Review Meeting

The Commissioners met at 9:00 a.m. in the Commissioners' Hearing Room located at 210 E. Main Street, Lancaster, OH. Commissioner Davis called the meeting to order, and the following Commissioners were present: Jeff Fix, Dave Levacy, and Steve Davis. Also present: Aundrea Cordle, Jeff Porter, Rochelle Menningen, Bennett Niceswanger, Dr. Carri Brown, Lisa McKenzie, Bart Hampson, Corey Clark, Jon Kochis, Tony Vogel, Darryll Wolnik, Marcy Fields, Amberly Hannum, Evan Murray, Steven Darnell, Dan Neeley, Lisa McKenzie, Adam Sedlacko, Jason Grubb, Joseph Bennett, Elyssa Wanosik, Michael Kaper, Marty Norris, Judy Stemen, Ray Stemen, Rick Szabrak, Josh Crawford, Melissa Connor, Kate Smiley, Jason Crabill, Andrew Murray, Francis Martin, Frank Uhl, II, Kerry Dreyer, and Pauline Whited.

Attending virtually: Jeanie Wears, Joe Ebel, Connie Vargo, Evan Martin, Jessica Murphy, Lori Hawk, Jeff Barron, Shelby Hunt, DF, Tiffany Murphy, Josh Grossman, Sara Madenwald, Britney Lee, Ashley Arter, Nikki Drake, Park, Tony Howard, Lynette Barnhart, Duane Wilde, Amy Brown-Thompson, Becky, and Greg Forquer.

Welcome

Commissioner Davis opened the meeting by welcoming everyone in attendance.

Introduction of Interns

Deputy Director of HR, Abby Watson, introduced Kalief Covington, Bridget Hodgson, and Isabelle Trink, the new MORPC interns. Each intern stated their field of study and the University they attend.

Fairfield Leadership Graduates

County Administrator, Aundrea Cordle, recognized the county employees who recently graduated from the Fairfield Leadership program through the Lancaster-Fairfield Chamber of Commerce.

Cheryl Barber from the Lancaster-Fairfield Chamber of Commerce thanked the County for sending employees through the program, and also thanked the Work Force Center for hosting the classes.

Commissioner Davis welcomed Ms. Barber and congratulated the participants.

Listen & Learn – Decorative Arts Center of Ohio

Jason Crabill and Kate Smiley from the Decorative Arts Center of Ohio (DACO) spoke about the Center's funding and events. They provided that DACO is housed in a building that is owned by the county.

Mr. Crabill stated that DACO connected third graders to art through classes and summer camps, and that the Center is piloting a program with Ohio University. He spoke about a gala which included a fashion show and an upcoming fine arts exhibit. He stated that DACO events bring people to the community from Columbus and beyond.

Ms. Smiley, who is on the DACO board, thanked the Commissioners for asking them to speak, and added that Mr. Crabill does a fantastic job advocating for the Center.

Regular Meeting #20 - 2023
Fairfield County Commissioners' Office
May 16, 2023

Mr. Crabill and Ms. Smiley offered an invitation for the Commissioners to visit DACO, and Commissioner Davis accepted on behalf of the Commission.

ADAMH/LSS ARP Housing Update

Marcy Fields with ADAMH and Kerry Dreyer with Lutheran Social Services (LSS) provided a presentation on programming projects and on ARP housing. A PowerPoint with the information and property renderings was provided and is available in the minutes.

Commissioner Davis expressed his concern for the ARP housing project and homelessness in the community.

Ms. Fields spoke about the timeline of the Venture Place, Fairfield Center of Hope, and LSS Homeless Shelter projects. She spoke about the projects' goals, components, and benefits; and provided information on homelessness outreach and prevention. She stated Venture Place would add twenty-four apartments to the community and that seven beds would be added to the LSS shelter.

Administrator Cordle added that the shelter would now have day programming for shelter residents.

Commissioner Davis spoke about the Board of Commissioners' concerns about increased homelessness.

Ms. Dreyer stated that she believed homeless numbers have increased and spoke about the increased numbers asking for food. She added that she is surprised at the increased number of homeless camps.

Commissioner Levacy asked Ms. Fields about the metrics that lead to homelessness.

Ms. Fields spoke briefly about mental health and stated that ADAMH has a program where 60% of those working with ADAMH, with mental health issues, are finding employment.

Administrator Cordle stated that the location of the apartment building will add places for employment.

Ms. Fields stated that the Fairfield Center of Hope has two buses that transport individuals to grocery stores.

Commissioner Fix stated his deep appreciation for the steps and strides being made by the agencies.

Airport Bond Discussion

Michael Burns from Baird attended the meeting virtually and spoke about funding mechanisms for the airport projects.

Commissioner Davis asked about the accounting of airport revenue and expenses.

EMA and Facilities Director, Jon Kochis, spoke about projected and current airport revenue streams.

Airport Clerk, Staci Knisley provided that the new hangar rental fees would go into the debt service fund.

Regular Meeting #20 - 2023
Fairfield County Commissioners' Office
May 16, 2023

Auditor Brown added that other revenue could be considered as well.

Commissioner Davis stated that the Commission has historically wanted to be helpful to the airport with the airport maintaining a level of self-sufficiency.

Ms. Knisley stated that if the old hangar rental fees were directed to the General Fund for repayment of the new hangars, the airport would not be self-sufficient.

Joshua Grossman with Dinsmore reiterated that the bond would be a general obligation backed bond and would be full faith and credit pledge backed by the county.

Commissioner Fix provided his support of the airport and desire to get the hangar project completed.

Commissioner Davis asked Mr. Kochis and Ms. Knisley to keep the Commissioners informed regarding the project status and revenues and expenses.

Public Comment

Ray Stemen of Lancaster spoke about the country's border security and offered a prayer.

Judy Stemen of Lancaster provided COVID-19 internet headlines and a handout that is available in the minutes.

Frank Uhl stated he works for the Operating Engineers' Union and added that he is in favor of solar energy. He stated that there are many false statements regarding solar energy

Pauline Whited from Thurston spoke in opposition to solar energy projects.

David and Kathy Mowry - Fairfield County

David "Dee" and Kathy Mowry are inspirational to many who know them. They show genuine dedication through their volunteer work.

Dee is a Professor Emeritus at Ohio University, where he taught courses in biological science for 53 years. He currently teaches independent studies. Throughout his career, he received many awards and honors for being an exceptional teacher. Dee is known across Ohio as a leader in biological sciences.

Dee is a past board member and past president of the Fairfield County Visitor and Convention Bureau; past president of the Lancaster Kiwanis Club; a 60-year member and Past Potentate of the Aladdin Shrine, Grove City; and Past Master of the Bremen Masonic Lodge #608, where he has been a member for more than 60 years.

Dee serves on the PNC Bank grants advisory board, which reviews applications and awards grant money. He is a volunteer on the Bioethics and Medical Ethics committee of the Fairfield Medical Center and Fairhope Hospice and Palliative Care, Inc. He serves as president of the Aladdin Shriners Hospital Association for Children in Columbus. In this role, he oversees a multi-million-dollar budget that aids children

with specific medical conditions and provides financial support for fire departments, health departments, hospitals, and local schools in 33 counties.

Dee is a founding member and former president of both the Fairfield County Foundation and the Fairfield Medical Center Foundation; a former board member and chair of Fairfield Medical Center's Finance and Audit committee; and has held offices in the Fairfield County Chamber of Commerce and the Bremen Area Chamber of Commerce. He was honored with the Outstanding Community Service Award by the Village of Bremen for helping establish a medical service office in the village.

In 2006, Kathy became the first woman elected judge in Fairfield County. She served as judge of the Domestic Relations Division of Fairfield County's Court of Common Pleas until retiring in 2011.

Kathy continues her membership in the Ohio State Bar Association and the Fairfield County Bar Association, where she previously served as president. She is a former member of the Ohio State Legal Services Board and Ohio Judicial Conference.

