Welcome

Commissioner Davis welcomed everyone in attendance. He began by mentioning that Ray Stemen passed away over the weekend. Ray was a long-time attendee of the Commissioners' meetings, and his presence will be dearly missed.

Quarterly Budget Update

Budget Director Bart Hampson presented the third-quarter budget results, including financial reports on fund revenues and expenditures, sales tax collections, and the overall budget. He reported that the financial forecast indicates a stable financial position for the County.

Year-to-date expenditures are lower than those reported during the same period in 2025, primarily due to capital expenditures. The 2026 financial outlook remains stable, and the County will continue to monitor and respond to any changes in local, state, and federal funding.

The General Fund includes 10 major revenue categories. Total revenues are approximately $7.3 million higher than in 2025. Sales tax and property taxes remain the County's largest revenue sources, with both continuing to increase compared to the prior year. Hampson noted that only four counties in Ohio have a lower sales tax rate than Fairfield County. However, auto sales tax collections have declined compared to the same period last year.

The budget includes seven major expenditure categories. Overall expenses are lower, primarily due to a reduction in transfers associated with capital expenditures. Personnel services remain the County's largest expenditure category, with a 6% year-over-year decrease compared to the prior year.

Hampson highlighted two upcoming budget milestones. Level 5 budget entry access will end December 1, and the budget is scheduled for approval on December 8.

Commissioner Davis thanked Bart Hampson for his presentation.

Presentation of 2026 Hunger Games of Generosity Trophy

County Administrator Aundrea Cordle provided information about the 2026 Hunger Games of Generosity competition between Job and Family Services (JFS) and Developmental Disabilities (DD) and the work of the Fairfield County Hunger Coalition.

DD Superintendent David Uhl stated that the organization was motivated by the loss experienced in 2025 and discussed the continued importance of supporting individuals and families facing food insecurity.

Commissioner Davis asked how food would be distributed.

Dr. Uhl explained that Fairfield 2-1-1 coordinated buses to transport and distribute food to food pantries throughout the county.

Commissioner Davis expressed his appreciation for the competition and the support it provides to individuals and families in need throughout Fairfield County.

Public Comment

Scott Barr of Amanda Township acknowledged the service of our nation's veterans. He stated that across the field from where his ancestors are buried is a proposed route for 765 kV transmission lines. He reflected on the nation's values today compared to the Revolutionary War. He added that a resolution from the Pickaway County Commissioners opposing the Grid Growth project specifically mentions environmental concerns regarding the project.

Tim Hamilton of Greenfield Township stated that the proposed Grid Growth project is expected to go through his property. He asked a series of questions to the Board regarding the project. He asked the Board to oppose the project.

Lori Ann Hamilton of Greenfield Township asked the Board of Commissioners to formally oppose the Grid Growth project. She provided multiple environmental and public health concerns that she had.

Greg Bolin of Colorado mentioned that the justification for the transmission lines is primarily to serve data centers. He added that the power need projections increase substantially over the coming years and the need for the Grid Growth transmission lines were based on the 2025 projections.

County Administration Update

- *The County Administration Update was provided by County Administrator Aundrea Cordle, unless otherwise indicated.*

Week in Review

2026 Fairfield County Hunger Games

The second annual Fairfield County Hunger Games brought together Fairfield County Job and Family Services and the Fairfield County Board of Developmental Disabilities for a friendly competition with the purpose of fighting food insecurity in our community. With approximately 11% of Fairfield County residents, including 16% of children, experiencing food insecurity, the agencies joined forces to make a difference by collecting more than 4,400 food items. The Board of Developmental Disabilities claimed this year's GOAT (Greatest of all Time) trophy with over 3,200 items, while Job and Family Services contributed more than

1,200. The Fairfield County Hunger Coalition extends its gratitude to both agencies, their employees, leadership, and all who contributed, demonstrating that when our community comes together, everyone wins.

APS/CPS Levy

JFS will present a resolution on the 11/17 agenda declaring the necessity of a 10-mill tax levy to fund child and elderly adult protective services for placement on May 4, 2027, Special/Primary Election ballot.

JFS Director Corey Clark stated that the current levy renewal is approaching, and this is the best time for JFS to move forward with a levy for the spring.

Assistant Prosecuting Attorney Amy Brown-Thompson stated that there is a draft resolution available ahead of next week's meeting which determines what revenue would be generated by the levy.

