PUBLIC NOTICE

FAIRFIELD COUNTY ENGINEER'S OFFICE
3026 West Fair Avenue
Lancaster, OH 43130

INVITATION TO BID

Sealed proposals will be received at the Office of the Fairfield County Engineer; 3026 West Fair Avenue; Lancaster, Ohio 43130, until 11:45 a.m. local time on Friday, June 6, 2025, for furnishing all labor, materials, and equipment necessary to complete the project known as 2025 Resurfacing Project, and at said time and place, publicly opened and read aloud.

Contract documents, bid sheets, plans, and specifications must be obtained via the web at www.co.fairfield.oh.us/Engineer or at said office for a non-refundable fee of \$5.00. To be considered a responsive and responsible bidder, bidder must be recorded on plan holders list at said office.

Each bidder is required to furnish with its proposal a Bid Guaranty and Contract Bond in accordance with Section 153.54 of the Ohio Revised Code. Bid security furnished in Bond form shall be issued by a Surety Company or Corporation licensed in the State of Ohio to provide said surety.

Each Proposal must contain the full name of the party or parties submitting the proposal and all persons interested therein. Each bidder must submit evidence of its experiences on projects of similar size and complexity. The Owner intends and requires that this project must be completed no later than October 17, 2025.

All Contractors and Subcontractors involved with the project will, to the extent practicable, use Ohio products, materials, services, and labor in the implementation of their project.

Bidders must comply with the Ohio Prevailing Wage Rates on this Public Improvement in Fairfield County, Ohio as determined by the Ohio Bureau of Employment Services, Wage and Hour Division, 614-644-2239.

The Commissioners reserve the right to waive irregularities and to reject any or all bids.

The Fairfield County Board of Commissioners

Posted: 05/23/2025

INSTRUCTIONS TO BIDDERS

1. Receipt and Opening of Bids: The Board of County Commissioners (herein called the "Owner"), invites bids on the form attached hereto, all blanks of which must be appropriately filled in. Bids will be received by the Owner at the office of the Fairfield County Engineer; 3026 West Fair Avenue; Lancaster, Ohio 43130 until 11:45 a.m. Friday, June 6, 2025, and then at 11:45 a.m. at said office publicly opened and read aloud. The envelopes containing the bids must be sealed, addressed to the Fairfield County Engineer, and designated as bid for the 2025 Resurfacing Project.

The Owner may consider informal any bid not prepared and submitted in accordance with the provisions hereof and may waive any informalities or reject any and all bids. Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified shall not be considered. No bidder may withdraw a bid within thirty (30) days after the actual date of the opening thereof, subject to ORC Section 9.31.

2. Preparation of Bid: Each bid must be submitted on the prescribed Bid Proposal form and accompanied by a Bid Bond, Certified Check, or Letter of Credit, and the items listed under number 6. All blank spaces for bid prices must be filled in, in ink or typewritten, and the foregoing Certifications must be fully completed and executed when submitted.

Each bid must be submitted in a sealed envelope bearing on the outside the name of the bidder, his/her address, and the name of the project for which the bid is submitted. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed as specified in the bid form.

3. Method of Bidding: The owner invites UNIT PRICE bids as indicated on the Bid Proposal, page 7.

If the lowest total responsive bid received exceeds the amount of funds available to finance the Contract, the Owner may:

- a. Reject all bids
- b. Augment the funds available in an amount sufficient to enable award to the lowest responsive bidder or bidders

4. Bid Security: Each bid must be accompanied by cash, certified check of the bidder, or a bid bond prepared on the form of bid bond, Ohio Revised Code Section 153.54(C), duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner, in the amount of at least 10% of the bid. Such cash, checks, or bid bonds will be returned to all except the three lowest bidders within three days after the opening of bids, and the remaining cash, checks, or bid bonds will be returned promptly after the Owner and the accepted bidder have executed the Contract; or if no award has been made within thirty (30) days after the date of the opening of bids, upon demand of the

bidder at any time thereafter, so long as he/she has not been notified of the acceptance of his/her bid. Attorneys-in-fact who sign bid bonds or contract bonds must file with each bond a certified and effectively dated copy of their Power of Attorney.

Bid Guaranty and Contract Bonds shall meet the requirements of Section 153.54(B) of the Ohio Revised Code. The Bid Guaranty and Contract Bond must be signed by an authorized Agent or an acceptable Surety Bonding Company and by the Bidder. The document must be countersigned by a resident Agent of the bonding company as required by Section 5729.09 of the Ohio Revised Code. Bid Guaranties and Contract Bonds must be supported by credentials showing the Power of Attorney of the Agent.

5. Liquidated Damages for Failure to Enter into Contract: The successful bidder, upon his/her failure or refusal to execute and deliver the Contract and bonds required within ten (10) days after he/she has received notice to the acceptance of his/her bid, shall forfeit to the Owner, as liquidated damages for such failure or refusal, the security deposited with his/her bid, but not to exceed 10% of the total bid amount.
6. Notice of Special Conditions: Attention of the bidder is particularly called to those parts of the General Contract Conditions and other contract documents and specifications which deal with the following:

To be completed and filed with bid:
 - a. Bid Guaranty and Contract Bond
 - b. Non-Collusion Affidavit
 - c. Tax Statement
 - d. Form W-9, Request for Taxpayer ID Number and Certification
 - e. Bidder's Statement (Experience Record)
7. Conditions of Work: Each bidder must inform himself/herself fully to the conditions relating to the construction of the project and the employment of labor thereon.
8. Obligation of Bidder: At the time of the opening of bids, each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the plans and contract documents. The failure or omission of any bidder to examine any form, instrument, or document shall in no way relieve any bidder from any obligation in respect of his/her bid.
9. Examination of Site: Each bidder shall, and is hereby directed to inspect the entire site of the proposed work and judge for himself/herself as to all the circumstances affecting the cost and progress of the work and shall assume all patent and latent risks in connection therewith.

10. Additional Obligations upon Contract Award: Upon award of the Contract, but prior to execution of the final agreement and notice to proceed, the Contractor shall submit all the following documents, completed as required:
 - a. The Contract shall be executed by the successful bidder within ten (10) days following the Notice of Award
 - b. Acceptance of Notice of Award
 - c. 100% Performance and Payment Bond
 - d. Contractors Certificate of Insurance: The Contract shall acquire and maintain during the term of the Contract Bodily Injury and Property Damage Liability Insurance under a Standard Comprehensive General/Automobile Liability Policy which shall include coverage on all Contractor's Operations, Contractor's Protective (Sublet) Liability, Contractual Liability, Owned Automobiles and Non-Owned and Hired Automobiles. Any combination of underlying Comprehensive General/Automobile Liability Coverage with Umbrella/Excess Liability Coverage which provides no less than One Million Dollars (\$1,000,000) Single Limit Bodily Injury and Property Damage Liability Insurance for the Contractor will also be acceptable.
 - e. Contractor's Workers Compensation Certificate
 - f. Anti-Alcohol Drug Policy
11. Additional Obligations prior to Final Payment: Prior to final payment being made, the Contractor shall submit all the following documents, completed as required:
 - a. Affidavit of Contractor's Prevailing Wages
 - b. Affidavit of Lien Release

GENERAL CONDITIONS

Article 1: Definitions.

- (a) The Contract Documents consist of the General Conditions, General Specifications, Bid Proposal, Contract, Performance/Payment Bond, Certificates, Form of Non-Collusion Affidavit, Tax Statement, Bidder's Statement (Experience Record), Affidavit of Contractor Prevailing Wages, Anti-Alcohol Drug Policy, Request for Taxpayer ID Number and Certification (W-9), Prevailing Wage Determination, Affidavit of Lien Release, Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and all modifications thereof incorporated into the documents before their execution or by supplemental agreement during performance of the Contract.
- (b) The Owner and the Contractor are those mentioned as such in the Contract. They are treated throughout the Contract Documents as if each were of the singular number and masculine gender.
- (c) The Engineer shall mean the Fairfield County Engineer or his duly appointed representative.
- (d) The term Subcontractor, as employed herein, includes only those having a direct contract with the Contractor and it includes those who furnish material worked to a special design according to the plans or specifications of this work, but does not include those who merely furnish material not so worked.
- (e) Written notice shall be deemed to have been duly served if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered mail to the last business address known to him who gives the notice.
- (f) The term "work" of the Contractor or Subcontractor includes labor or materials or both, and equipment, transportation or other facilities necessary to complete the Contract.
- (g) All time limits stated in the Contract Document are of the essence of the Contract.
- (h) The law of the place of performance shall govern the construction of this Contract.
- (i) "The State" shall mean Fairfield County acting through its authorized representatives; "Department" shall mean the Fairfield County Engineering Department; "Director" shall mean the Fairfield County Engineer or his duly authorized representative and "Laboratory" shall mean the person or company designated by the Engineer to make tests of material and supplies.

Article 2. Correlation and Intent of Documents. The Contract Documents are complementary, and what is called for by one shall be as binding as if called for by all. The intention of the documents is to include all labor, materials, equipment and transportation necessary for the proper execution of the work. It is not intended, however, that materials, equipment, or work not covered by or properly inferable from any heading branch, class of trade or specifications shall be supplied unless distinctly so noted on the drawings. Materials or work described in works which so applied have a well-known technical or trade meaning shall be held to refer to such recognized standards.