Kathy provided substantial pro bono legal services throughout the community, including the Bremen Area Chamber of Commerce and the Bremen Masonic Lodge #608. As a member of the Ohio State Legal Services Board, she was instrumental in establishing the Fairfield County Pro Bono Clinic, where she served as a volunteer.

From 2016 to 2020, she served as Treasurer of Bremen Area Historical Society, where she led a successful fundraising and membership drive, organized free community programs, and released eight newsletters per year. She chaired the original museum fundraising and construction.

Kathy received the Dr. Lewis Urling Statesman Award from the Fairfield County Republican Party and the Statewide Attorney of the Year Award from the Ohio Child Support Enforcement Agency Directors' Association.

The Mowrys are elders and members of Bremen-Bethel Presbyterian Church. They volunteer for and are members of the church's scholarship fund review committee. Additionally, Dee serves as the church's Clerk of Session and Kathy is the treasurer. Kathy organized the church's "Breakfast to Go Program," which provides free breakfasts for Bremen Elementary School students to take home on the week-ends. Kathy served as the program chair from 2013 to 2021. During that time the program provided approximately 43,000 breakfast bags. To date, an estimated \$80,000 worth of food has been distributed. As the program chair, Kathy acquired \$34,500 in grants and was honored as a "Friend of Public Education" by the Central District of Ohio School Boards Association.

Married nearly 48 years, the Mowrys have two children and four grandchildren. They are avid travelers and have been on all seven continents. Kathy enjoys gardening, reading, and spending time with her grandchildren. Dee is known for his great sense of humor and ability to make people laugh and smile.

Date: May 11, 2023
Subjects: Update re: The Hunters Run Conservancy District; Supervisory Support & Training; and Electronic Conveyance Statements

The Hunter's Run Conservancy District

The Hunter's Run Conservancy District is a separate political subdivision of the state. HRCD was created in response to flooding in the Hunter's Run and Upper Hocking Watershed, with the last flood occurring in 1948. There is a case for reinvesting in the HRCD mission, which is to maintain multiple dams and reduce the effect of flooding in the District. The Commissioners have contracted on behalf of the HRCD in the past to be supportive of their efforts and have provided ARPA funding to create professional economic studies and evaluations in support of the HRCD reassessment. ***In May, members of the County Auditor's Office met with HRCD Board President, Lindel Jackson, to outline steps relative to the reassessment that the HRCD is pursuing.*** Follow up steps are:

1. The Geographical Information Systems department will provide an electronic file with parcel, name, address, current assessment (y or no) and additional zone information (using historical maps) to the HRCD. This type of file will be sent annually to support the HRCD in its analyses.
2. The County Auditor's Office is supporting the HRCD in its preparation of a fact sheet. The fact sheet will be used to provide information about the special assessment and to provide contact information for those who want to be in touch with the HRCD to ask questions about the HRCD mission or use of public funds. The County Auditor is not the chief financial officer for the HRCD.
3. Linden Jackson, HRCD Board President, and other HRCD Board members and staff will collaborate with contracted consultants to prepare the details of the assessment desired by HRCD. (They will have their district resolution process and the Common Pleas Court approval to obtain prior to the second Monday in September.) The contingency plan is to maintain the current assessment if the details are not available in time for the codified deadlines.
4. The HRCD will work on a communication plan relating to the assessment and its purpose. Public meetings are envisioned.

Supervisory Support & Training

Supervisor support is defined as the extent to which leaders value their employees' contributions and care about their well-being. A leader with high supervisor support is one that makes employees feel heard, valued, and cared about. In an ongoing weekly survey of employees to determine the types of supervisory support needed or desired, training has been a top response. ***Technical training has been offered to all staff members, and the May 23 Leadership Conference training has been opened to management levels to provide a new opportunity for these team members.***

Electronic Conveyance Statements

Whenever real property or a manufactured or mobile home is transferred, the grantee is required to file a statement with the County Auditor attesting to the property's value and acknowledging that certain information related to the property's eligibility for the homestead exemption or current agricultural use valuation (CAUV) status has been considered as part of the transfer. With HB 33, continuing law requires the grantee to file three copies of this statement, but the bill alternatively allows a grantee to submit a single copy of the statement electronically. ***In Fairfield County, approximately 75% of all conveyance forms are now filed electronically, more than a year ahead of the potential state mandate.***

Information on Reporting a Dumper, accepted materials, curbside recycling, residential sites, tire and electronic collection events was shared on social media and made available at the Recycling Center and displays
	Create outreach for under-represented populations	At least one educational campaign targeting non-mainstream populations to help them participate in recycling, including material to apartment dwellers/managers	Two radio interviews occurred on WLRY discussing accepted materials, HHW, waste identification, Tire Collection Event and Seeds of Change. Two advertisements placed in Lancaster Gazette newspaper and Fairfield Towne Crier advertising the Tire Collection Day. Facebook updated 11 times with information on accepted materials, illegal dumping, and events. Instagram updated 11 times with information on accepted materials and events. Website updated with latest events and changes.
Schools/youth	Update school activities and presentations to meet instructional standards	billboard contest, center tours, educator workshops, presentations and educational videos teach to standards	OALPRP scholarship opportunity sent to high school teachers & guidance counselors, as well as posted to social media. In addition to the Third Grade Billboard Contest, 17 schools with 1,422 students received presentations discussing accepted materials, waste identification, pollution, landfills, etc.
	Link classroom education with actual recycling opportunities	Incorporate actual recycling activity into school programs and Earth Camp and Planet Protector camp; teen volunteers	15 schools participated in the Billboard Contest Presentations with 1,250 Third Grades students receiving a presentation. Information on recycling, landfills, accepted materials and Earth Day followed ODE's standards and was presented. 1 tour of the MRF (17 students and 10 adults) followed presentation about recycling and accepted materials. 1 presentation occurred on establishing/improving school recycling program with 17 students.
	Provide technical assistance in setting up school recycling programs	Working cooperatively, develop "best practices" guide to beginning and maintaining a school recycling program and distribute to all schools	68 teen volunteers assisted in educational activities such as Earth Day Packets, Shrinky Dinks, etc. for a total of 80.5 hours. The Recycling Center is a residential drop off site for Plastic Bottle Caps for Benches Project.
Businesses	Maximize communication with commercial businesses and highlight successes	Offer waste evaluations and link businesses with private recyclers; publicize efforts through quarterly newsletters, facebook posts and newspapers	Quarterly newsletter with business focus e-mailed to county businesses
	Provide technical support to start up recycling businesses	Create a "how to start a recycling business" manual to guide entrepreneurs through the process of starting a business and distribute to local trade associations and vocational schools	Lancaster Greenhouse was recognized on social media for their recycling efforts.
	Provide information to businesses on recycling service providers and opportunities	Training employees of local govt offices to participate in office recycling programs and increase the number of offices participating	Business newsletter offered information on waste audit services, hazardous waste disposal, electronics, florescent light bulbs, adopting a road, accepted materials and youth organization's bottle cap collection project. Assisted businesses by phone and emails for waste disposal.
Political Leaders	Maintain relationship with business/trade organizations	Recycling containers at chamber events and participate in chamber events to increase communication with local businesses	Latest Business and Industry newsletter was emailed to the Lancaster Chamber of Commerce and published on their website.
	Provide technical support and encouragement to community recycling efforts	Communicate with all township and village offices at least once with updated contact information, summary of assistance available and invitation to put a link of community websites to the county recycling office; Promote and publicize community events, loan recycling containers, help start new twp or village recycling programs, emails to townships quarterly; promote village curbside programs	Townships and host sites were contacted with previous quarter's recycling statistics in their jurisdiction and received information on tire recycling and e-waste events.
	Participation in community events to promote recycling	Recycling displays at events, supplies and promotion for recycling collection events	Radio interviews (3) on WLRY discussed residential recycling, HHW, and resources. Instagram shared information on township's e-waste recycling collection, tire recycling event, and drug disposal.
Industries	Provide information on recycling service providers and opportunities	At least two industry roundtables via zoom with topics tailored to county manufacturers; expand and improve the market database and share with county industries	One organization received supplies for Adopt-A-Road program. One display at local science fair containing information about events, accepted material, etc.
	Provide information on recycling service providers and opportunities	Offer waste evaluations and help starting or expanding a recycling program	101 industries received the Business and Industry newsletter (79 mailed, 22 emailed).
	Maximize communication with industries	Visits, phone calls, and at least one newsletter that reaches all county manufacturers	Business & Industry newsletter offered information on waste audit services, hazardous waste disposal, electronics, florescent light bulbs, adopting a road, accepted materials and youth organization's bottle cap collection project. RE: Notice of Three Class I Modifications to RCRA Permit Renewal Application, Cirba Solutions US, Inc., Formerly Retrie Technologies, Inc., Lancaster, Ohio, OHD071654958

You are receiving this letter as required by Ohio EPA and U.S. EPA regulations.

