Meeting with Bluegrass Pipeline

The Commissioners met with representatives from Bluegrass Pipeline at 9:05 a.m. regarding a survey permission request. Commissioner Davis called the meeting to order with the following Commissioners present: Steve Davis and Dave Levacy. Also present were Carri Brown, Rachel Elsea, Staci Knisley, David Miller. Francesca Sacco, Jason Dolin, Holly Mattei, Bob Clark, Ed Laramee, Aunie Cordle, Ray Stemen, Lisa Notestone, Mary Beth Lane, Peggy Rounds, Ursula Laveck, Monty Kester, Dennis Keller, Michael Orlando.

Mr. Davis stated it appeared the survey permission was for a small triangle, a remnant tract on the west side of Route 33. He informed Ms. Rounds and Mr. Kester that Mr. Aumaughger, who previously sought the permissions, brought in a form which the prosecutor added a few paragraphs to (which Mr. Aumaughger agreed to). He asked Mr. Dolin to review the form Mr. Kester presented.

Mr. Dolin stated the new form gave no time frame of indemnity. He added that the time frame limits should not be a problem due to the particular tract.

Mr. Kester stated the old permission form was fine and he’d like the start date to be tomorrow.

Mr. Davis completed the form making the start date August 21, 2013 and lasting one year.

Mr. Kester reviewed the form to make sure Mr. Davis added everything correctly.

Mr. Davis stated this was for parcel # 0130069030 and that Mr. Dolin had reviewed the survey permission form. Mr. Davis added that in discussions with Mr. Dolin they decided he did not have a conflict of interest in granting this request.

Motion to allow for Survey Permission #3 for parcel # 0130069030.
On the motion of Steve Davis and second of Dave Levacy, the Board voted to allow for Survey Permission #3 for parcel # 0130069030.

Commissioner Kiger joined the meeting at 9:09 a.m.

Mr. Davis thanked Ms. Rounds and Mr. Kester for their time and informed Mr. Kiger that the Commissioners had voted to allow the request for the small parcel.

Review Continued

The Commissioners met at 9:11 a.m. to continue to review legal issues and pending or future action items and correspondence. - **Legal Update**

  Mr. Dolin stated he did not have an update.

- **Administrative and Budget Review/Carri’s List**
  
  a. **September 10\textsuperscript{th} Public Hearings to receive input about proposed locations for a public safety facility.**

  Mr. Davis stated that a tentative date and time had been sent for public hearings for public input on the location of a public safety facility.

  Ms. Brown stated that these were scheduled for Tuesday, September 10, 2013 at 11:00 a.m. and 6:00 p.m.

  Mr. Levacy and Mr. Kiger stated they were fine with the date and times.

  Mr. Davis stated that he, Ms. Brown, Mr. Keller, the Sheriff, and McNally (the architect) met and that they should have renderings/options available for the hearings. This will include to options for the MSMJ site (utilizing the existing building two different ways) and one option for the Liberty Center site (a new build). One MSMJ option turns the current space into offices while the other uses it for inmate housing. The county is looking at these two sites because they are already county property.
Ms. Brown added that McNally will also be bringing pictures of sites they have already completed to show both the rural and innercity concepts. Research has shown in Ohio the locations are split 50/50 between rural and inner city locations.

Ms. Brown stated that the regular requirements process for notifying the public of the hearings will be used (there are no regulations that hearings need to be held). This will be posted on the website, tweeted, sent to all press outlets, e-blasted by RPC and posted at all county buildings. There will also be a brief online survey on the website through September 10th. All documentation and notices are ready to go.

All three commissioners approved of this plan.

Mr. Laramee suggested also running the notice in the This Week papers in Canal Winchester and Pickerington.

Mr. Davis stated that would be done as well.

Mr. Davis added that after the public meetings the Commissions would be deciding on a location followed by the decision as to whether or not to build a new facility. He stated he had a meeting with Ms. Brown and Ms. Knisley planned to discuss the financial aspects of this project.