Article 3. Supervision and Construction Procedures. The Contractor shall supervise and direct the work. He shall be solely responsible for all construction means, methods, techniques, safety, schedules, sequences, and procedures and for coordinating all portions of the work under the Contract. He shall, at all times, enforce strict discipline and good order among his employees and shall not employ on the work any unfit person or anyone not skilled in the task assigned to him. He shall be responsible to the Owner for the acts and omissions of his employees, Subcontractors and their agents and employees, and other persons performing any of the work under a contract with the Contractor. The Contractor will be responsible for carrying out the work in accordance with the Contract Documents and, whenever applicable, the referenced sections of the ODOT Construction and Material Specifications.

Article 4. Lines and Grades. The Contractor shall provide proper facilities and opportunities for setting lines and grades, which services shall be performed by the Contractor, unless otherwise stated in the Contract Documents.

The Contractor shall carefully preserve all bench marks, reference points and stakes which have been set by the Engineer, and, in case of willful or careless destruction of the same by the Contractor, he shall be charged with the resulting expense and shall be responsible for any mistakes which may be caused by the loss or disturbance of such bench marks, reference points and stakes.

Article 5. Supplemental Drawings and Specifications. The Engineer shall furnish with reasonable promptness additional instructions, by means of drawings or otherwise, necessary for the proper execution of the work. All such drawings and instructions shall be consistent with the Contract Documents, true developments thereof, and reasonably inferable therefrom. The work shall be executed in conformity therewith.

The Contractor and the Engineer, if either so requests, shall jointly prepare a schedule, subject to change from time to time in accordance with the progress of the work, fixing the dates at which the various detail drawings will be required, and the Engineer shall furnish them in accordance with that schedule. Under like conditions, a schedule shall be prepared, fixing the dates for the submission of shop drawings, for the beginning of manufacture and installation of materials and for the completion of the various parts of the work.

Article 6. Shop Drawings. The Contractor shall submit to the Engineer, directly or through the various equipment manufacturers, at least three (3) copies of all shop or setting drawings and schedules required for the work. The Contractor shall make any corrections in the drawings required by the Engineer and resubmit same without delay. The Engineer will determine the number of corrected copies to be furnished.

Article 7. Order of Completion. The Contractor shall submit at such times as may be requested by the Engineer, schedules showing the order in which the Contractor proposes to carry on the work and stipulating the dates on which several parts of the work will be started and completed.

Article 8. Drawings and Specifications on the Work. The Contractor shall keep at the site of the work and in good order, an approved copy of the plans and specifications, available to the Engineer or his representatives.

Article 9. Samples. The Contractor shall furnish for approval of the Owner or Engineer all samples as directed. The work shall be in accordance with approved samples.

Article 10. Contractor's Understanding. It is understood and agreed that the Contractor has, by careful examination, satisfied himself as to the nature and location of the work; the conformation of the ground; the character, quality and quantity of the materials to be encountered; the character of equipment and facilities needed preliminary to and during the prosecution of the work and the general and local conditions. No verbal agreement of conversation with any officer, agent or employee of the Owner, either before or after the execution of this Contract, shall affect or modify any of the terms or obligations herein contained.

If data giving the results of test borings is shown on the plans, such information shall be interpreted as indicative only of the character of the soil expected. If soil conditions are encountered which are not of a character which could reasonably have been expected by either party to the Contract, the contract price shall be adjusted on a mutually acceptable basis.

Article 11. Tools and Equipment. If at any time before the commencement of or during the progress of the work, tools or equipment appear to the Engineer to be insufficient, ineffective or inappropriate to secure the quality of work required or the proper rate of progress, the Engineer may require the Contractor to take such action as he deems necessary to ensure proper work results.

Article 12. Underground Utility Facilities. The Contractor's attention is directed to Section 153.64, Ohio Revised Code. Compliance by the Contractor three working days prior to digging or excavating is required.

Article 13. Traffic Control Devices. Throughout the course of the job, the Contractor shall be responsible for erecting and maintaining all gates, barricades and such other traffic control devices as may be required by the Ohio Manual of Uniform Traffic Control Devices.

Article 14. Royalties and Patents. The Contractor shall pay all royalties and license fees. He shall defend all suits or claims for infringement of any patent rights and shall save the Owner harmless from loss on account thereof, except that the Owner shall be responsible for all such loss when a particular process or the product of a particular manufacturer or manufacturers is specified; but if the Contractor has information that the process or article specified is an infringement of a patent, he shall be responsible for such loss unless he promptly gives such information to the Engineer and Owner.

Article 15. Surveys, Permits and Regulations. The Owner shall furnish all surveys unless otherwise specified. Permits and licenses of a temporary nature necessary for the prosecution of the work shall be secured and paid for by the Contractor. Permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured by and paid for by the Owner, unless otherwise specified.

The Contractor shall give all notices and comply with all laws, ordinances, rules and regulations bearing on the conduct of the work as drawn and specified. If the Contractor observes that the drawings and specifications are at variance therewith, he shall promptly notify the Engineer in writing, and any necessary changes shall be adjusted as provided in the Contract for changes in the work. If the Contractor performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, and without notice to the Engineer, he shall bear all costs arising therefrom.

Article 16. Protection of Work and Property. The Contractor shall provide and maintain protection of his work from damage and shall protect the Owner's property from injury or loss arising in connection with this Contract. He shall make good any damage done to his work through failure to provide adequate protection thereof and all other damage, injury or loss caused by his acts, negligence or carelessness. He shall adequately protect all adjacent property as required by law and shall be liable for all damage, injury or loss occasioned by his operations. He shall provide and maintain all passageways, guard fences, lights, watchmen and other facilities for the protection of property and persons required by public authority or local conditions.

Article 17. Inspection of Work. The Engineer and his representatives shall, at all times, have access to the work whenever it is in preparation or progress and the Contractor shall provide proper facilities for such access and for inspection.

Re-examination of questioned work may be ordered by the Engineer, and if so ordered, the work must be uncovered by the Contractor. If such work is found in accordance with the Contract Documents, the Owner shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such cost, unless he shall show that the defect in the work was caused by another contractor, and in that event the Owner shall pay such cost.

Article 18. Correction of Work before Final Payment. The Contractor shall promptly remove from the premises all materials condemned by the Engineer as failing to conform to the Contract, whether incorporated into the work or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract, and without expense to the Owner and shall bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work and materials within a reasonable time, fixed by written notice, the Owner may remove them and may store the material at the expense of the Contractor. If the Contractor does not pay the expenses of such removal within ten (10) days' time thereafter, the Owner may, upon ten (10) days' written notice, sell such materials at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs and expenses that should have been borne by the Contractor.

If the Engineer and Owner deem it expedient to correct work injured or done not in accordance with the Contract, an equitable deduction from the contract price shall be made therefore.

Article 19. Correction of Work after Final Payment. Neither the final certificate, nor payment, nor

any provision in the Contract Documents shall relieve the Contractor of responsibility for faulty materials or workmanship and, unless otherwise specified, he shall remedy any defects due thereto and pay for any damage to other work resulting therefrom, which shall appear with a period of one (1) year from the date of final completion. The Owner shall give notice of observed defects with reasonable promptness. All questions arising under this Article shall be decided by the Engineer, subject to arbitration.

Article 20. Superintendence: Supervision. The Contractor shall keep on his work during its progress, a competent superintendent and any necessary assistants, all satisfactory to the Engineer. The superintendent may be changed, for cause, by the Contractor, without approval of the Engineer, and shall be changed, on order of the Engineer, if found unsatisfactory. The superintendent shall represent the Contractor, in his absence and all directions given to him shall be as binding as is given to the Contractor. Important directions shall be confirmed in writing to the Contractor. Other directions shall be so confirmed on written request in each case. The Contractor shall give efficient supervision to the work, using the best skill and attention.

Article 21. Changes in the Work. Should it be deemed necessary in the execution of the work, by reason of any conditions or circumstances arising or discovered after the making of the Contract, to make any alterations desirable or necessary for the stability, safety, economy or betterment of the work, which alterations increase or decrease the quantities of the work specified, or change the location thereof to an extent not unreasonably affecting the conditions of the work and involving no classes of work other than those called for by this Contract, the Contractor shall, upon written order from the Engineer, to that effect, make such alterations. If such alterations diminish the quantity of work to be done, no claim for damages or for the anticipated profits on the work that may be dispensed with shall thereby accrue to the Contractor, and the value of the work dispensed which will not be included in any payments made to the Contractor.

The Owner, without invalidating the Contract, may order extra work or make changes by altering, adding to or deducting from the work. All such work shall be executed under the conditions of the original contract, except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. Except in an emergency endangering life or property, no such extra work or change shall be made unless in pursuance of a written order from the Owner, and in accordance with a supplemental agreement between the Owner and the Contractor, authorizing the same, and no claim for an addition to the Contract sum shall be valid unless so ordered.