This letter is intended to provide notice [in accordance with OAC 3745-50-51(D)(1)(a)(ii)] of a Class I RCRA Permit modification submitted to Ohio EPA on April 7, 2023. The purpose of the modification was to provide additional updates related to the facility name change that occurred on December 19, 2022 and updates related to personnel changes/contacts. Changed pages to the RCRA Permit application consisted of a revision log, Part A pages (Appendix F: Forms 9029 and Form 2050, Figures 1 and 2, Photos) and Part B pages (certification statement; Appendix B: Quick Reference Guide text and figures; and Appendix B: Table 2-1).

This letter is intended to provide notice [in accordance with OAC 3745-50-51(D)(1)(a)(ii)] of a Class I RCRA Permit modification submitted to Ohio EPA on April 14, 2023. The purpose of the modification was to provide the annual updates to the closure cost estimate and financial assurance documents, as well as reflect the December 19, 2022 name change in the financial assurance documents. Changed pages to the RCRA Permit application consisted of a revision log, Part B pages (Appendix E: closure cost estimate, new recycling contingency agreements, copy of proof of financial assurance, and copy of proof of liability insurance). As part of this modification, financial assurance documents were also directly submitted from the bank to Ohio EPA.

This letter is intended to provide notice [in accordance with 40 CFR 270.42(a)(1)(ii)] of a Class I RCRA Permit modification submitted to U.S. EPA on April 14, 2023. The purpose of the modification was to provide the changed pages related to the December 19, 2022 name change that were previously submitted to Ohio EPA, as well as provide an Errata Sheet to reflect the name change that is specific to the Federal RCRA Permit and application addendum. Changed pages to the RCRA Permit application consisted of Part A pages (Appendix F: Forms 9029 and Form 2050, Figures 1 and 2, Photos) and Part B pages (Ohio Errata Sheet; and certification statement).

COVID-19 Public Health Emergency (PHE) Ends

5/12/23 FAIRFIELD COUNTY, OHIO —

The U.S. Department of Health and Human Services declared an official end to the COVID-19 Public Health Emergency on May 11, 2023.

"Because COVID-19 cases in Fairfield County, and across the state, have stabilized to low levels, the health department will transition to monthly reporting, instead of weekly," said Health Commissioner Joe Ebel. "Cases, hospitalizations, and deaths will continue to be monitored on our COVID-19 data dashboard and you can continue to view updates on our website at fairfieldhealth.org."

In addition to monthly monitoring, FHCD will also continue to provide free COVID education, home test kits, and bivalent vaccines to individuals, families, and businesses across the county.

"We want to ensure we keep the numbers low and that people are as healthy as they can be so we're encouraging people to now treat COVID like the flu. If you're experiencing symptoms or feeling sick, use a home test to rule out COVID and contact your primary care provider if it comes back positive" said FCHD nursing director, Stephanie Fyffe.

Any Fairfield County resident can come to the health department during regular business hours and receive up to six (6) free home testing kits. To schedule an appointment for a vaccine, call [740.652.2800](tel:740.652.2800).

WHAT TO DO NOW THAT THE PHE IS OVER?

Continue to Wash Your Hands Regularly.
Monitor Any Symptoms.
Use Home Test Kits to Rule Out COVID-19
and contact the health department or your
health care provider with questions.

Respectfully Request Your Attention,

I have been a Fairfield Resident since 2002, I chose to buy a house and raise my two sons in the quiet country life that I grew up in. My husband and I plan to retire in our home. We have seriously been reconsidering this choice of continuing to live here with this type of project in our backyard. The projects I am referring to are the solar panels that are being projected in our village and county.

Here are a short list of my concerns:

-
-
- Environmental damage of land, soil, drainage
- and erosion issues, vegetation and deforestation of the area
-
-
-
- Mental and physical health and safety of the
- humans
-
-
-
- Impact of the property valuations that would
- be neighboring the solar panels
-
-
-
- Health, safety or the domestic, livestock, wildlife
- and aquatic life
-
-
-
- Land concerns of above and underground construction

Farmlands

Ruby Whetherholt

Please do not allow our farm lands to be turned into solar fields. There are better places to put solar panels than using our good soil. Use building routes, sides of buildings, reclaimed mined lands that can't produce crops. Please give our opinion to the government

I am writing in regards to the proposed Solar Panel farms in Walnut Township.

I can't understand why you would even consider this proposal.

Our Township is beautiful. A place where people want to settle and raise their families. If this proposal goes through you will have families leaving instead of growing our township. You were elected to represent the people. Not greedy, money hungry people with no respect for our Township.

If you can honestly say you would like to look ~~out~~ your front door or back door to see row after row of Solar panels then you should make that known to the people who elected you. Do you want to raise your Children and grandchildren next door to the unknown effects of Solar panels? If so you should let the people know who elected you.

Please consider this very carefully. This will effect a lot of people. Hear the peoples voices. Attached is a list of Concerns. Please Consider Carefully.

Respectfully
Dore J. Claize
Concerned Citizen of
Walnut Township

WE HAVE A LONG LIST OF CONCERNS:

- mental and physical health and safety to humans
- quality of surface water, ground water, including aquifers, any water source used for public consumption or recreation
- land, soil, including drainage and erosion issues, vegetation and other environmental concerns, including deforestation of the area
- health and safety of domestic animals, livestock, wildlife, and aquatic life
- hazards and effects of above ground and underground construction materials, including materials degrading, noise and light pollution, fire, chemical contamination, ability of panels to withstand our weather, electromagnetic field radiation, glint and glare, leaching of toxins, and visual buffering deficiencies of a solar array
- damage to our road and bridge infrastructure
- impact of such projects on property valuations

Relative to the solar panel debate,
Please think long and hard about
agreeing to destroy farm land
with an industry that has not been
proven environmentally safe, or
equitable to the overall economy
of our township, county or state.

Respectfully Request Your Attention,

I have been a Walnut TWP/Fairfield Resident since 2002, I chose to buy a house and raise my two sons in the quiet country life that I grew up in. My wife and I plan to retire in our home. We have seriously been reconsidering this choice of continuing to live here with this type of project in our backyard. The projects I am referring to are the solar panels that are being projected in our village and county.

