOS

Dr. Brown reported the following Bravos:

- Congratulations to all of the NACO Leadership Academy graduates. There will be presentations of certificates on May 18th.
- Thank you to the team who worked on the Fairfield County v. Franklin County case.

Commissioner Davis stated that the \$10+ million to our health plan is incredibly significant. This could result in years of no increases for employees. Commissioner Levacy agreed with Commissioner Davis. This has been a long process.

Old Business

Commissioner Communications/Additional Updates

Commissioner Davis announced that he has an interview with WLRY. Commissioner Levacy asked when his next Commissioner Connection taping was. Dr. Brown answered it was May 25.

COVID-19 Update

Jon Kochs, EMA Director updated the Board of Commissioners on the following vaccination data:

Age Group of 50+	72% are vaccinated
Age Group of 60+	76% are vaccinated
Overall of Total Eligible/18+	52% are vaccinated

Mr. Kochis stated that this is positive for the community.

Joe Ebel, Fairfield Department of Health Commissioner reported that soon Pfizer will be approved for vaccinating the age group of ages 12-15. They hope to expand that group this week. They are currently able to give vaccines to the age groups of 16 & 17. Having that age group vaccinated will help with community spread. The Health Department's clinic is now open on Saturdays at the River Valley Mall. There are a few nights they stay open until 6:00 p.m. They are still seeing a lot of people for their 2nd dose. The amount of 1st dose visitors is slowing down.

New Business

Book from the Buckeye Lake Region Corporation

Commissioner Levacy passed around a book to the Board of Commissioners from the Buckeye Lake Region Corporation. Buckeye Lake is within Perry, Licking, and Fairfield counties. The book showed a vision of future development.

Administrative Meeting for Review of American Rescue Plan Fiscal Recovery Plans

Dr. Brown reported Commission Department Heads are meeting today at noon to discuss the strategic spending for the American Rescue Plan Fiscal Recovery Funds, especially the initial

Invitations

- May 21 – Virtual or in-person Forest Rose graduation ceremony
Commissioner Levacy will attend and present certificates to the graduates.
- July 9-12 NACO virtual and in-person conference
Dr. Brown will be attending virtually.
- Friday, June 4 at 5:30 – 7:00 p.m. – DACO exhibition
Dr. Brown will be attending in person.

FYI

- Jail Population - 212
- Watson Oil liquor permit request (notified Sheriff)
- Letter from Jeremiah Upp in support of the I-70 Far East Freeway (consistent with the Commission letter from last week supporting this project)

Commissioner Davis asked for the letter from County Engineer Upp to be clarified a bit. He was not aware of a congestion issue at the *northeastern* part of the County. Commissioner Fix stated that there is no congestion in the northeastern part of the county; the letter was correct in its gist but there was intention to mention the congestion in the *northwestern* portion of the county.

- Press Release for the *Ready to Work Manufacturing Program*

Commissioners' Regular Meeting

A regular meeting of the Fairfield County Board of Commissioners was held on Tuesday, May 11, 2021 beginning at 9:42 a.m. Commissioner Levacy called the meeting to order with the following Commissioners present: Jeff Fix, Steve Davis, and Dave Levacy. Also present were Carri Brown, Staci Knisley, Jon Kochis, Amy Brown-Thompson, Tom Lininger, Aundrea Cordle, Jeff Porter, Audrey Stoffel, Margaret Euler, Judy Stemen, Ray Stemen, Joe Ebel, Ed Laramee, Terry Horn, and Sheriff Lape.

Attending virtually were: Jennifer Dickerson, Dennis Keller, Jon Slater Jr., Nikki Drake, Tony Vogel, Chris Wagner, Lisa McKenzie, Jeff Camechis, Kelly Turben, Jason Dolin, Josh Horacek, Jonett Haberfield, Corey Clark, Dave Burgei, Jim Bahnsen, David Miller, Jeff Barron, Tony Howard, Jessica Murphy, Shannon Carter, Britney Lee, James Shaw, and Donna Fox-Moore and other callers.

Announcements

Commissioner Levacy asked if there were any announcements.

**Regular Meeting #20 - 2021
Fairfield County Commissioners' Office
May 11, 2021**

Public Comment

Commissioner Levacy asked if anyone from the public who would like to speak or offer comments. He stated this is a time for voters and taxpayers (members of the public) to provide comments.

Audrey Stoffel who lives near Bremen, Ohio, reported upon events and deaths due to vaccinations. She believes manufacturers should be confident in their vaccines before governments publicize increasing vaccination rates. She appreciates the Board of Commissioners taking the time to listen to her concerns.