Adjustments, if any, in the amounts to be paid to the Contractor by reason of any such variations, extra work or changes shall be determined by one or more of the following methods:

- (a) By such applicable unit prices, if any, as are set forth in the Contract: or
- (b) If no such unit prices are so set forth, then by a lump sum and/or unit price mutually agreed upon by the Owner and the Contractor: or
- (c) If no such unit prices are so set forth, and if the parties cannot agree upon a lump sum and/or unit price, then by actual net cost in money, to the Contractor, of the materials and of the wages of applied labor, (including premium for worker's compensation insurance, State and Federal taxes) required for such change, addition of deduction, plus such rental for plant and equipment (other than small tools) required and approved for such extra work, allowances made to Subcontractors to cover the cost of the extra work, special temporary structures, special machinery, equipment, tools and other expense not contemplated by the Contract, plus five percent (5%) of the cost of such material and labor, as compensation for all other items of profit and cost or expense, including administration overhead, superintendence, insurance (other than workers' compensation insurance), materials used in temporary structures, allowances made by the Contractor to the subcontractors, additional premium upon the performance bond of the Contractor and the use of small tools.

Article 22. Claim for Extra Cost. If the Contractor claims that any instructions by drawings or otherwise involve extra cost under this Contract, he shall give the Engineer written notice thereof before proceeding to perform the work or as soon as possible thereafter, except in an emergency endangering life or property, and the procedure shall then be as provided for changes in the work. No such claim shall be valid unless so made. Payments for extra work, after approval by the Owner, will be made in accordance with the provisions of Articles 19 and 21.

Article 23. Liquidated Damages. It is expressly agreed that the Contractor shall be liable to the Owner because of his failure to comply with the terms of this article. It is mutually agreed by and between the parties hereto, that time is an essential part of this Contract, and that, if the Contractor fails to complete his work within the time specified, he shall pay to the Owner the sum as noted in the Contract for each and every calendar day during which the completion of this Contract shall be delayed beyond the time specified herein for such completion.

It is agreed by and between the parties, that inasmuch as the damages which will be sustained by the Owner, in the event that said Contractor fails to perform the work herein specified in the time herein set forth, are for extra engineering and inspection costs, for damages to the Owner caused by the delay in the use of the improvements, for delay caused to other work by failure to perform this Contract, and other elements, some of which are indefinite and insusceptible for easy proof, that the sum above specified for which are indefinite and insusceptible for easy proof, that the sum above specified for each day's delay shall be considered as liquidated damages and not as penalty, and shall become due said Owner as Payment for damages sustained by it because of the failure of said Contractor to perform the work herein specified as herein provided, (See Contract, Article V).

Article 24. Delays and Extension of Time. If the Contractor is delayed at any time in the progress of the work by any act or neglect of the Owner or the Engineer, or of any employee of either, or by any separate contractor employed by the Owner, or any changes ordered on the work or by strikes, lockout, fire, unusual delay in transportation, unavoidable casualties or any causes beyond the Contractor's control, or by delay authorized by the Engineer pending arbitration, or by any cause which the Engineer shall decide to justify the delay. Then the time of completion shall be extended for such reasonable time as the Engineer may decide and the Owner approve.

No such extension shall be made for delay occurring more than seven (7) days before claim therefore is made in writing to the Engineer. In the case of a continuing cause of delay, only one claim is necessary.

If no schedule or agreement stating the dates upon which drawings shall be furnished is made, then no claim for delay shall be allowed on account of failure to furnish drawings until two (2) weeks after demand for such drawings and not then unless such claim be reasonable.

This article does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

Article 25. Suspension of Work. The Owner may at any time suspend the work, or any part thereof, by giving three (3) days' written notice to the Contractor. The work shall be resumed by the Contractor within a reasonable time after the date fixed in a written notice from the Owner to the Contractor so to do. The Owner shall reimburse the Contractor for expense incurred by the Contractor in connection with the work, under this Contract, as a result of such suspension, unless such suspension is ordered by reason of the refusal of the Contractor to comply with the terms of the Contract. But if the work or any part thereof shall be stopped by the notice in writing aforesaid, and if the Owner does not give notice in writing to the Contractor to resume work at a date within thirty (30) days of the date affixed in the written notice to suspend, then the Contractor may abandon that portion of the work so suspended and he will be entitled to the estimates and payments for all work done on portions so abandoned, if any.

Article 26. Owner's Right to do Work. If the Contractor shall neglect to prosecute the work properly or shall fail to perform any provision of this Contract, the question of neglect, propriety of manner of doing the work, or failure to perform shall be determined by the Engineer, either of his own volition or upon submission of such question to the Owner, and if the Engineer determines that the work is not being prosecuted properly or that the Contractor has failed to perform any provision of the Contract, the Owner may upon three (3) days' written notice to the Contractor and without prejudice to any other remedy he may have, make good such deficiencies and may deduct any cost thereof or any loss or expense otherwise incurred thereby from the payments then and/or thereafter due the Contractor.

Article 27. The Owner's Right to Terminate Contract. If the Contractor should be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency or if he would persistently or repeatedly refuse or should fail, except in

cases for which extension of time is provided, to supply enough properly skilled workers or proper materials, or if he should fail materials, or if he should fail to make prompt payments to Subcontractors or for material or labor, unless such payment is made within the period of such notice, or persistently disregard laws, ordinances, or the instructions of the Engineer, or otherwise be guilty of a substantial violation of any provision of the Contract, then the Owner, upon the certificate of the Engineer that sufficient cause exists to justify such action, may without prejudice to any other right or remedy and after giving the Contractor seven (7) days' written notice, terminate the employment of the Contractor and take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method he may deem expedient.

In such cases, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Contract price shall exceed the expense of finishing the work, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expenses shall exceed such unpaid balance, the Contractor shall pay the difference to the Owner. The expense incurred by the Owner as herein provided, and the damage incurred through the Contractor's default, shall be certified by the Engineer.

Article 28. Contractor's Right to Stop Work or Terminate Contract. If the work should be stopped under an order of any court, or other public authority, for a period of three months, through no act or fault of the Contractor, or of anyone employed by him, or if the Engineer should fail to issue any estimate for payment within seven (7) days after it is due, or if the Owner should fail to pay the Contractor within seven (7) days of its maturity and presentation, any sum certified by the Engineer or awarded by arbitrators, then the Contractor may, upon seven (7) days' written notice to the Owner and the Engineer, unless such payment is made within the period of such notice, stop work or terminate this Contract and recover from the Owner payment for all work executed and any loss sustained upon any plant or materials and reasonable profit and damage.

Article 29. Removal of Equipment. In the case of annulment of this Contract before completion from any cause whatever, the Contractor, if notified to do so by the Owner shall promptly remove any part or all of his equipment and supplies from the property of the Owner, failing which the Owner shall have the right to remove such equipment and supplies at the expense of the Contractor.

Article 30. Payments.

Monthly Estimates. Approximately monthly during construction, the Engineer will estimate approximately the amount of work completed and usable materials delivered and the value thereof according to the terms of this Contract, and ninety-five percent (95%) of the amount so determined less previous payments, shall be paid to the Contractor within forty-five (45) days of the above date. The five percent (5%) withheld on monthly estimates will be retained by the Owner until completion of the Contract as a guarantee that the Contractor will faithfully perform and completely fulfill the obligations and conditions imposed by this Contract, and will pay any damages caused the Owner by reason of any failure on his part to fulfill any or all of said obligations or conditions.

Final Estimate. When in the opinion of the Engineer, all the work contemplated by this Contract is completed, he shall measure up said work and prepare a final estimate of the same. And the Owner shall, within forty-five (45) days after receiving the said final estimate, make payment of ninety-five percent (95%) of the amount of said estimate less previous payments to the Contractor, excepting such sums as may lawfully be retained under the terms of this contract, and provided that all the terms of this Contract have been complied with by said Contractor.

Repairs. The Contractor shall keep the work in good repair for a period of six (6) months after date of the final estimate and shall correct and repair promptly during that time all defective work and material of whatever description; and shall deliver the work in all respects in good condition at the end of that time. It is, however, expressly agreed that in any case where any break or failure is a menace to person or property and is not immediately repaired by the Contractor, the Owner may have made under his own direction such repairs as are reasonably necessary, the cost of such repairs to be deducted from money due the Contractor on the completion of the Contract.

Retainer. The Owner shall be and is hereby authorized to retain out of the money payable to said Contractor under this agreement, the sum of five percent (5%) on the amount of Contract and to expend the same in making such repairs of the said work as the Engineer may deem necessary in case such repairs are neglected by the Contractor after reasonable notice.

Final Payment. The Owner hereby further agrees that the said Contractor shall be entitled to receive the whole or part of the above mentioned sum as may remain after the expense of making such repairs as shall have been therefrom, in accordance with the following time schedule:

Three (3) months after inspection and final acceptance by the Owner

The acceptance by the Contractor of such final payment shall operate as and shall be a release to the Owner and all officers or agents thereof from all claim and liability to the Contractor for any reason whatsoever.

Article 31. Contractor's Liability Insurance. The Contractor shall furnish evidence to the Owner that, with respect to the operations he performs, he carries regular Contractor's Public Liability Insurance providing for a limit of not less than \$300,000.00 for all damages arising out of bodily injuries, including accidental death to one person, and subject to that limit for each person, a total limit of \$1,000,000.00 for all damages arising out of bodily injuries, including accidental death to two or more persons in any one occurrence.

Article 32. Indemnity. The Contractor shall furnish evidence to the Owner of Contractor's Property Damage Liability Insurance providing for a limit of not less than \$300,000.00 for all damages arising out of injury to or destruction of property in any one accident and subject to that limit per accident, a total (or aggregate) limit of \$1,000,000.00 for all damage arising out of injury to or destruction of property during the policy period.