Here are a short list of my concerns:

- ❖ Environmental damage of land, soil, drainage and erosion issues, vegetation and deforestation of the area
- ❖ Mental and physical health and safety of the humans
- ❖ Impact of the property valuations that would be neighboring the solar panels
- ❖ Health, safety or the domestic, livestock, wildlife and aquatic life
- ❖ Land concerns of above and underground construction materials
- ❖ Including materials degrading
- ❖ Noise pollution
- ❖ Light pollution
- ❖ Dust pollution
- ❖ Fire/chemical contamination
- ❖ Ability of the panels to withstand our weather conditions
- ❖ Electromagnetic field radiation
- ❖ Glint/glare

- ❖ Visually how would it look in the neighborhood
- ❖ Damage to our road infrastructure
- ❖ Diminishing our food supply

I'm opposed to the installation of
solar panels on farmland in
Fairfield County - This would be
detrimental to the safety of humans,
animals, livestock, etc - it would also
cause damage to roads & bridges -
and negatively impact property values

• Room and Board at The Creed of Recovery	<u>\$ 40,000 annually</u>
Total ADAMH supported Housing and Homelessness:	\$ 652,084 annually

Housing & Homeless Prevention Project Goals

- Reduce homelessness and the risk of homelessness
- Increase access to affordable housing/supported housing
- Increase services to affordable/supported housing residents
- Increase the # of shelter beds & winter flex shelter beds
- Increase supportive daytime programming for clients in shelter beds
- Increase the quality of housing available to veterans
- Improve quality and accessibility of Peer Operated Services

Project Components

1. Build and manage an Affordable Housing Apartment Building with built-in support for persons with behavioral health challenges who are homeless or at risk of homelessness. Plan for 24 one-bedroom apartments at Venture Place.
2. Build a new building on same property for Fairfield Center of Hope, moving them from 1665 E Main st.
3. Renovate 1665 E. Main Street (FCOH old building) for LSS Homeless Shelter for additional beds and program space.
4. Renovate old shelter space at Fairhaven Place, 1681 E. Main Street for Veterans' Housing, increased apartments.

Project Benefits

1. Venture Place will add 24 apartments to our community. There will be on site, wrap around support for residents. Embedded staff on location 24/7 as well as Behavioral Health agencies coming on site to provide services.
2. Fairfield Center of Hope to provide programming, support, skill building and activities, right next door.
3. Renovate LSS shelter at 1665 E. Main Street- will create 7 additional shelter beds and programming space for shelter residents during the day.
4. Renovate Fairhaven Place for Veterans' Housing, will add 3 apartments.

Homeless Outreach

ADAMH is funding Homeless outreach now at LSS. The purpose is to:

- Find the people currently unhoused and unsheltered.
- Build relationships with the homeless people in our community, especially those not using homeless shelters.
- Begin to gather information on what this population needs to be housed. What are their barriers? Fears? Concerns? Needs?
- Link them to services and resources available now, build a referral base for Venture Place when it is opened.

Regular Meeting #19 - 2023
Fairfield County Commissioners' Office
May 9, 2023

Review Meeting

The Commissioners met at 9:00 a.m. in the Commissioners' Hearing Room located at 210 E. Main Street, Lancaster, OH. Commissioner Davis called the meeting to order, and the following Commissioners were present: Dave Levacy, Jeff Fix, and Steve Davis. Also present: Aundrea Cordle, Jeff Porter, Rochelle Menningen, Bennett Niceswanger, Bart Hampson, Corey Clark, Dan Neeley, Jon Kochis, Rick Szabrak, Tony Vogel, Steven Darnell, Dr. Carri Brown, James Bahnsen, Jason Grubb, Raz Sabaiduc, Stephanie Taylor, Randall Hunt, Marty Norris, Clinton Davis, Judy Stemen, Ray Stemen, Sherry Pymer, Betty Elder, Frank Uhl, Paris Walker, Yancy Shaw, Andrew Murray, Erskine McGhee, and Kim Elder.

Attending virtually: Jeanie Wears, Lisa McKenzie, Shelby Hunt, Greg Forquer, Becky, Lori Hawk, Barb Martin, Jessica Murphy, Sara Madenwald, Jonathan Ferbrache, Lynette Barnhart, Sarah, Michael Kaper, Ashley Arter, Jeff Barron, Toni Ashton, Stacy Hicks, Nikki Drake, Tiffany Murphy, DF, Marcy Fields, Joe Ebel, and Jim Bahnsen.

Welcome

Commissioner Davis opened the meeting by welcoming everyone in attendance.

Listen & Learn

Steven Darnell presented on the topic of community solar. The PowerPoint provided by Mr. Darnell is available in the minutes.

Mr. Darnell explained community solar and spoke about House Bill (H.B.) 450 which pertained to solar projects. H.B. 450 died and was not reintroduced. He explained the difference between community solar projects and small-scale solar facilities and added that small-scale solar is regulated in Ohio. Mr. Darnell also explained Senate Bill (S.B.) 52 which applies to large-scale wind and solar facilities.

Mr. Darnell stated that the only relevant statute to Fairfield County is R.C. 519.213 which regulates small-scale solar in Ohio. He explained that R.C. 519.02 to 519.25 confers power on township trustees and zoning boards and that there is no county-level solution. Mr. Darnell touched on H.B. 501, which regulates small-scale solar in Ohio. He concluded that S.B. 52 allows for local and zoning code control over small-scale solar and wind facilities.

Commissioner Fix asked if local townships were working on their zoning regulations.

Mr. Darnell spoke about townships who have expressed interest and added that two townships in the county do not have any zoning regulations.

The Commissioners thanked Mr. Darnell for his presentation.

Public Comment

Ray Stemen of Lancaster spoke about Robert Sprague, changes to the Ohio Constitution, and that the nation was founded on Christian beliefs and morality.

Sherry Pymer of Walnut Township stated that a packet regarding solar facilities is being prepared for the Commissioners. Ms. Pymer spoke about S.B. 52 and added that it is too late to stop a proposed solar project once it gets to the Ohio Siting Board. She also spoke about solar panels being continually replaced due to technological changes.

Regular Meeting #19 - 2023 – May 9, 2023- 1 -

Regular Meeting #19 - 2023
Fairfield County Commissioners' Office
May 9, 2023

Allen Murphy from the Operating Engineers Local 18 stated his support for the Eastern Cottontail project. He added that he encourages commissioners to support jobs for men and women.

Paris Walker from Canal Winchester also spoke about labor unions and offered his support for solar energy projects.

Judy Stemen of Lancaster spoke about unvaccinated individuals, tracking of individuals, and about vaccinating pregnant women. She also spoke about immunizing children and illegal immigrants.

Stephanie Taylor from Habitat for Humanity of Southeast Ohio thanked the County employees who had helped with the building of a home in Pleasantville.

Commissioner Davis and County Administrator, Aundrea Cordle, both spoke about the employees who had assisted with the home in Pleasantville.

Commissioner Davis thanked Ms. Taylor and her organization, Habitat for Humanity, for their work in the community.

Legal Update

There was no legal update.

County Administration Update

- The County Administration Update was provided by County Administrator, Aundrea Cordle, unless otherwise indicated.

Week in Review

American Rescue Plan Update

From the \$30,606,902.00 received as the first and second tranche of fiscal recovery funds. \$23.7M has been appropriated, \$13.3M expended, \$4.2M encumbered or obligated.

Commissioner Davis spoke briefly about the ADAMH ARP project.

Google Update at Ohio Chamber

On May 3rd Rick Szabrak and County Administrator Cordle attended an event at the Ohio Chamber of Commerce where Google officially announced that they are building a total of three fully operational data centers in Central Ohio with one of those being in Lancaster. The local ABC station covered this story and interviewed Rick Szabrak.

Commissioner Davis asked about the non-disclosure agreement, the timing of the announcement, the number and location of planned data centers, and if the necessity for the new well field at Miller Park was driven by the Google project.

Economic and Workforce Development Director, Rick Szabrak, stated that there would be multiple buildings at the Google location in Lancaster.

Utilities Director, Tony Vogel, stated that the new well field was needed due to multiple new facilities.

Regular Meeting #19 - 2023 – May 9, 2023- 2 -

Regular Meeting #19 - 2023
Fairfield County Commissioners' Office
May 9, 2023

Mr. Szabrak stated that Ohio is desirable for data centers because it is not known for hurricanes, earthquakes, and other catastrophic weather events.

Commissioner Levacy stated that the Google center was a topic at the Governors Workforce Board meeting. He added that other topics included worker shortages and a technology shift in jobs

Commissioner Fix stated that more housing is needed.

Highlights of Resolutions

- Administrator Cordle continued with the Administration Update.

Administrative Approvals

The review packet contains a list of administrative approvals.

Resolution Review

There are 14 resolutions for the voting meeting.

Resolutions of note:

- A resolution to reappoint Dr. Margaret Quamme to the District Library Board.