Judy Stemen provided information from various articles relating to vaccines. See attached to minutes. Ray Stemen also read information relating to vaccines. See attached to minutes.

Margaret Euler spoke about her time volunteering for the Board of Elections. She stated she had someone back away from her because she had not had her vaccine. She commented on her observation during the (NFL) draft. She urged elected officials to uphold constitutional freedoms and to not encourage injections. She appreciated the Board of Commissioners for sharing their time. She wants freedoms back and wants to support small businesses.

During the comment period, Commissioner Davis reminded the public to address comments to the Board of Commissioner not to the public during this time.

Terry Horn with the Walnut Township Trustees announced that Walnut Township has adopted a property maintenance code. They have received good cooperation with property owners. He thanked the Prosecutor's Office for their work and thanked the Board of Commissioners for promoting the concept. He would like to see the county develop a residential building code.

Voting aye thereon: Jeff Fix, Steve Davis, and Dave Levacy

The next Regular Meeting is scheduled for Thursday, May 13, 2021 at 10:00 a.m.

Additional Review – Appreciation of Fairfield County Employees

Commissioner Fix stated that he appreciates how the employees acted a year ago when their health insurance premiums were increased from 15% to 20%. It was hard to make that decision, and their responses were supportive overall.

Commissioner Davis added that during that time of the pandemic, the county thought their revenues would be impacted. He supports the motion to bring the employee percentage back to 15% regardless of the court decision or appeal.

Commissioner Levacy asked that Human Resources communicate how appreciative the Board of Commissioners are to employees.

Dr. Brown added Human Resources is pursuing an effort for credit monitoring and that might be communicated, too. This is being pursued to support employees who have had fraudulent unemployment claims filed in their name.

Commissioner Davis commented that unfortunately he and multiple employees have been a victims of fraudulent unemployment claims.

******* *A top microbiologist and vaccine expert with 30 years' experience in toxicology told the CDC they need to STOP all COVID shots immediately.*

The CDC limited presenters to only three minutes, but we have the full written statement Dr. Lindsay submitted. Read on to see what the CDC refuses to tell you. — Mat

Dr. Janci Chunn Lindsay holds a doctorate in biochemistry and molecular biology from the University of Texas. She has over **30 years of scientific experience focused primarily on toxicology and mechanistic biology.**

She also **worked on a vaccine in the 1990s** that wound up destroying ovaries and causing permanent sterility. Despite all best efforts, Lindsay says, the statistical models failed to predict such an outcome. **Only through thorough long-term safety testing and trial do such issues come to light.** But the COVID shots have not had the years of testing necessary to ensure the shots are safe both in the long and short term.

4/12

She knows the COVID shots skipped the years of testing necessary to identify potential side effects like she uncovered in her earlier vaccine work.

When Dr. Lindsay began seeing a drastic rise in COVID vaccine injuries, she knew there was a problem, and she began her own research.

"I strongly feel that all the gene therapy [COVID] vaccines must be halted immediately due to safety concerns on several fronts," Dr. Lindsay said in addressing the CDC on April 23, 2021.

Dr. Lindsay presented her findings to the CDC's Advisory Committee on Immunization Practices at its **April 23 Atlanta meeting on COVID**.

According to the scientific data, Dr. **Lindsay gave three reasons why** all the shots should be immediately halted: **(1)** infertility and reproductive problems, **(2)** blood clots and **(3)** immune escape resulting in *more* contagious outcomes.

Dem governor offers 'shot and a beer' program to encourage vaccinations

By Dillon Burroughs, The Western Journal

Published May 3, 2021 at 5:03pm

New Jersey has launched its new "Shot and a Beer" program as a way of encouraging Garden State residents 21 and older to get vaccinated against COVID-19.

Democratic Gov. Phil Murphy announced the effort during a news conference Monday.

*****Self-replicating covid vaccine technology began as race-specific depopulation bioweapons under Apartheid**

Bombshell story synopsis: Research on race-specific, self-replicating (self-spreading), weaponized vaccines was being conducted by doctors and scientists under the Apartheid regime in the 1990s, with the goal of causing self-spreading infertility and deaths among Blacks.

- This same research continues today, predominantly in the United States, funded by DARPA and the Gates Foundation.
- The technology, known as "self-replicating vaccines," spreads through the population like a virus, causing the spread of infertility and death.
- This same technology is now believed to be behind covid-19 vaccines, which are transmitting harmful spike proteins to the unvaccinated, causing widespread bleeding, bruising, blood clots and other harmful effects, even in the unvaccinated.
- Proponents of self-replicating vaccine technology are self-avowed depopulation advocates who wish to exterminate most of the human beings living today.