Article 33. Fire Insurance. The Contractor shall secure, pay for and maintain until the final acceptance of the Contract by the Owner, in the name of the Owner, policies of fire insurance (including extended coverage) which shall be satisfactory to the Owner. The insurance shall be written in an amount satisfactory to the solicitor of the Owner and shall be payable to the Owner for the benefit of the Contractor.

Article 34. Bid Bond. A Bid Bond, certified check, cashiers check, or a letter of credit equal to 10% of the Bid shall be deposited with the Bid. A letter of credit may only be revocable by the County. Upon entering into a Contract with the County, the Contractor must comply with Article 35 of these General Conditions. After the Contract is finalized, all Bid Bonds will be returned to all Bidders.

Article 35. Guaranty Bonds. The Contractor shall furnish a Payment and Performance Bond or Bonds in the amount of one hundred percent (100%) of the Contract price covering the faithful performance of the Contract and the payment of all obligations arising thereunder, with security satisfactory to the Owner.

The Payment and Performance Bond shall also serve as a guarantee against defective material and workmanship in the said work covered by said Contract, provided however, that no suit, action or proceeding by reason of any defect whatever shall be brought upon this bond after one (1) year following the date of final acceptance of the work by Fairfield County, Ohio.

Article 36. Damages. Any claim for damage, arising under this Contract, against either party to this Contract because of any wrongful act or neglect on the part of the other party or anyone employed by him shall be adjusted by agreement or arbitration except as expressly stipulated otherwise in the case of faulty work or materials. Claims for such alleged damage must be filed in writing within ten (10) days after the first observance of such alleged damage and in no event later than the time of the final acceptance of the Contract.

Article 37. Liens. Neither final payment nor any part of the retained percentage shall become due and payable to the Contractor until he has furnished a sworn statement to the Owner stating that all bills for material and labor incurred by the Contractor in connection with the Contract have been fully paid by the Contractor. If any lien or other claim against the Contractor should subsequently be filed with the Owner, the Contractor shall relieve the Owner of all responsibility in connection with said claim and shall promptly pay the claim or otherwise satisfactorily adjust the same.

Article 38. Assignment. Neither party to the Contract shall assign the Contract or sublet it as a whole without the written consent of the other, nor shall the Contractor assign any monies due or to become due to him hereunder, without the previous written consent of the Owner. The Contractor shall not subcontract more than 70% of the General Contract.

Article 39. Subcontracts. The Contractor shall, as soon as practicable after the award of the Contract, notify the Engineer in writing of the names of Subcontractors proposed for the work and shall not employ any that the Engineer may within a reasonable time object to as incompetent or unfit.

The Contractor agrees that he is fully responsible to the Owner for the acts and omissions of his subcontractors and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

Nothing contained in the Contract Documents shall create any contractual relationship between any subcontractor and the Owner.

Article 40. Relations of Contractor and Subcontractor. The Contractor agrees to bind every Subcontractor and said Subcontractor agrees to comply with all of the terms and conditions of this Contract and perform the work in accordance with the drawings and specifications insofar as they apply to his work.

Article 41. Separate Contracts. The Owner reserves the right to enter into other contracts in connection with his work and the Contractor is cautioned that he will be required to coordinate his work in such a manner as to cause a minimum of interference with the work of any other contractor and as dictated by general practice and orderly procedure.

The Contractor shall promptly report in writing to the Engineer, with supporting sketches, any defects in the work of any other contractor which will affect the proper performance or execution of the work of the Contractor. Failure to so report in writing will constitute an acceptance of the other contractor's work.

Article 42. Rights of Various Interests. Whenever work being done by the Owner's forces or by other contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the Engineer, to secure the completion of the various portions of the work in general harmony.

Article 43. Cleaning Up. The Contractor shall, as directed by the Engineer, remove from the Owner's property and from all public and private property at his own expense all temporary structures, rubbish and waste materials resulting from the operations. In case of a dispute, the Owner or the Engineer acting for the Owner may cause the removal of all rubbish, materials and equipment charging the same to the Contractor and deducting the amount from the final estimates due said Contractor at the completion of the work.

Article 44. Materials, Services and Facilities. It is understood that, except as otherwise specifically stated in the Contract documents, the Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, power, transportation, superintendence, temporary construction of every nature, and all other services and facilities of every nature whatsoever necessary to execute, complete, and deliver the work within the specified time.

Any work necessary to be performed after regular working hours, on Sundays or legal holidays, shall be performed without additional expense to the Owner.

Article 45. Materials Referred to by Name - by Number. Specific reference in the Contract Documents to any article, device, product, material, fixture, form, or type of construction, etc., by name, make

or catalogue number shall be interpreted as establishing a standard of quality and shall not be construed as limiting competition, and the Contractor, in such cases, may at his option use any article, device, product, or material, fixture, form, or type of construction which in the judgment of the Owner expressed in writing is equal to that named.

Specifications referred to by number in the Specifications for the work are "Standard Specifications," including the latest current revisions and addenda, in effect on the date of issue of the Specifications referenced for the work. Materials specified for the work shall conform to the technical requirements of the respective specifications referred to. Specifications are not furnished to bidders, for the reason that they are prepared in collaboration with the material producers who are assumed to be familiar with their requirements.

Article 46. Indemnification. The Contractor will indemnify and hold harmless the Owner and the Engineer and their agents and employees from and against all claims, damages, losses and expenses including attorney's fees arising out of or resulting from the performance of the work, provided that any such claims, damage loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property including the loss of use resulting therefrom; and is caused in whole or in part by any negligent or willful act or omission of the Contractor, and Subcontractor, anyone directly employed by any of them or anyone for whose act any of them may be liable.

In any and all claims against the Owner or the Engineer and their agents and employees, by any employee of the Contractor, and Subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation shall not be limited in any way by any limitation of the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under workman's compensation acts, disability benefits acts or other employee benefits acts.

The obligation of the Contractor under this paragraph shall not extend to the liability of the Engineer, his agents or employees arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications.

Article 47. Compensation and Employees' General Liability Insurance: The Contractor shall procure and shall maintain during the life of this Contract, Workers' Compensation Coverage for all of his employees to be engaged in work under this Contract; and in case any such work is sublet, the Contractor shall require the Subcontractor similarly to provide Workers' Compensation Coverage for all of the latter's employees to be engaged in such work, unless such employees are covered by the protection afforded by the Contractor's Workers' Compensation Coverage. In case any class of employees is engaged in hazardous work protected under the Workers' Compensation statute, the Contractor shall provide and shall cause each Subcontractor to provide Employer's General Liability Insurance for the protection of his employees not otherwise protected

Article 48. Bid Proposal. This Article 48 shall apply only when the Form entitled "Bid Proposal" is included. The Bidder is required to fill in under the "Unit Price" column, a unit price for each item for each there is a quantity given in the "Estimated Quantity" column. The gross sum of the totals in the "Total Cost" column shall equal the sum bid for the work.

The unit prices specified in the "Unit Price" column as extended by the "Estimated Quantity" given will govern the award of the Lump Sum Contract.

The Bidder shall make the extensions in the "Total Cost" column and also add up the totals. However, the unit prices specified, together with the quantities listed, shall determine the total amount of the Bid. If there is an error made in the extensions by the Bidder, the total shall be changed as only the unit prices shall govern.

The quantities in the "Estimated Quantity" column are those given in the Engineer's estimate and are those which will be used in determining the total amount of each Bid for this improvement and for the purpose of determining the lowest Bid. The Bidder shall give a unit price for each item listed on the Bid Proposal. Failure to do so may render the Bid informal, at the discretion of the Engineer.

Article 49. Resolution of Claims.

A. Engineer's Decision Required: All disputed Claims shall be referred to the Engineer for decision. A decision by Engineer shall be required as a condition precedent to any exercise by Owner or Contractor of any rights or remedies either may otherwise have under the Contract Documents or by Laws and Regulations in respect of such Claims.

B. Notice: Written notice stating the general nature of each Claim shall be delivered by the claimant to Engineer and the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto. The responsibility to substantiate a Claim shall rest with the party making the Claim. Notice of the amount or extent of the Claim, with supporting data shall be delivered to the Engineer and the other party to the Contract within 60 days after the start of such event (unless Engineer allows additional time for claimant to submit additional or more accurate data in support of such Claim). Each Claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to Engineer and the claimant within 30 days after receipt of the claimant's last submittal (unless Engineer allows additional time).

C. Engineer's Action: Engineer will review each Claim and, within 30 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one of the following actions in writing: 1.) deny the Claim in whole or in part; 2.) approve the Claim; or 3.) notify the parties that the Engineer is unable to resolve the Claim if, in the Engineer's sole discretion, it would be inappropriate for the Engineer to do so. For purposes of further resolution of the Claim, such notice shall be deemed a denial.

D. In the event that Engineer does not take action on a Claim within said 30 days, the Claim shall be deemed denied.

E. Engineer's written action under Paragraph C or denial pursuant to Paragraphs C(3) or D will be final and binding upon Owner and Contractor, unless Owner or Contractor gives written notice to the other party of the intent to submit the Claim to a court of competent jurisdiction located in Fairfield County, Ohio, within 30 days of such action or denial.

F. No Claim for an adjustment in Contract Price or Contract Times will be valid if not submitted in accordance with this Paragraph.