Budget Review

Commissioner Davis stated that a resolution would soon be on the agenda regarding funding mechanisms for the airport project. He also instructed Bart Hampson, Budget Director, to provide an early projection of 2024 carryover numbers.

Dr. Brown stated that, as reported previously, her office had adjusted for the increased investment income.

Commissioner Davis asked about investment banking associations.

County Treasurer, James Bahnsen, added that Land Bank accounts are with Savings Bank in Lancaster and that investments are also handled with a bank in Circleville.

Regular Meeting #19 - 2023
Fairfield County Commissioners' Office
May 9, 2023

Attending virtually: Tiffany Murphy and Shelby Hunt

Holly Mattei, with Crossroads Community Planning, introduced Darryll Wolnik as the new Regional Planning Commission Director.

Anthony Jones with Hicks Partners provided an update on the Community Development Block Grant (CDBG) Critical Infrastructure Grant (CIG) Program. Mr. Jones introduced members from the Village of Sugar Grove, which had the highest scoring application for the program. Mr. Jones also provided a PowerPoint which is contained in the minutes.

Commissioner Davis asked if any other villages who had submitted applications were invited to the public hearing.

Ms. Mattei stated all the villages were notified of the public hearing and provided that CDBG training was provided in April. She added that the Village of Carroll was not eligible for the grant, and the Village of Pleasantville was the next highest scorer after Sugar Grove.

Commissioner Davis stated he wanted to ensure there were good conversations with all the applicants.

Bobby Fuller with the Village of Sugar Grove provided a summary of the Rocket Way Sanitary Sewer project proposal, which included the main issues, concerns, and project overview. He spoke about the trunk line for the Rocket Way Sanitary Sewer and spoke about health concerns regarding the water supply.

Commissioner Davis asked if there was any feedback on the proposal from Sugar Grove residents.

Mayor Tyson Nye of Sugar Grove stated the village had not held a public meeting specifically for the Rocket Way Sanitary Sewer project.

Sugar Grove Councilman, Jeff Solenbarger, provided that the project was a subject of several talks for nearly two years.

Mr. Jones stated the next step for the Commissioners is to pass a resolution selecting the project they wish to be submitted for CIG funding.

Commissioner Davis stated the Commission looks favorably on the proposal going forward.

Mr. Jones stated they can proceed as soon as a resolution is adopted.

Commissioner Fix asked if Hicks Partners felt good about the application from Sugar Grove.

Mr. Jones confirmed that Hicks Partners felt good about the application.

Ms. Mattei stated that RPC would provide a resolution at the next meeting of the Commissioners.

Administrator Cordle encouraged Hicks Partners to continue working with the other communities.

Mr. Jones provided the next steps in the process and added that Hicks Partners and RPC have been in contact with the state to ensure they are meeting all qualifications.

Resolution No. 2023-05.16.b

A resolution authorizing the approval of a proclamation.

(Fairfield County Commissioners)

This resolution has not yet been voted on.

CERTIFICATE OF CLERK

It is hereby certified that the foregoing is a true and correct transcript of a resolution acted upon by the Board of County Commissioners, Fairfield County, Ohio on the date noted above.

A resolution authorizing the issuance of not to exceed \$3,100,000 of bonds for the purpose of constructing a ten-unit T-hangar and four commercial box hangars to be located at the Fairfield County Airport, Lancaster, Ohio, and matters related thereto.

WHEREAS, this Board of County Commissioners (the "Board") of the County of Fairfield, Ohio (the "County") has previously determined the necessity of constructing a ten-unit T-Hangar and four Commercial Box Hangars all to be located at the Fairfield County Airport, in Lancaster, Ohio (collectively, the "Project"); and

WHEREAS, the County Auditor, as fiscal officer of the County, has heretofore estimated that the life of the improvements and assets comprising the Project is at least five (5) years, and has certified that the maximum maturity of the bonds issued therefor, in accordance with Section 133.20 of the Ohio Revised Code, is forty (40) years; and

WHEREAS, the Board anticipates that debt service on such bonds will be paid from revenues to be received by the Fairfield County Airport Authority or other general revenues of the County (the "Revenues");

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, COUNTY OF FAIRFIELD, STATE OF OHIO:

SECTION 1. That it is necessary to issue and sell bonds of the County in the principal amount of not to exceed \$3,100,000 (the "Bonds") for the purpose of paying part of the costs of the Project, including "financing costs," as defined in Section 133.01 of the Ohio Revised Code, related to the issuance of the Bonds, under authority of and pursuant to the general laws of the State of Ohio, particularly Chapters 133 and 308 of the Ohio Revised Code (the "Act"), related to the issuance of the Bonds.

SECTION 2. That the Bonds shall (i) be issued in a principal amount not to exceed the amount set forth above, for the purpose aforesaid, (ii) be dated, numbered, and of denominations, (iii) mature or be subject to mandatory sinking fund redemption on dates and in amounts, provided that the total principal and interest payments on the Bonds in any fiscal year in which

principal is payable (whether due to maturity or mandatory sinking fund redemption) shall be not more than three times the amount of such payments in any other fiscal year, and provided further that the final maturity of the Bonds shall be not later than December 1, 2063, and (iv) bear interest at a rate or rates payable semi-annually, annually, or otherwise as set forth in the hereinafter defined Certificate of Award, provided that the net interest cost payable by the County over the life of the Bonds shall not exceed seven percent (7%) per annum, all as determined by the County Auditor or County Administrator, acting alone or together, without further action of the Board in a certificate of award (the "Certificate of Award") which determinations shall be conclusive.

Certain or all the Bonds may be designated as "term bonds" in the Certificate of Award, and as such, shall be subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the date of redemption on the dates and in the respective principal amounts as may be set forth in the Certificate of Award.

Certain Bonds or portions thereof shall be subject to redemption prior to maturity at the option of the County, in the manner and on such dates at a redemption price of not more than 102% of the principal amount to be redeemed, plus accrued interest to the date of redemption, or not at all, as may be determined by the County Auditor or County Administrator in the Certificate of Award without further action of the Board.

The Bonds shall be designated "County Airport Improvement Bonds, Series 2023 (Federally Taxable)" or as otherwise provided in the Certificate of Award.

It is hereby determined by the Board that the issuance of the Bonds provided herein, including without limitation, the redemption provisions set forth above, are in the best interests of the County.

A resolution authorizing the issuance of not to exceed \$3,100,000 of bonds for the purpose of constructing a ten-unit T-hangar and four commercial box hangars to be located at the Fairfield County Airport, Lancaster, Ohio, and matters related thereto.

SECTION 3. That the Bonds shall express upon their faces the purpose for which they are issued and that they are issued pursuant to the Act and this resolution. The Bonds shall be in fully registered form without coupons, shall bear the signatures of at least two members of the Board and of the County Auditor (each, an "Authorized Officer"), provided that any or all such signatures may be facsimile signatures, and shall bear the manual authenticating signature of the County Auditor as the paying agent, registrar and transfer agent for the Bonds, or an authorized representative of a bank or trust company designated by the County Auditor or County Administrator in the Certificate of Award without further action of the Board to serve as the paying agent, registrar and transfer agent (the "Paying Agent and Registrar") for the Bonds. The principal of and interest on each Bond shall be payable by the Paying Agent and Registrar to the registered holder thereof, by check or draft mailed by the Paying Agent and Registrar to such holder's address as it appears on the registration records, on the record date (to be set forth in the Certificate of Award), without deduction for exchange, collection, or service charges. Upon the final payment of such Bond, the then registered holder of such bond shall mark such Bond as paid and return the cancelled Bond to the Paying Agent and Registrar.

The Bonds shall be transferable by the registered holder thereof in person or by his attorney duly authorized in writing at the office of the Paying Agent and Registrar upon presentation and surrender thereof to the Paying Agent and Registrar. No such transfer shall be effective until entered upon the registration records maintained by the Paying Agent and Registrar. Upon such transfer, a new bond for the then unpaid principal amount will be issued to the transferee in exchange, therefore.