I have the full, bombshell story for you today in three podcasts (short, medium and long lengths, your choice).

Are people finally beginning to wake up about the falseness of mask mandates and lockdowns?

This has all been a game, a game of power and control. There is no worry about your health as you don't even matter. This is all about controlling the Sheeple. Mask mandates came about, and most people were only too eager to obey. If you don't wear one, you are scum, a criminal, a Nazi. One problem, masks don't work.....

3800 reported deaths from COVID vaccines would skyrocket when you estimated the true figure.

We’re not talking about a modest increase in death reports, something we might chat about in concerned voices over Chai tea and bagels at a company mixer. We’re talking about a **huge and unprecedented increase**—so massive that **in the last 4 months alone**, VAERS has received over 40% of all death reports it has ever received in its entire 30+year history. So massive it’s literally “off the chart.”

10 symptoms showing Americans are becoming Sovietized

- Victor Davis Hanson

- PUBLISHED: May 7, 2021 at 4:30 a.m. | UPDATED: May 7, 2021 at 5:03 a.m.

Is America becoming more and more like the Kremlin with every passing day?

What ultimately ended the nihilist Soviet system?

Here are 10 symptoms of Sovietism. Ask yourself whether we are headed down this same road to perdition.

1. There was no escape from ideological indoctrination — anywhere. A job in the bureaucracy or a military assignment hinged not so much on merit, expertise or past achievement. What mattered was loud enthusiasm for the Soviet system. Wokeness is becoming our new Soviet-like state religion. Careerists assert that America was always and still is a systemically racist country, without ever producing proof or a sustained argument.

2. The Soviets fused their press with the government. Pravda, or "Truth," was the official megaphone of state-sanctioned lies. Journalists simply regurgitated the talking points of their Communist Party partners. In 2017, a Harvard study found that over 90% of the major TV news networks' coverage of the Trump administration's first 100 days was negative.

3. The Soviet surveillance state enlisted apparatchiks and lackeys to ferret out ideological dissidents. Recently, we learned that the Department of Defense is reviewing its rosters to spot extremist sentiments. The U.S. Postal Service recently admitted it uses tracking programs to monitor the social media postings of Americans.

4. The Soviet educational system sought not to enlighten but to indoctrinate young minds in proper government-approved thought. Currently, cash-strapped universities nationwide are hiring thousands of diversity, equity and inclusion staffers and administrators. Their chief task is to scan the admissions, hiring, curriculum and administration at universities. Like good commissars, our diversity czars oversee compliance with the official narrative that a flawed America must confess, apologize for and renounce its evil foundations.

5. The Soviet Union was run by a pampered elite, exempt from the ramifications of their own radical ideologies.

Now, woke Silicon Valley billionaires talk socialistically but live royally. Coke and Delta Airlines CEOs who hector Americans about their illiberality make millions of dollars a year.

What unites current woke activists such as Oprah Winfrey, LeBron James Mark Zuckerberg and the Obamas are their huge estates and their multimillion-dollar wealth.

6. The Soviets mastered Trotskyization, or the away of **rewriting and airbrushing history to fabricate** present reality. Are Americans any different when they indulge in a frenzy of name-changing, statue-toppling, monument-defacing, book-banning and cancel-culturing?
7. The Soviets created a climate of fear and rewarded stool pigeons for rooting out all potential enemies of the people. Since when did Americans encourage co-workers to turn in others for an ill-considered word in a private conversation? Why do thousands now scour the internet to find any past incorrect expression of a rival?
8. Soviet prosecutors and courts were weaponized according to ideology. In America, where and for what reason you riot determines whether you face any legal consequences. Politically correct **sanctuary cities** defy the law with impunity. The CIA and FBI are becoming as ideological as the old KGB.
9. The Soviets doled out prizes on the basis of correct Soviet thought. In modern America, the Pulitzer Prizes and the Emmys, Grammys, Tonys and Oscars don't necessarily reflect the year's best work, but **often** the most politically correct work from the **most woke**.
10. The Soviets offered no apologies for extinguishing freedom. Instead, **they boasted** that they were advocates for equity, champions of the underclass, enemies of privilege — **and therefore could terminate** anyone or anything they pleased. Our wokists are similarly defending their thought-control efforts, forced re-education sessions, scripted confessionals, mandatory apologies and cancel culture **on the pretense that we need long-overdue "fundamental transformation."**

So if they destroy people in the name of equity, their nihilism is justified.