GENERAL SPECIFICATIONS

This project includes all work items as set forth on the bid proposal and plans. The Bid Proposal, Plans, Specifications, Notice and Instructions to Bidders, General Conditions, Required Contract Provisions and General Specifications shall be considered as part of the Contract. The Bid Award shall be based upon total contract price as set forth in the Bid Proposal. Unit prices will be used for purposes of additions or deletions during construction.

All Labor and Materials shall be in accordance to referenced Items of the State of Ohio, Department of Transportation, Construction and Material Specifications dated January 1, 2023, including Supplemental Specification 800 dated January 1, 2025, and Road and Bridge Standard Drawings from the Ohio Department of Transportation for all details except as noted on the plans. Said referenced specifications and standard drawings are hereby made a part of the Contract. All work shall be performed to the satisfaction of the Fairfield County Engineer before payment is made.

The Engineer's estimate is \$1,376,878.55

If applicable, existing plans or subsurface investigations will be made available upon request.

DOMESTIC STEEL USE REQUIREMENTS AS SPECIFIED IN SECTION 153.011 OF THE REVISED CODE APPLY TO THIS PROJECT. COPIES OF SECTION 153.011 OF THE REVISED CODE CAN BE OBTAINED FROM ANY OF THE OFFICES OF THE DEPARTMENT OF ADMINISTRATIVE SERVICES.

Bidders must be pre-qualified with the Ohio Department of Transportation.

Contractor shall hold the County of Fairfield, Fairfield County Commissioners and the Fairfield County Engineer free and harmless from all claims arising from any accident or occurrences as a result of the Contractor's operations in the performance of the herein described work. Said Contractor shall have proper insurance with minimum limits of \$500,000 for each person and \$1,000,000 for each accident.

The Contractor is to provide for the payment of the Ohio Prevailing Wage Rates to all employees and is to provide the Fairfield County Engineer with a certified copy of each payroll.

All construction operations must be completed no later, in any case, than October 17, 2025, unless an extension of time has been granted. Construction conditions and/or weather may require extension of the completion date.

All work shall be coordinated and scheduled with the Fairfield County Engineer.

At the completion of the project, an Affidavit of Contractor Prevailing Wages, as provided, shall be filed with the Fairfield County Engineer's Office for the Contractor and any sub-contractors used prior to final payment.

The Contractor shall cooperate with all utilities located within the limits of this construction project and take responsibility for the protection of the utility property and services.

ITEM 441 ASPHALT CONCRETE

Compose the asphalt mixture with aggregate, asphalt binder, and modifiers (if specified) meeting Ohio Department Of Transportation (ODOT) requirements. Prior to producing asphalt mix for this contract, submit a job mix formula (JMF) for approval.

Include in the JMF the mix type proposed for use, aggregate source, type, and gradation, percentage of asphalt binder by weight of mixture, grade of asphalt binder, description and source of modifier (if being used), and unit weight of the mixture. Use a JMF that meets all requirements established in this contract and has previously been approved for use on ODOT work.

Where no previously approved JMF is available, develop one meeting all criteria established in this contract and have it reviewed and approved by an independent testing laboratory prior to submission to the owner representative. The person performing the review for the testing laboratory must be of its employ and be Level 3 Asphalt Concrete Mix Design Technician approved by ODOT.

Acceptance of the mixture will be based upon the owner representative's observation that production and quality control operations are resulting in an acceptable product.

ADDITIONAL PAVING REQUIREMENTS

Asphalt concrete paving shall be extended and feathered at all road intersections encountered along the length of the project as shown in the plans, or as otherwise directed by the Engineer. Material is included in the estimated quantities for this requirement. The joint against the existing pavement at these locations shall be sealed as per 401.17.

DRIVEWAY APRONS

An estimated quantity of Asphalt Concrete Surface Course has been included in the plan to be used as directed by the Engineer to pave approach areas to existing private drives. All such driveways shall be feathered to a distance of 4 feet from the edge of pavement and shall be constructed by extending the paver screed with no joint between the edge of pavement and driveway approach. Additional length beyond the 4 feet may be needed to provide drive approaches with a maximum grade of 8%. Lengths and locations of drives needing additional feathering will be as directed by the engineer.

Any grading of existing drives, tack or prime coat, all materials, labor, equipment, tools and incidentals necessary to complete work on drives shall be included in the unit price bid for each surface course item.

MAILBOX APRONS

All mailbox aprons shall be paved with Asphalt Concrete. Estimated quantities are included for each Surface Course Item, for this work. The apron shall be constructed by extending the paver screed with no joint between the edge of pavement and the approach.

ITEM 202 WEARING COURSE REMOVED

This work shall conform to ODOT Item 202 Wearing Course Removed and ODOT Standard Construction Drawing BP3.1. The areas calling for Wearing Course Removed are approximate. The contractor and the engineer shall inspect all locations for wearing course removal to determine the depth and area to be removed as well as the appropriate equipment.

Prior to opening to traffic, the contractor shall install and maintain "BUMP" signs (OW8-1) for each direction at each joint. Additionally, all vertical edges in the traveled way shall be ramped with cold mix asphalt or hot mix asphalt placed on burlap, or as directed by the engineer, to provide a safe and smooth transition from the planed pavement to the existing pavement.

Maximum duration between planning and completed surface course shall be 14 calendar days. This shall be considered an interim completion date, and liquidated damages shall be assessed at \$1000 per day. Areas planned shall have appropriate signs per 614.055 erected prior to opening to traffic.

Payment for all the work as mentioned above will be at the unit bid price for item 202 wearing course removed.

ITEM 254, PAVEMENT PLANING, ASPHALT CONCRETE

Planing on bridge decks shall be performed to provide a desirable cross slope of 1.60% while holding the depth at the edges to 1.5". Transition from either approach to the deck to existing for a minimum distance of 55 feet each direction.

ITEM 614 - WORK ZONE MARKING SIGNS

The contractor shall erect the Work Zone Marking Signs prior to covering the existing pavement markings. Work Zone Marking Signs shall be erected at locations as determined by the Engineer. The following quantity of signs are included: 8 each - ROAD WORK AHEAD, 8 each - END ROAD WORK, 11 each - DO NOT PASS, 11 each - NO EDGE LINE.

In addition the contractor shall make a record of the existing pavement marking locations prior to commencing the resurfacing operation.

ITEM 614 - MAINTAINING TRAFFIC

Road and/or lane closures shall be in accordance with the Contract Documents. Liquidated damages shall be assessed in accordance with Section 108.07 of the Construction And Material Specifications and Contract Documents.

Traffic shall be maintained during lane closures with flaggers as per Standard Drawings MT-97.10 and MT-97.11 at all times.

Access to local property owners shall be maintained at all times.

All work and traffic control devices shall be in accordance with 614 and other applicable portions of the specifications, as well as the Ohio Manual of Uniform Traffic Control Devices. Payment for all labor, equipment and materials shall be included in the lump sum contract price for 614, Maintaining Traffic, unless separately itemized in the plan.

PAVEMENT MARKINGS

No passing centerline logs will be supplied by the Engineer and shall be used to establish Centerline No Passing locations.

Estimated quantities are included to replace auxiliary markings at the direction of the Engineer.

ITEM 690 SPECIAL - RAILROAD COORDINATION

IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO COORDINATE ANY WORK WITHIN OR ON THE RAILROAD WITH KANAWHA RIVER RAILROAD. ANY NECESSARY RAILROAD PERMITS SHALL BE OBTAINED BY THE CONTRACTOR FOR WORK WITHIN THE RAILROAD RIGHT OF WAY. THE FOLLOWING INFORMATION IS PROVIDED TO ASSIST IN OBTAINING THE PROPER PERMITS:

JUSTIN MAHR
DIRECTOR PUBLIC PROJECTS & UTILITY INFRASTRUCTURE
WATCO
(402) 651-8238
Justin.mahr@watco.com

CR36 (CARROLL NORTHERN ROAD) DOT CROSSING NUMBER: 513388G

THE CONTRACTOR SHALL ADJUST THE PROFILE, IF NECESSARY TO MEET THE RAILROAD TRACKS AND PROVIDE A SMOOTH TRANSITION. THIS WORK SHALL BE INVOLVED IN ITEM 441 ASPHALT SURFACE COURSE.

THE CROWN SHALL BE WORKED OUT OF THE PROPOSED PAVEMENT ON EACH SIDE OF THE RAILROAD CROSSING, BEGINNING 50 FEET FROM THE NEAREST RAIL BY RAISING THE EDGES OF THE NEW PAVEMENT TO MEET THE PLATFORM ELEVATION.

ALL COST ASSOCIATED WITH OBTAINING NECESSARY PERMITS AND TRAFFIC CONTROL FOR THE RAILROAD CROSSING SHALL BE PAID FOR AT THE UNIT COST FOR ITEM 690 SPECIAL - RAILROAD COORDINATION.

PN 534- 04/17/2015 - Asphalt Binder Price Adjustment

A. Eligibility

If the Department's asphalt binder index has increased or decreased in excess of 10%, asphalt concrete may be eligible for a price adjustment. The total price adjustment must be more than \$800.

B. Price Adjustment Criteria and Conditions:

The Department will establish and publish the asphalt binder Bidding Index (BI) and Placing Index (PI) for each month of each calendar year. The asphalt binder indexes will be posted on the Department's website.

The Department will establish the asphalt binder indexes based on the data provided in the Potem & Partners, Inc., Asphalt Weekly Monitor® (AWM) (<http://www.poten.com/copyright.asp>).