The County and the Paying Agent and Registrar may deem and treat the registered holders of the Bonds as the absolute owners thereof for all purposes, and neither the County nor the Paying Agent and Registrar shall not be affected by any notice to the contrary.

A resolution authorizing the issuance of not to exceed \$3,100,000 of bonds for the purpose of constructing a ten-unit T-hangar and four commercial box hangars to be located at the Fairfield County Airport, Lancaster, Ohio, and matters related thereto.

SECTION 4. That for the payment of the Bonds and the interest thereon, the full faith, credit, and revenue of the County are hereby irrevocably pledged, and for the purpose of providing the necessary funds to pay the interest on the Bonds promptly when and as the same falls due, and also to provide a fund sufficient to discharge the Bonds at maturity or upon mandatory sinking fund redemption, there shall be and is hereby levied on all the taxable property in the County within applicable limitations, in addition to all other taxes, a direct tax annually during the period the Bonds are to run in an amount sufficient to provide funds to pay interest upon the Bonds as and when the same falls due and also to provide a fund for the discharge of the principal of the Bonds at maturity or upon mandatory sinking fund redemption, which tax shall not be less than the interest and sinking fund tax required by Article XII, Section 11 of the Constitution of Ohio.

Said tax shall be and is hereby ordered computed, certified, levied, and extended upon the tax duplicate and collected by the same officers, in the same manner and while taxes for general purposes for each of said years are certified, levied, extended, and collected. Said tax shall be placed before and in preference to all other items and for the full amount thereof. The Revenues to be applied to debt service on the Bonds and the funds derived from said tax levies hereby required shall be placed in a separate and distinct fund, which shall be irrevocably pledged for the payment of the interest on and the principal of the Bonds when and as the same shall fall due; provided, that in each year to the extent that the Revenues or moneys from other sources are available for the payment of debt service on the Bonds and are appropriated for such purpose, the amount of such tax shall be reduced by the amount of the Revenues or such moneys so available and appropriated.

SECTION 5. That it is hereby determined that all acts, conditions and things necessary to be done precedent to and in the issuance of such Bonds in

A resolution authorizing the issuance of not to exceed \$3,100,000 of bonds for the purpose of constructing a ten-unit T-hangar and four commercial box hangars to be located at the Fairfield County Airport, Lancaster, Ohio, and matters related thereto.

order to make the same legal, valid and binding obligations of the County have been done, have happened and have been performed in regular and due form as required by law, and that such issue of Bonds and the tax for the payment of their principal and interest as the same fall due and are payable do not exceed any limitations of indebtedness or taxation fixed by law. Any actions heretofore taken by the County, its officers, and employees with respect to the issuance and sale of the Bonds are hereby approved, ratified, and confirmed.

SECTION 6. The Bonds shall be sold by the County Auditor or County Administrator, acting alone or together, without further action of this Board to a purchaser or purchasers (the "Purchaser"), as set forth in the Certificate of Award, in accordance with the offer to purchase the Bonds made by the purchaser of the Bonds which the County Auditor or County Administrator is authorized to accept on behalf of the County and without further action of this Board. The proceeds from such sale, except any premium or accrued interest thereon, if any, shall be used for the purpose aforesaid and for no other purpose, which may include any "financing costs" related to the Bonds, as defined in Section 133.01 of the Ohio Revised Code, and for which purpose said proceeds are hereby appropriated. Any premium and accrued interest received by the County from the sale of the Bonds shall be either used to pay such "financing costs" or transferred to the bond retirement fund to be applied as permitted by law, and for which purpose moneys are hereby appropriated.

Such sale shall be evidenced by the execution of the Certificate of Award by the County Auditor or County Administrator setting forth the terms of such sale, the other matters to be set forth therein referred to in this resolution, and such other matters as the County Auditor or County Administrator determines are consistent with this resolution. That the matters contained in the Certificate of Award are consistent with this resolution shall be conclusively evidenced by the execution of the Certificate of Award by such

officer. The Certificate of Award shall be and hereby is incorporated into this resolution.

The County Auditor, County Administrator, each member of the Board and other appropriate officials of the County, are each hereby separately authorized, without further action of this Board, to take any and all actions and to execute such other instruments that may be necessary or appropriate in the opinion of Dinsmore & Shohl LLP, as bond counsel for the Bonds, in order to effect the issuance of the Bonds and the intent of this resolution. The County Auditor, County Administrator, or other appropriate officer of the County shall certify a true transcript of all proceedings had with respect to the issuance of the Bonds, along with such information from the records of the County as is necessary to determine the regularity and validity of the issuance of the Bonds.

SECTION 7. That the interest payable on the Bonds shall be subject to federal income taxation to the same extent as other interest not specifically exempted.

SECTION 8. That at least two members of the Board and the County Auditor or County Administrator are separately hereby authorized, alone or with others, to execute and deliver an agreement with the Paying Agent and Registrar for its services as paying agent, registrar, and transfer agent for the Bonds in such form as such officer may approve, the execution thereof by such officer to be conclusive evidence of such authorization and approval.

SECTION 9. That the law firm of Dinsmore & Shohl LLP be and is hereby retained as bond counsel to the County to prepare the necessary authorization and related closing documents for the issuance, sale and delivery of the Bonds and, if appropriate, rendering its approving legal opinion in connection therewith in accordance with a written agreement with the County which at least two members of the Board and the County Auditor or County Administrator are each hereby separately authorized to execute

and deliver on behalf of the County, as may be approved by such officers. The approval of such changes by such officers, and that the same are not substantially averse to the County, shall be conclusively evidenced by the execution of such agreement by such officers. Such law firm shall be compensated by the County for the above services in accordance with such written agreement.

Robert W. Baird & Co. Incorporated (the "Placement Agent") shall be and is hereby retained as placement agent to the County to render its services as such in accordance with the written agreement, which the County Administrator, County Auditor, or any one or more members of this Board are separately hereby authorized, alone or with others, to execute and deliver on behalf of the County, in such form and substance as may be approved by the person(s) executing the same.

SECTION 10. That the Clerk of the Board is hereby directed to forward a certified copy of this resolution to the County Auditor.

SECTION 11. That it is found and determined that all formal actions of the Board concerning and relating to the adoption of this resolution were adopted in an open meeting of the Board, and that all deliberations of the Board and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Revised Code of Ohio.

SECTION 12. That this resolution shall take effect immediately upon its adoption.

SECTION 13. That the "Certificate of Membership" and "Transcript Certificate" are attached as Exhibit A.

SECTION 14. That the "Certificate as to Maximum Maturity of Bonds" is attached as Exhibit B.

Re: Engagement as Bond Counsel for Not to Exceed \$3,100,000 County Airport Improvement Bonds, Series 2023 (Federally Taxable) (the “Bonds”) of the County of Fairfield, Ohio

You have asked us to act as Bond Counsel with respect to the issuance of the above-captioned Bonds by the County of Fairfield, Ohio (the “Issuer”) and to undertake this engagement pursuant to the terms of this letter. Proceeds of the Bonds are expected to be used to construct a ten-unit T-Hangar and four Commercial Box Hangars all to be located at the Fairfield County Airport, in Lancaster, Ohio. The Bonds are to be secured by the full faith and credit of the Issuer. We further understand that the Bonds will be purchased by a bank or financial institution (the “Purchaser”) for its own investment and not for resale to the investing public, and Robert W. Baird & Co. Incorporated (the “Placement Agent”) will serve as placement agent for this financing. This letter will describe our services, responsibilities and fees.

Scope of Engagement and Duties to Be Performed

As Bond Counsel, one of our chief functions is to render an objective legal opinion with respect to the authorization and issuance of the Bonds. Assuming that no legal impediments to the issuance of the Bonds become apparent, we would contemplate furnishing to the Purchaser our approving legal opinion (“Bond Opinion”) as to the validity and binding effect of the Bonds, the source of payment and security for the Bonds and the exclusion of the interest on the Bonds from gross income for Ohio income tax purposes, which opinion will be executed and delivered by us in written form on the date the Bonds are exchanged for their purchase price (the “Closing”). Upon delivery of the opinion with respect to the original issuance of the Bonds, our responsibilities as Bond Counsel will be concluded with respect to the Bonds.