Commissioner Davis stated that the levy renewal does come up short over time, but the Board recognizes that property owners might not be feeling receptive to a levy renewal.

Operation Green Light

County buildings are illuminated green as part of Operation Green Light, a nationwide initiative recognizing our veterans and raising awareness of the challenges they face. This effort shows the county's support, gratitude, and appreciation for those who have served our country.

Updates from Elected Officials and Department Heads

Operations Administrator Jeff Camechis mentioned that an employee was injured yesterday. He is stable, but in the hospital. He also mentioned losing a former employee of the Engineer's Office who was working with ODOT and was killed on I-70.

Auditor Brown mentioned participating in Operation Green Light. She recognized Jen Dickerson for her work with the Big Beautiful Bill Act and has done a great job organizing the information. She mentioned a fact sheet that her office produced. She provided an advanced copy of the CAUV map of the month.

Assistant Prosecuting Attorney Amy Brown-Thompson expressed her excitement for the new public records request software.

Deputy County Administrator Jeff Porter stated the new software has involved a great deal of discussion among several county offices, and he is appreciative of the Board's support in this technology.

Utilities Director Tony Vogel spoke on the Freedoms Never Free event over the weekend. He added that Utilities closed on the property around the wastewater facility. Lastly, the upcoming rate holiday will positively impact utilities customers.

Economic Development Specialist Anthony Iachini stated that the phlebotomy graduation ceremony was last week. The phlebotomy program is free thanks to a grant from Ohio University.

EMA and Facilities Director Jon Kochis stated that there was a water issue impacting the College Avenue properties in Lancaster, and he thanked the City of Lancaster for their assistance in correcting the issue. He was happy to announce that EMA received a grant for water rescue operations.

JFS Director Corey Clark was pleased to announce that JFS partnered with Fairfield Federal and Vinton County Bank for the Elder Fraud Prevention Workshop.

Mr. Porter announced that open enrollment for county employees had been completed.

FCFC Manager Shavonda Green stated that the 2026 Full Council meeting will be held next Friday, November 20th. She was thrilled to announce that Fran DeWine will be the keynote speaker.

Sarah Fortner is working with partners to secure contracts. She is also meeting with other counties to understand how they operate their Guardianship Services Boards.

Old Business

Commissioner Fix thanked Director Vogel for the rate holiday for utilities customers while also increasing the tap fee for developers coming to the county. Regarding those that spoke in opposition to Grid Growth, he mentioned that the Board does not take expedient action just for the sake of doing so. He believes that if the Board opposed the project via resolution, it would affect very little, and the ability to impact the outcome would be diminished. The Board is working behind the scenes to figure out the best way to minimize the impact on the community. He wants residents to understand that when they come and speak to the Commissioners, they are not ignoring the situation, but rather doing what they think is best for the residents. They are going to continue to work to get the most positive outcome for the county.

Commissioner Levacy attended the Elder Fraud Prevention Workshop. He added that there were 250 people in attendance. Lastly, he spoke on the importance of the phlebotomy program at the Workforce Center.

Economic Development Specialist Anthony Iachini stated that many students who receive their certification in phlebotomy use it to accelerate their path in the field.

Commissioner Davis attended the presentation for the 2026 Coronet Awards, which the county received for the preservation of the Fairfield County Courthouse. He also stated that he will not be speaking on the Grid Growth project, since his law firm work prevents him from doing so.

New Business

Commissioner Levacy mentioned that the Fairfield County Veterans Hall of Fame Induction Ceremony will be held November 19th at 6:00 p.m. at the Levacy Center. This year, they will be inducting three veterans into the Hall of Fame.

Commissioner Fix stated that the ADAMH Board has joined him on his tour of the townships and villages.

Commissioner Davis stated that the Board complies with Ohio Law, which dictates that the county must maintain a solid waste district. Perry County's intent to withdraw from the solid waste district creates some hurdles to address. Perry County has the largest landfill in that district, and withdrawal will present a difficult process which may not positively impact Fairfield County. He also stated that as a member of the MCJDC board, he has been working with staff and colleagues on the budget and expects it to be ready by this Friday to consider for approval.

The Commissioners continued to their Voting portion of the meeting and the following Commissioners remained present: Steve Davis, David Levacy and Jeff Fix.