The Department will use the selling price for PG 64-22 paving grade asphalt from the Midwest/Mid-continent Markets of Illinois/Michigan/Ohio/Indiana/Kentucky for the Ohio cities/areas listed. The Department will average the Ohio cities/areas low and high selling prices as published in the last weekly publishing period of each month that includes the last Friday of the month to calculate the BI and PI. The calculated asphalt binder BI will be posted by the Department as the index for the following month. The calculated asphalt binder PI will be posted by the Department as the index for the current month.

The Director will determine the asphalt binder indexes in the event data from the AWM is unavailable for any reason.

C. Price Adjustment Calculations

If the ratio of the PI to the BI is greater than 1.10 or less than 0.90, the Department will adjust the compensation the contractor receives for eligible quantities of asphalt concrete. The adjustment is based on the bid month and the month of asphalt concrete placement. The adjustment will apply to the price for asphalt binder used in eligible asphalt concrete quantities according to the following formula:

For a price increase:

$$PA = \left(\frac{PI}{BI} - 1.10 \right) \times C \times Q$$

For a price decrease:

$$PA = \left(\frac{PI}{BI} - 0.90 \right) \times C \times Q$$

Where:

PA = Price Adjustment

BI = Bidding Index, the asphalt binder index for the month the project is bid

PI = Placing Index, the asphalt binder index for the month the asphalt concrete is

placed $C = BI \times \text{percent virgin asphalt binder} / 100$

Q = Eligible quantity of asphalt concrete in tons (metric tons)

The percent of virgin asphalt binder used to calculate C is determined from the approved Job Mix Formula (JMF).

The eligible quantity of asphalt concrete, Q, is the complete, in-place, and accepted quantity in tons (metric tons) placed in the month being considered for price adjustment. If the quantity is paid in cubic yards (cubic meters), the Department will convert the volume into tons (metric tons) using the conversion factor established according to the Department's Construction and Material Specifications Item 401.21.

If eligible asphalt concrete is placed beyond an approved Contract Completion Date, the Department will base price adjustments on either the PI for the last month of the approved Contract Completion Date, or the PI for the actual month of placing, using whichever PI is less.

At a minimum, the Department will calculate and apply price adjustments at the end of each construction season and as soon as practical after the completion of the project.

D. Extra Work/Force Account:

When new asphalt concrete pay items are added to the contract as Extra Work, in accordance with the provisions of C&MS Section 109.05, no price adjustments will be made.

ITEM 690 SPECIAL - ASPHALT REJUVENATE

I. Scope:

This work shall consist of furnishing all labor, material, and equipment necessary to perform all operations for the application of an asphalt rejuvenating agent to asphaltic concrete surface courses. The rejuvenation of surface courses shall be by spray application of a maltene based cationic rejuvenating agent composed of petroleum oils and resins emulsified with water. All work shall be in accordance with the specifications, the applicable drawings, and subject to the terms and conditions of this contract.

II. Material Specifications:

The asphalt rejuvenating agent shall be an emulsion composed of a petroleum resin oil base uniformly emulsified with water. Each bidder must submit with his bid a certified statement from the asphalt rejuvenator manufacturer showing that the asphalt rejuvenating emulsion conforms to the required physical and chemical requirements.

SPECIFICATIONS

Tests	Test Method Requirements		Min.	Max.
	ASTM	AASHTO		
Tests on Emulsion:				
Viscosity @ 25°C, SFS	D-244	T-59	15	40

$\frac{PC + A_1^5}{S + A_2}$				
PC/S Ratio ⁵	D-2006-70	-	0.5	-
Saturated Hydrocarbons, S ⁵	D-2006-70	-	21	28

¹ ASTM D-244 Modified Evaporation Test for percent of residue is made by heating 50 gram sample to 149 C (300 F) until foaming ceases, then cool immediately and calculate results.

² Test procedure identical with ASTM D-244-60 except that .02 Normal Calcium Chloride solution shall be used in place of distilled water.

³ Test procedures identical with ASTM D-244-60 except that distilled water shall be used in place of two percent sodium oleate solution.

⁴ Test procedure is attached.

⁵ Chemical composition by ASTM Method D-2006-70:

PC = Polar Compounds, A₁ = First Acidaffins

A₂ = Second Acidaffins, S = Saturated Hydrocarbons

PROCEDURE FOR DETERMINING PERCENT LIGHT TRANSMITTANCE ON ASPHALT REJUVENATING AGENT

A. SCOPE

This procedure covers the determination of percent light transmittance of the asphalt rejuvenating agent.

B. APPARATUS

- 1) Container may be either glass, plastic or metal having a capacity of 6,000 ml.
- 2) Graduated cylinder, 1,000 ml, or greater
- 3) Light transmittance measuring apparatus, such as Bausch and Lomb or Lumetron spectrophotometer
- 4) Graduated pipette having 1 ml capacity to 0.01 ml accuracy
- 5) Suction bulb for use with pipette
- 6) Test tubes compatible with spectrophotometer, 3/4" X 6, Bausch and Lomb, Catalog No. 33-17- 81, (B&L)

C. CALIBRATION OF SPECTROPHOTOMETER

- 1) Calibrate spectrophotometer as follows: (a) Set wavelength at 580 mu, (b) Allow spectrophotometer to warm-up thirty minutes, (c) Zero percent light transmittance (%LT) scale, (d) Rinse test tube three times with tap water and fill to top of circle marking on B&L test tube or approximately 2/3 full, (e) Place tube in spectrophotometer and set %LT scale at 100, and (f) repeat steps (c) and (e) two times or until no further adjustments are necessary.

D. PROCEDURE

- 1) Shake, stir or otherwise thoroughly mix emulsion to be tested. Place sample of emulsion in beaker and allow to stand one minute.
- 2) Place 2,000 ml tap water in container.
- 3) Suck 1.00 ml emulsion into pipette using suction bulb. Wipe off outside of pipette.
- 4) Using suction bulb, blow emulsion into container.
- 5) Rinse pipette by sucking in diluted emulsion solution and blowing out.
- 6) Clean pipette with soap or solvent and water. Rinse with acetone.
- 7) Stir diluted emulsion thoroughly.
- 8) Rinse out tube to be used with the diluted emulsion three times and fill to top of circle.
- 9) Calibrate spectrophotometer.
- 10) Place diluted emulsion sample tube in spectrophotometer, cover and read %LT to nearest tenth.
- 11) Repeat steps 9 and 10 until three identical consecutive readings are achieved.
- 12) The elapsed time between addition of emulsion to dilution of water and final %LT reading should not exceed 5 minutes.

III. Material Performance:

The asphalt rejuvenating agent shall have the capability to penetrate the asphalt pavement surface and performing as follows. The asphalt rejuvenating agent shall be absorbed and incorporated into the asphalt binder. Verification that said incorporation of the asphalt rejuvenating agent into the asphalt binder has been affected shall be by analysis of the chemical properties of said asphalt binder i.e. viscosity shall be reduced by petroleum maltene fraction replacement method to the following extent. For pavements receiving the first or original application of rejuvenating agent the viscosity shall be reduced by a minimum of thirty-five, (35%) percent as determined by dynamic shear rheometer (DSR) method for asphalt testing in accord with AASHTO T315-05. For retreated pavements after an initial treatment with the asphalt rejuvenator the viscosity shall be reduced by petroleum maltene replacement method a minimum of twenty percent (20%) as determined by dynamic shear rheometer (DSR) method for testing in accord with AASHTO T315-05. In addition, the phase angle shall be increased. This analysis shall apply to extracted asphalt binder, taken from cores extracted fifteen to thirty days following application, in the upper three eights inch (3/8") of pavement. In addition, the treated areas shall be sealed in-depth to the intrusion of air and water.

The rejuvenating agent shall have a record of at least five years of satisfactory service as a petroleum maltene based emulsion asphalt rejuvenating agent and in-depth sealer. Satisfactory service shall be based on the capability of the material to decrease the viscosity of the asphalt binder by petroleum maltene fraction replacement method, increase the phase angle and provide an in-depth seal. Reclamite®, a Tricor Refiners, LLC product manufactured by D&D Emulsion, Inc., Mansfield, Ohio, is a product of know quality and accepted performance.

The bidder must submit with his bid the manufacturer's certification that the material proposed for use is in compliance with the specification requirements. The bidder must submit with his bid previous use documentation and test data conclusively demonstrating that; the rejuvenating agent has been used successfully for a period of five years by government agencies such as Cities, Counties, etc; and that the asphalt rejuvenating agent has been proven to perform, as heretofore required, through field testing by government agencies as to the required change in asphalt binder viscosity and phase angle. Prior testing data shall be submitted indicating such product performance on a sufficient number of projects to insure product consistency. In addition, prior testing data shall be submitted to indicate said product performance as heretofore described over a minimum testing period of three years to insure reasonable life expectancy.

RECLAMITE®, a product of Tricor Refining, LLC is a product of known quality and accepted performance.

IV. Applicator Experience:

The asphalt-rejuvenating agent shall be applied by an experienced applicator of such material. The bidder shall have a minimum of three years experience in applying the product proposed for use. The bidder must submit with the bid a list of five projects on which he applied said rejuvenator. They shall indicate the project dates, number of square yards treated in each and the name and phone number of the government official in charge of each project.

A project superintendent knowledgeable and experienced in application of the asphalt-rejuvenating agent must be in control of each day's work. The bidder shall submit a written experience outline of the project superintendent.