The Bond Opinion will be based on facts and law existing as of its date. In rendering our Bond Opinion, we will rely upon the certified proceedings and other certifications of public officials of the Issuer and other persons furnished to us without undertaking to verify the same by independent investigation, and we will assume continuing compliance by the Issuer with applicable laws relating to the Bonds. During the course of this engagement, we will rely on the Issuer to provide us with complete, accurate and timely information on all developments pertaining to any aspect of the Bonds, their security or the project to be financed thereby. We understand that we will have full and timely cooperation of members of the Issuer’s administrative staff and officials, as well as other appropriate

public officials and their employees in this regard. In rendering our Bond Opinion, we may also expressly rely upon counsel to other parties to the transaction as to certain matters where appropriate.

In addition to rendering our Bond Opinion upon the issuance of the Bonds, we expect to perform the following duties:

- (a) Provide advice as Bond Counsel throughout the entire process of identifying, developing and issuing the Bonds, including but not limited to:
 - i. providing legal analysis of various financing options; and
 - ii. assuring the Issuer's compliance with applicable Federal, state and local laws and regulations in issuing such bonds.
- (b) Draft or review the basic legal documents required for authorization, securing, issuance and sale of the Bonds; these include the Bond legislation to be passed by the board of county commissioners of the Issuer and all related Issuer proceedings and resolutions or ordinances which might be required.
- (c) Prepare or furnish the incidental closing papers (excepting those customarily prepared or furnished by the Purchaser or their counsel, if any), including various certificates to be signed by the Issuer.
- (d) Assure the Issuer's compliance with applicable Federal, state and local laws and regulations in issuing the Bonds.
- (e) Be available for meetings with Issuer officials, rating agency meetings, working group meetings and document sessions, as well as telephone and on-line consultations.
- (f) Assuming no legal impediments to the issuance of the Bonds become apparent, issue the Bond Opinion containing appropriate validity and tax exemption opinions, as appropriate, in connection with the sale of the Bonds to the Purchaser.

In that regard, we have already prepared certain resolutions, prepared and reviewed certain documents, and engaged in various telephone conversations and meetings in connection with the proposed Bond issue.

As bond counsel, we do not assume responsibility for negotiating the terms and conditions of the Issuer's bond issue. Instead, we will endeavor to confine ourselves to documenting the economic and other understandings the Issuer will have reached with the Placement Agent and Purchaser and the other participants in the financings, but will draw upon our accumulated knowledge as to what is acceptable or customary for similar securities and will advise the Issuer and the other participants in the financing as to the legality of suggested terms and provisions as the documentation proceeds.

The scope of our services as bond counsel described above does not include any legal work not directly related to the financing of the project, such as engineering and construction contract

review, negotiation and compliance, litigation and real estate matters; such services are customarily provided by the Issuer's general counsel or other local counsel. Accordingly, the fees quoted in this letter do not include fees for such services to be rendered by the Issuer's general counsel or other local counsel. Also, the scope of services and fees described herein does not include assistance in preparing an official statement (which is similar to a prospectus) or other disclosure document which the Issuer may use in marketing its bonds; we understand that the Purchaser will not require such a disclosure document for its purchase of the bonds.

Compensation and Reimbursement

Based upon (i) our current understanding of the terms, the structure, size and schedule of the financing represented by the Bonds, (ii) the duties we will undertake pursuant to this engagement letter, (iii) the time we anticipate devoting to the financings and (iv) the responsibilities we will assume in connection therewith, we estimate that our fees as Bond Counsel for the Bonds will not exceed \$19,750, including all out-of-pocket expenses. Such estimated fee may vary if unusual or unforeseen circumstances arise which require a significant increase in our time or responsibility. If at any time we believe that circumstances require an adjustment of our original fee estimate, we will consult with the Issuer prior to any such adjustment.

When the Issuer has obtained a purchase commitment for the Bonds or has entered into an underwriting agreement with respect to the Bonds, we will contact you regarding the agreed structure of the financing and its implications, if any, with respect to our fees.

Conflicts

As you are aware, our firm represents many political subdivisions, companies and individuals, including various subdivisions that territorially overlap the Issuer including the City of Pickerington and the Townships of Greenfield and Walnut. It is possible that during the time that we are representing the Issuer, one or more of our present or future clients will have transactions with the Issuer. It is also possible that we may be asked to represent, in an unrelated matter, one or more of the entities involved in the issuance of the Bonds, including the Placement Agent or the Purchaser. We do not believe such representation, if it occurs, will adversely affect our ability to represent the Issuer as provided in this engagement letter, either because such matters will not be sufficiently different from the issuance of the Bonds so as to make such representations not adverse to our representation of the Issuer, or because the potential for such adversity is remote or minor and outweighed by the consideration that it is unlikely that advice given to the other client will be relevant to any aspect of the issuance of the Bonds. Execution of this engagement letter will signify the Issuer's consent to our representation of others consistent with the circumstances described in this paragraph.

Miscellaneous

Our willingness to undertake the functions described herein with respect to the Bonds is based upon the facts available to us at this time. We will commence our function with respect to the Bonds after determining that nothing has come to our attention at that time which would lead us to conclude that there are any legal obstacles to delivery of the Bonds. We will proceed with the understanding

that should anything come to our attention prior to the issuance of the Bonds, which would, in our opinion, cast doubt upon the legality of transaction, we will not be obligated to render our Bond Opinion.

We understand that until we have been paid any fees for time and expenses owed to us under the terms of this engagement letter, the Issuer will not seek to engage any firm other than Dinsmore & Shohl LLP to serve as Bond Counsel in connection with the issuance of the Bonds.

At the Issuer's request, papers and property furnished by the Issuer for the Bond issue will be returned promptly upon receipt of payment for outstanding fees and client charges relating to that transaction. Our own files, including lawyer work product, pertaining to any particular transaction will be retained by us. For various reasons, including the minimization of unnecessary storage expenses, we reserve the right to dispose of any documents or other materials retained by us after the termination of any particular transaction covered by this engagement letter.

Upon execution of this engagement letter, the Issuer will be our client and an attorney-client relationship will exist between us. We assume that all other parties will retain such counsel as they deem necessary and appropriate to represent their interests in the Bond issue. We further assume that all other parties understand that in a transaction covered by this engagement letter we represent only the Issuer, we are not counsel to any other party, and we are not acting as an intermediary among the parties. Our services as Bond Counsel are limited to those contracted for in this engagement letter; the Issuer's execution of this engagement letter will constitute an acknowledgment of those limitations. Our representation of the Issuer will not affect, however, our responsibility to render an objective Bond Opinion.

Our representation of the Issuer and the attorney-client relationship created by this engagement letter with respect to the Bonds will be concluded upon issuance of the Bonds. Nevertheless, subsequent to the Closing, we will mail the appropriate Internal Revenue Service Form 8038, and may prepare and distribute to the participants in the transaction a transcript of the proceedings pertaining to the Bonds.

As previously stated, representation during subsequent Internal Revenue Service random and directed audits or Securities and Exchange Commission investigations, however, is beyond the scope of this engagement letter. In the event of a random or directed audit of the Bonds by the Internal Revenue Service or questions raised regarding the Bonds by the Securities and Exchange Commission, we would represent the Issuer, if requested, during the audit or investigation, subject to a supplemental engagement letter and at our standard hourly rates. The Issuer would also have the option to retain separate counsel to represent the Issuer during such an audit or investigation; assistance we might be called upon to render to such separate counsel would also be charged at our standard hourly rates.

If the foregoing terms are satisfactory to you, please scan and email us an executed copy of this letter and retain the original signed copy for your files.