Mr. Kiger and Mr. Levacy agreed that this was a good plan.

b. Land Bank – plan

Ms. Brown stated there would be an additional meeting and presentation on August 27th. A resolution would be proposed on September 10th to establish the land bank with several others to follow. They are moving forward with this based on the positive feedback received.

c. United Way Community Care Project

Ms. Brown stated that Sherry Orlando suggested the county be a site for the Community Care Day. Dennis has some clean up and mild work projects planned at the Health Department.

Mr. Davis asked when the Community Care Day would be.

Ms. Brown stated it would be Tuesday, September 10th with the auction being on Thursday, September 15th. The United Way breakfast is also on the 10th and United Way is aware that the Commissioners may have to
leave early due to the Regular Meetings.

- **Old Business**

  a. Lancaster Public Transit’s request

  Mr. Davis stated this was a follow up from last week. LPT needs a commitment by the end of the month. The number of commitments effects the state and federal matching dollars. Last year they asked for $25,000 and this year are asking for $35,000. Mr. Kiger and Mr. Levacy will come to a decision on the request as Mr. Davis will need to abstain from those discussions.

  Mr. Levacy stated he appreciated having the ridership and contribution numbers and asked when they need the decision by.

  Mr. Davis stated they needed to know by September 1\textsuperscript{st} so they can prepare their grant application that is due on September 7\textsuperscript{th}.

  Mr. Levacy asked that they postpone this until next week and that he was ok with giving at least $25,000.

  Mr. Kiger stated he’s concerned with the amount increasing and would like to see a multiyear commitment.

  b. Auction Update

  Ms. Elsea stated that bids for auctioneer services were received and opened last week (having received two bids). One bid was a flat fee of $1,450 while the other was for a percentage of the sales (10\% of the county’s gross profit and a 10\% fee to the buyer). Ms. Elsea needs to review the packets closer but is inclined to go with the flat rate bidder as it is considerably lower. She will have a resolution ready for next week.

  Mr. Davis stated that as long as the profits were over $7,500 it made sense to go with the flat rate.

  Ms. Elsea said that profits from the last two auctions were $36,000 and $23,000.

  Mr. Levacy asked that the auction date be set earlier so that everyone can better plan.

- **News Business**
a. RLF Loan #89-01-01 (Workey Enterprises LLC) – Update from Bob Clark

Mr. Clark reported that there was a possible loan in trouble. This was approved last year. The demand letter was mailed on August 5th to the three addresses on record for the owner. Linda Kauffman tried to visit, but the business doors were closed on Saturday at 3:00 p.m. (what should be regular business hours). A site visit was done on June 6th. They have collateral on two properties. The last e-mail communication with the owner was on July 9th. The owner indicated he would be making a partial payment in the near future but that payment was never received.

Mr. Davis asked if the security was inadequate.

Mr. Clark stated that it most likely was inadequate.

Mr. Davis stated that they needed to be in situations where the security is not inadequate.

• General Correspondence Received

  a. District 17 NRAC $1,000 invoice expected in December 2013 for administrative fees.

  Ms. Brown stated this information would be sent to Mr. Orndorff seeking his input on whether or not to continue participation.

  b. Ohio Developmental Services Agency re: Community Development Grant Report

  Ms. Mattei reported this letter was for CDBG funds for FY 2011. It is saying the status report was not submitted. The report was sent from RPC to CDC for completion. The state is saying they did not receive the report. Ms. Mattei is working with CDC to see why this was not completed or if it was in fact sent to the state. CDC is the consultant hired by the county to do the general administrative work for CDBGs.

  Mr. Davis asked if this was the first time this had happened.

  Ms. Mattei said that the report could have been completed and lost at the state level.

  Mr. Davis asked that Ms. Mattei find out if that is the case or if CDC did no get the report filed. If not, he would like to meet with CDC to see what happened. If they did do what was required by them and it was misplaced by the state, then he does not need to see them.