V. PRODUCT STANDARDS AND ALTERNATES:

The product "Reclamite"® for the asphalt rejuvenating agent, a Tricor Refiners LLC product manufactured by D & D emulsions, Inc. Mansfield, Ohio is the standard for these specifications and the prices quoted on the Bid Sheet Base Bid shall be for this standard. Should a bidder wish to submit a bid for alternates to the Standard, said prices shall be entered on the BID SHEET as the "Alternate Bid" for each item. In the event that the bidder submits no bid for the Standard, only the "Alternate Bids" should be completed.

Bidders may offer an ALTERNATE for the Standard specified in the Specifications provided the bidder adheres to the following and submits same with his bid.

- (a) List the proposed alternate on the BID SHEET form giving the product name and price.
- (b) Furnish complete specifications and descriptive literature for the alternate as well as a one-gallon sample of the material proposed for use. Such descriptive and detailed information shall be complete and at least equal in detail to the agency's requirements for the standard item for which the alternate is offered.
- (c) Submit a current Safety Data Sheet for the alternate materials.
The agency will give the alternate consideration. The Contractor may furnish only those alternate items included in his proposal and approved by the agency prior to award of a contract.
- (d) Furnish all required test data and use documentation as heretofore required.

If no ALTERNATE is indicated on the BID SHEET, the Contractor shall furnish the STANDARD (brand) specified in the attached specifications.

Should the ALTERNATE offered be found unacceptable by the agency based on the data submitted with the bid and no bid is entered on the BID SHEET for the Standard, then said bid will be considered non-responsive.

VI. APPLICATION TEMPERATURE/WEATHER LIMITATIONS:

The temperature of the asphalt rejuvenating emulsion, at the time of application shall be as recommended by the manufacturer. The asphalt-rejuvenating agent shall be applied only when the existing surface to be treated is thoroughly dry and when it is not threatening to rain. The asphalt-rejuvenating agent shall not be applied when the ambient temperature is below 40° F.

VII. HANDLING OF ASPHALT REJUVENATING AGENT:

Contents in tank cars or storage tanks shall be circulated at least forty-five minutes before withdrawing any material for application. When loading the distributor, the asphalt rejuvenating agent concentrate shall be loaded first and then the required amount of water shall be added. The water shall be added into the distributor with enough force to cause agitation and thorough mixing of the two materials. To prevent foaming, the discharge end of the water hose or pipe shall be kept below the surface of the material in the distributor that shall be used as a spreader. The distributor truck will be cleaned of all its asphalt materials and washed out to the extent that no discoloration of the emulsion may be perceptible. Cleanliness of the spreading equipment shall be subject to the approval and satisfaction of the Engineer.

VIII. RESIDENT NOTIFICATION:

The contractor shall distribute by hand, a typed notice to all residences and businesses on the street to be treated. The notice will be delivered no more than 24 hours prior to the treatment of the road. The notice will have a local phone number that residents may call to ask questions. The notice shall be of the door hanger type that secures to the door handle of each dwelling. Unsecured notices will not be allowed. The contractor shall also place the notice on the windshield of any parked cars on the street. Hand distribution of this notice will be considered incidental to the contract.

IX. APPLYING EQUIPMENT:

The distributor for spreading the emulsion shall be self-propelled and shall have pneumatic tires. The distributor shall be designed and equipped to distribute the asphalt rejuvenating agent uniformly on variable widths of surface at readily determined and controlled rates from 0.04 to 0.08 gallons per square yard of surface, and with an allowable variation from any specified rate not to exceed 5 percent of the specified rate.

Distributor equipment shall include full circulation spray bars, pump tachometer, volume measuring device and a hand hose attachment suitable for application of the emulsion manually to cover areas inaccessible to the distributor. The distributor shall be equipped to circulate and agitate the emulsion within the tank. The distributor shall have a computerized system, acceptable to the Engineer that controls the rate of product application.

A check of distributor equipment as well as application rate accuracy and uniformity of distribution shall be made when directed by the Engineer.

The truck used for applying rock dust, or other aggregate when required and approved by the Engineer, shall be equipped with a spreader that allows the rock dust to be uniformly distributed onto the pavement. The spreader shall be able to apply 1/2 pound to 3 pounds of rock dust or other aggregate per square yard in a single pass. The spreader shall be adjustable so as not to broadcast the rock dust or other aggregate onto driveways or tree lawns.

The rock dust or other aggregate to be used shall be free flowing, without any leaves, dirt, stones, etc. Any wet rock dust shall be rejected from the job site.

Any equipment that is not maintained in full working order, or is proven inadequate to obtain the results prescribed, shall be repaired or replaced at the direction of the Engineer.

X. APPLICATION OF REJUVENATING AGENT:

The asphalt-rejuvenating agent shall be applied by a distributor truck at the temperature recommended by the manufacturer and at the pressure required for the proper distribution. The emulsion shall be so applied that uniform distribution is obtained at all points of the areas to be treated. Distribution shall be commenced with a running start to ensure full rate of spread over the entire area to be treated. Areas inadvertently missed shall receive additional treatment as may be required by hand sprayer application.

Application of asphalt rejuvenating agent shall be on one-half width of the pavement at a time. When the second half of the surface is treated, the distributor nozzle nearest the center of the road shall overlap the previous application by at least one-half the width of the nozzle spray. In any event the centerline construction joint area of the pavement shall be treated in each application passes of the distributor truck.

Before spreading, the asphalt rejuvenating agent shall be blended with water at the rate of two (2) parts rejuvenating agent to one (1) part water, by volume or as specified by the manufacturer for jobsite conditions. The combined mixture of asphalt rejuvenating agent and water shall be spread at the rate of 0.04 to 0.08 gallons per square yard, or as approved by the Engineer following field testing.

Where more than one application is to be made, succeeding applications shall be made as soon as penetration of the preceding application has been completed and the Engineer grants approval for additional applications.

Grades or super elevations of surfaces that may cause excessive runoff, in the opinion of the Engineer, shall have the required amounts applied in two or more applications as directed.

After the rejuvenating emulsion has penetrate and when surface conditions require a light coating of dry rock dust, or other aggregate approved by the Engineer, shall be applied to the surface in sufficient amount to protect the traveling public as required by the Engineer. The rock dust or other approved aggregate shall be swept and removed from the streets and properly disposed of at the Contractor's expense within 24 hours of application.

The Contractor shall furnish a quality inspection report showing the source, manufacturer, and the date shipped, for each load of asphalt rejuvenating agent. When directed by the Engineer, the Contractor shall take representative samples of material for testing.

XI. STREET SWEEPING:

The Contractor shall be responsible for sweeping and cleaning of the streets prior to, and after treatment.

Prior to treatment, the street will be cleaned of all standing water, dirt, leaves, foreign materials, etc. This work shall be accomplished by hand brooming, power blowing or other approved methods. If in the opinion of the Engineer, the hand cleaning is not sufficient than a self-propelled street sweeper shall be used.

All rock dust or other approved material used during the treatment must be removed no later than 24 hours after treatment of the street. This shall be accomplished by a combination of hand and mechanical sweeping. All turnouts, cul-de-sacs, etc. must be cleaned of any material to the satisfaction of the Engineer. Street sweeping will be included in the price bid per square yard for asphalt rejuvenating agent.

If, in the opinion of the Engineer, additional rock dust is required said material shall be applied by the contractor. Said rock dust shall be swept up no later than 24 hours following reapplication. No additional compensation will be allowed for reapplication and removal of rock dust.

XII. TRAFFIC CONTROL:

The Contractor shall schedule his operations and carry out the work in a manner to cause the least disturbance and/or interference with the normal flow of traffic over the areas to be treated. Treated portions of the pavement surfaces shall be kept closed and free from traffic until penetration, in the opinion of the Engineer, has become complete and the area is suitable for traffic.

When, in the opinion of the Engineer, traffic must be maintained at all times on a particular street, then the Contractor shall apply asphalt rejuvenating agent to one lane at a time. Traffic shall be maintained in the untreated lane until the traffic may be switched to the completed lane.

The Contractor shall be responsible for all traffic control and signing required to permit safe travel. The contractor shall notify the police and fire departments as to the streets that are to be treated each day.

If, in the opinion of the Engineer, proper signing is not being used, the Contractor shall stop all operations until safe signing and barricading is achieved.

XIII. METHOD OF MEASUREMENT:

Asphalt rejuvenating agent will be measured by the square yard as provided for in the Contract Documents.

XIV. BASIS FOR PAYMENT:

The accepted quantities, measured as provided for above, will be paid for at the contract unit price for asphalt rejuvenating agent.

Asphalt rejuvenating agent shall be paid for PER SQUARE YARD, which shall be full compensation for furnishing all materials; equipment, labor and incidentals to complete the work as specified and required.

BID PROPOSAL
2025 RESURFACING PROJECT

TO THE COUNTY OF FAIRFIELD:

After careful examination of the plans, specifications, form of contract, and site of the proposed work, the undersigned hereby proposes and agrees, if this proposal be accepted, to enter into a contract using the form of contract provided for, to furnish all equipment, labor, materials, and construction necessary to complete the said work in accordance with the terms and conditions specified and to furnish a satisfactory bond in the amount of one hundred percent (100%) of the total amount of the contract, conditioned as and in form prescribed by law as a guarantee for the faithful performance of the contract for the following prices as described and the work described in this proposal.