DEVELOPMENT AGREEMENT

This Agreement entered into this 3 day of April, 2023 by and between Price-Seaton, LLC; (hereinafter called the "Owner") and the Board of Commissioners of Fairfield County, Ohio (hereinafter called the "County").

WITNESS WHEREAS, the Owner wishes to develop approximately 102 acres in Bloom Township; Stone Hill Estates Section 1 (here in after called the "Project"), and

WHEREAS, "The Fairfield County Water, Drainage and Sewage Regulations", "The Fairfield County Construction and Material Specifications", and "The Fairfield County Subdivision Regulations" in force on the date of this agreement (hereinafter called the "County Regulations") state the requirements for developing within the County.

NOW THEREFORE, the Owner and the County, in consideration of the mutual covenants set forth herein, agree that:

I. **OWNER RESPONSIBILITIES:** The Owner will:

- 1.1 Develop or cause the development of the Project in accordance with the County Regulations and the construction drawings approved by the County.
- 1.2 Unless specifically stated otherwise, be responsible for the entire cost associated with developing the Project, including providing the real estate, engineering, construction, fees and deposits.
- 1.3 Provide the County with construction drawings, specifications and supporting data describing the improvements contained in the Project. The improvements to be provided will include:
 - a. Roads and parking areas graded full width and paved including drainage structures and other improvements all as shown on the County Standard Drawings and required for this project.
 - b. Monuments, stakes, and all survey control required.

- c. All other improvements shown on the construction drawings as approved by the County. (Such as grading and seeding)
- 1.4 Await the County's approval of the construction drawings and specifications before beginning any construction work.
- 1.5 Guarantee that the labor, material, and equipment used to develop the Project meets the County requirements by providing at least one of the following:
 - a. A performance bond equal to the estimated construction cost of the public improvements; or
 - b. An irrevocable bank letter of credit payable to the County equal to one hundred percent (100%) of the estimated construction cost of the public improvements; or
 - c. Subject to the approval of the County of Fairfield a certification to the County by the institution, person or corporation financing the construction of the public improvements stipulating that the funds in the amount of the estimated construction cost are available and set aside from all other funds solely for the purpose of financing the construction of the public improvements.

That these funds will not be released to the Owner or used for any purpose unless a release is signed by the County.

That such release by the County only certifies that as best the County can determine, the construction was satisfactorily completed, and such release does not relieve the Owner of the responsibility to meet the requirements of the County Regulations or the County maintenance guarantee requirements.

- 1.6 Give the County at least three days' notice prior to beginning any construction work and will keep the County advised of the work schedule throughout the development of the Project.

1.7 Prior to conditional acceptance of the Project by the County, guarantee all labor, material and equipment incorporated in the improvements that will become public against defects and deficiencies, for at least five years, by providing at least one of the following:

- a. A maintenance bond equal to ten percent (10%) of the construction cost of the public improvements.
- b. A certification to the County by a financial institution or corporation acceptable to the County Prosecutor.

That funds equal to ten percent (10%) of the estimated construction cost for public improvements have been set aside in an escrow account; That these funds cannot be released without a release by the County.

That the institution or corporation holding the funds shall release to the County and or all the funds so escrowed for the purpose enumerated herein; and

That the escrow account will not be closed out without the approval of the County with the final acceptance of the public improvements by the County constituting release of the escrow account lacking any formal release by the County; or

- c. A bank irrevocable letter of credit payable to the County equal to ten percent (10%) of the construction cost for the public improvements.

1.8 Provide any additional maintenance guarantees necessary to protect existing roads in the subdivision being used as access for the proposed phase(s). The County Inspector shall determine the adequacy of this additional guarantee.

1.9 Provide a written request for the maintenance guarantee release upon completion of at least three years maintenance period during which the public improvements are maintained in a satisfactory condition and all expenses incurred by the County pursuant to this Project have been paid in full.

- 1.10 Cause the work described in the approved construction drawings, specifications and supporting data, as required herein, to be completed within a year of the approval of the construction plans unless approved otherwise by the County.
- 1.11 Remove or cause to be removed such dirt, debris, and foreign matter from all public rights-of-way, improvements and/or easements as were deposited, left or resulted from the construction of improvements or any nature within the development, within twenty-four (24) hours after being notified by the County that such work is required. Such removal shall be done to the satisfaction of the County Engineer.
- 1.12 Prior to acceptance or conditional acceptance of the Project by the County, provide the County the original signed construction drawings, with four sets of prints annotated to reflect the "as-constructed" conditions, and the original recorded plat.

II. GENERAL TERMS:

- 2.1 When there appears to be, or there is in fact, a conflict between this Agreement and the County Regulations the County Regulations shall govern.
- 2.2 No conveyance shall be made of any lot or parcel smaller in frontage or area than indicated on the plat except for the purpose of increasing the area of another lot.
- 2.3 The Owner shall indemnify and hold the County free and harmless from any and all claims for damage of every nature arising or growing out of the construction of improvements or resulting from improvements and shall defend, at their own cost and expense, any suit or action brought against the County.
- 2.4 By signing this Agreement, the Owner acknowledges possession of copies of the:
 - a. Fairfield County Water, Drainage and Sewage Regulations.
 - b. Fairfield County Construction and Material Specifications.

And that the procedures described in these County Regulations will be followed during the development, acceptance and maintenance period for this project.

- 2.5 Upon violation of, or failure to comply with, any of the terms of this Agreement by the Owner, the County may take any of the following actions:
- a. Stop all work on the Project forthwith;
 - b. Continue any unfinished work or replace any unaccepted work to a point that any public improvements do not appear to create a health or safety hazard or create maintenance or repair expense to the County because of their state of completion by:
 - 1. Holding the bonding company responsible,
 - 2. Using the certified check or proceeds thereof,
 - 3. Using the funds in the escrow account, or
 - 4. Draw on the letters of credit.
 - c. Take necessary action to eliminate apparent or actual safety or health hazards of an emergency nature when notification of the Owner does not cause a timely and satisfactory response or an immediate response is required. The cost of using county labor material or equipment shall be a cost to the owner to be paid thirty (30) days after being billed. Failure to pay may result in the County taking actions provided in 2.5(a) or 2.5(b) herein.
- 2.6 This Agreement represents the entire and integrated agreement between the Owner and the County for the Project and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instruction signed by both Owner and County
- 2.7 The Owner and County each binds himself and his partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither the Owner nor the County shall assign, sublet, or transfer his interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public body which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the Owner and the County.

- 2.8 Notices: Any notice required by the Agreement shall be conclusively presumed to have been received if in writing and if delivered personally or sent by registered or certified mail, postage prepaid, to the party to be notified at the party's last address on file with the party sending the notice.

**** Tanner Donaldson, a 9-year-old boy with stage 4 chronic kidney disease, was born with a rare birth defect causing irreversible kidney damage. Tanner's father, Dane Donaldson, is a suitable live kidney donor, but due to the COVID-19 pandemic, Cleveland Clinic Children's Hospital has refused to conduct the transplant surgery because Dane is not vaccinated against the coronavirus.

**** Dane questioned the hospital's hypocrisy, pointing out that deceased organ donors are not required to be vaccinated. He even offered to sign a waiver freeing the hospital from liability.

“The Federal Government has Relentlessly Forced a Premature, Unsafe Vaccine into the Arms of the American People” – Read Florida Surgeon-General's Blistering New Letter

Based on the Centers for Disease Control and Prevention's (CDC) own data, rates of incapacitation after mRNA vaccination far surpass other vaccines. This is illustrated in a recent *Lancet* publication

(Rosenblum H. et al. Lancet 2022) that reports up to one third of individuals being “unable to perform normal daily activities, unable to work, or [receiving] care from a medical professional” in the days following mRNA vaccination.

**** Our organizations in this Fairfield County were the main entities promoting vaccine hesitancy — Florida promotes the truth. It is your duty to

provide all information within your power to individuals so they can make their own informed health care decisions. A lack of transparency of you commissioners and departments you oversee, only harms American citizens' faith in your decisions.