Ms. Brown reported it was moving along nicely.

b. Auctions (October 19th) Storage/Storage Space

Ms. Brown stated that the storage space will remain on the list while Mr. Keller waits for the information he requested from Elected Officials and Department heads regarding their spaces.

c. Vending Machines & Square 7 (eom August)

Ms. Brown reported that DD asked for more time and should have information by the end of August.

d. AED machines (Sheriff’s Office and All Employees)

Ms. Brown stated that the Sheriff’s Office now has their machine and that the county will explore the aspect of having machines in all county buildings.

Mr. Kiger stated he was working with Mr. Bob Williams on this project.

e. Financing the Energy Conservation Project

Ms. Brown stated a meeting was set for later in the week with resolutions coming in September.

Mr. Davis asked if they were still in the timeframe to protect the estimates.

Mr. Keller stated they were.

Mr. Kiger reported that traffic on 158, Coonpath Road, and Election House Road was very bad due to paving projects and suggested everyone find alternate routes.

Meeting with Jeanette Addington

The Commissioners met with Jeanette Addington at 10:30 a.m. to receive an expense and revenue update. Commissioner Davis called the meeting to order with the following Commissioners present: Steve Davis, Mike Kiger and Dave Levacy. Also present were Carri Brown, Rachel Elsea, Staci Knisley, Jason Dolin, Mary Beth Lane, Francesca Sacco, Ed Laramee, John Slater, Ray Stemen, Dennis Keller, Lisa Notestone, Jeanette Addington, Michael Orlando, Kathleen Young, Aunie Cordle, and Tony Vogel.
Ms. Addington passed out her report (see attached). She stated this was through June 30, 2013. She referred everyone to the bottom line on page three where the revenue was above the projected revenue. The general property taxes are at 53.4% and the sales and use taxes are at 53%, both in line with projections.

Mr. Davis asked what number was used for budgeting purposes.

Ms. Knisley said that was the projection column.

Mr. Davis told Ms. Addington that they had just received the sales and use taxes report for the month and that they were doing wonderfully.

Ms. Brown stated that would really help grow the gap in a positive way.

Ms. Addington stated she did the lowest estimation for the casino revenue and that she was hopeful to meet the projections.

Mr. Davis noted that it appeared Ms. Addington did not have the 3rd quarter reports and that it was not known if there would be a seasonal adjustment from the 3rd to 4th quarters.

Ms. Addington stated the LGIF was at 51% and that a modification was needed for the interest income as it was only at 38%.

Mr. Kiger asked why the interested income was listed twice.

Ms. Addington replied that the second listing was an account that the Auditor's Office has.

Mr. Davis asked Mr. Slater if the interest income was seasonal.

Mr. Slater stated it was based on money invested and that he didn't think it would meet the estimate for the year.

Ms. Addington asked about a credit that was projected but not made (on page three).

Ms. Knisley stated that was actually done at the last minute at the end of 2012.

Mr. Davis asked about the conveyance fees.

Ms. Addington stated they were at 54% and that she could easily adjust the projections up.

Mr. Davis said that was fine.
Mr. Slater stated the conveyance fees were strong right now.

Ms. Addington moved to expenditures (page 6). The 2013 budget was based on approved appropriations as the previous years were spending between 90%-93% of appropriations.

Ms. Addington added that the total expenditures were at 61%. While this is over 50% some departments get 100% of their allocation at the beginning of the year. She said a better way to look at this was by individual departments and noted that the public defender was over 53%. She asked if this should be modified. She also stated the Sheriff’s budget was at 56% and that she didn’t know if it would even out by the year’s end.

Ms. Addington ended her report presentation by pointing out the estimated ending cash of $10,000,000 (page ten). Unencumbered cash is as $8,200,000 with another $1,500,000 put in a fund for capital improvement projects. If this has not been put into another fund it can be added to the $8.2 million.

Ms. Brown stated that was the result of discussion of creating a capital improvement fund for the jail.

Ms. Addington asked if they planned on moving that over.

Mr. Davis stated they did. He added in out years it may be dedicated to debt services. Two decisions will likely be made by the end of the year 1) where to put the jail and 2) if they should proceed with the building of it.

Mr. Davis pointed out the sales tax coming in at $18 million and asked if it was the same to say that for 2014-2016 as this appears to be rock solid.

Ms. Addington agreed.