Project Description: 2025 Resurfacing Project

Date Set for Completion: Octobe 17, 2025

Time Limits: All construction activities must not extend past the above mentioned completion date.

All labor, materials, and procedures to be in accordance with the ODOT Construction and Material Specifications Book as specified in the General Specifications document included with this contract, and the Road and Bridge Standard Drawings from the Ohio Department of Transportation for all details except as noted in the plans.

CONTRACT

This Contract, made this _____ day of _____, 2025, between the Fairfield County Commissioners, hereinafter called the Owner, and _____ and its successors, executors, administrators and assigns, hereinafter called the Contractor.

WITNESSETH: That the Owner and the Contractor for the consideration stated herein agree as follows:

ARTICLE I: Scope of the Work - The Contractor shall perform within the time stipulated, the Contract as herein defined of which this agreement is a component part and everything required to be performed and shall provide and furnish any and all of the labor and materials together with all tools, equipment and all utility and transportation services necessary to perform the Contract and complete in a workmanlike manner all the work covered by the Contract in connection with the Owner's Project identified as: 2025 Resurfacing Project in strict conformity with the Proposal, Plans, and Specifications including any and all Addenda issued by the Owner with the other Contract Documents.

It is agreed that said labor, materials, tools, equipment, and services shall be furnished by the Contractor and the Contract performed and completed under the direction and supervision and subject to the approval of the Owner or its authorized representatives.

ARTICLE II: Unit Prices - The Owner shall pay to the Contractor, as full consideration for performance of the Contract, an amount computed upon the basis of the Quantity of work actually performed at the unit price bids in the Proposal Form.

It is understood that the quantities stated for the unit price bids are approximate only and are subject to either increase or decrease; and should the quantity of any item of the unit price work be increased, the Contractor shall perform the additional work at the unit price bid in the Proposal, and should the quantity be decreased, payment will be made on actual quantities completed at the unit price bid in the Proposal, and the Contractor will make no claim for anticipated profits for any decrease in quantities. Actual quantities will be determined upon completion of the work.

ARTICLE III: Performance Bond - The Contractor shall furnish an acceptable Performance Bond in the amount of One Hundred Percent (100%) of the amount Bid at the time of signing of this Contract.

ARTICLE IV: Prevailing Wage - The Contractor shall pay the Prevailing Wage on this Contract and in accordance with all Prevailing Wage Laws in this area.

ARTICLE V: Failure to Complete on Time - If the Contractor fails to complete the work within the time allowed, must be completed not later than October 17, 2025, the Owner for each Calendar Day that any work shall remain uncompleted after the Contract completion date shall charge liquidated damages, from money due the Contractor, per the State of Ohio Department of Transportation Construction and Material Specifications Book specified in the General Specifications document included with this contract. The Owner may waive such portions of the liquidated damages as may accrue after the work is in condition for safe and convenient use by the Public.

ARTICLE VI: The Contractor covenants and agrees that this Contract shall consist of the documents as listed below which are attached hereto, incorporated herein by reference and made a part hereof:

- The Contract
- The Construction Plans
- The Bid Proposal
- General Specifications
- Performance and Payment Bond
- Non-Collusion Affidavit
- Certificates
- Experience Record
- Affidavit of Personal Property Tax Liability
- Affidavit of Lien Release
- Anti-Alcohol/Drug Policy
- General Conditions
- Prevailing Wage Determination
- Request for Taxpayer ID Number and Certification (W-9)
- Specifications/Location Plans

ARTICLE VII: In consideration of the premises and in accordance with the provisions of Article 30 of the General Conditions, the Owner agrees to pay to the Contractor the appropriate sum of (\$) upon completion of 2025 Resurfacing Project after inspection and acceptance by the Owner.

ARTICLE VIII: The Contractor further covenants and agrees that he shall give the Owner no less than forty-eight (48) hours (working days - County calendar) written notice of occupying the construction site necessitating road closure. Notice to proceed shall be the date of receipt of the Contract signed by the County Commissioners.

The Contractor further covenants and agrees that in the hiring of employees for the performance of work under this Contract or any subcontract, no Contractor or Subcontractor or any person acting on his behalf, shall, by reason of race, creed, or color, discriminate against any citizen of the state in the employment of labor or workers who are qualified and available to perform the work to which the employment relates, and, further, that no Contractor, Subcontractor, nor any person acting on his behalf, shall, in any manner discriminate against or intimidate the employee hired for the performance of work under this Contract on account of race, creed or color.

ARTICLE IX: Both parties hereto agree that the provisions of Chapter 4115, Ohio Revised Code, and RELATED SECTIONS, shall be complied with, in all respects under this Contract.

IN WITNESS WHEREOF: The parties hereto have caused their names to be affixed by their duly authorized officers and caused their corporate seals to be affixed hereto.

PERFORMANCE/PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS, that we, the undersigned _____ as Principal and _____ as sureties, are hereby held and firmly bound unto the Board of County Commissioners of Fairfield County, Ohio, in the penal sum of _____ Dollars, for the payment of which well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH that whereas the above name Principal did on the _____ day of _____, _____ enter into a Contract with the Board of County Commissioners of Fairfield County, Ohio, which said Contract is made a part of this Bond and the same as through set forth herein:

Now, if the said _____ shall well and faithfully do and perform the things agreed by _____ be done and performed according to the terms of said Contract, and shall pay all lawful claims of subcontractors, material men and laborers, for labor performed and material furnished in the carrying forward, performing or completing of said Contract; we agreeing and assenting that this undertaking shall be for the benefit of any material men or laborer having a just claim, as well as for the oblige herein; then this obligation shall be void; otherwise the same shall remain in full force and effect; it being expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the penal amount of this obligation as herein stated.

IT IS HEREBY EXPRESSLY FURTHER UNDERSTOOD AND AGREED, that this Bond is also given and made as a guarantee against defective material and workmanship in the said work covered by said Contract, provided however, that no suit, action or proceeding by reason of any defect whatever, shall be brought upon this bond after one (1) year following the date of final acceptance of the work by Fairfield County, Ohio.

Signed this _____ day of _____, _____.

**Request for Taxpayer
Identification Number and Certification**

Go to www.irs.gov/FormW9 for instructions and the latest information.

**Give form to the
requester. Do not
send to the IRS.**

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See Specific Instructions on page 3.	1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)	
	2 Business name/disregarded entity name, if different from above.	
	3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor <input type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) _____	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____ (Applies to accounts maintained outside the United States.)
	3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions <input type="checkbox"/>	
	5 Address (number, street, and apt. or suite no.). See instructions.	Requester's name and address (optional)
	6 City, state, and ZIP code	
	7 List account number(s) here (optional)	

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number								
				-				
or								
Employer identification number								
				-				

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here	Signature of U.S. person	Date
------------------	--------------------------	------

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "By signing the filled-out form" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For

example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third-party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space on line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).

- 2—The United States or any of its agencies or instrumentalities.
 3—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.
 4—A foreign government or any of its political subdivisions, agencies, or instrumentalities.
 5—A corporation.
 6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or territory.
 7—A futures commission merchant registered with the Commodity Futures Trading Commission.
 8—A real estate investment trust.
 9—An entity registered at all times during the tax year under the Investment Company Act of 1940.
 10—A common trust fund operated by a bank under section 584(a).
 11—A financial institution as defined under section 581.
 12—A middleman known in the investment community as a nominee or custodian.
 13—A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for ...	THEN the payment is exempt for ...
• Interest and dividend payments	All exempt payees except for 7.
• Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
• Barter exchange transactions and patronage dividends	Exempt payees 1 through 4.
• Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 5. ²
• Payments made in settlement of payment card or third-party network transactions	Exempt payees 1 through 4.

¹ See Form 1099-MISC, Miscellaneous Information, and its instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37).

B—The United States or any of its agencies or instrumentalities.

C—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i).

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i).

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state.

G—A real estate investment trust.

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940.

I—A common trust fund as defined in section 584(a).

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/EIN. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account ¹
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor ²
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee ¹
b. So-called trust account that is not a legal or valid trust under state law	The actual owner ¹
6. Sole proprietorship or disregarded entity owned by an individual	The owner ³
7. Grantor trust filing under Optional Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))**	The grantor*

For this type of account:	Give name and EIN of:
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity ⁴
10. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
11. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
12. Partnership or multi-member LLC	The partnership
13. A broker or registered nominee	The broker or nominee
14. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
15. Grantor trust filing Form 1041 or under the Optional Filing Method 2, requiring Form 1099 (see Regulations section 1.671-4(b)(2)(i)(B))**	The trust

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name on line 1, and enter your business or DBA name, if any, on line 2. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

⁴ List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

* **Note:** The grantor must also provide a Form W-9 to the trustee of the trust.

** For more information on optional filing methods for grantor trusts, see the Instructions for Form 1041.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Go to www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

Prevailing Wage Determination Cover Letter

County: FAIRFIELD ✓
Determination Date: 05/22/2025
Expiration Date: 08/22/2025

THE FOLLOWING PAGES ARE PREVAILING RATES OF WAGES ON PUBLIC IMPROVEMENTS FAIRLY ESTIMATED TO BE MORE THAN THE AMOUNT IN O.R.C. SEC. 4115.03 (b) (1) or (2), AS APPLICABLE.

Section 4115.05 provides, in part: "Where contracts are not awarded or construction undertaken within ninety days from the date of the establishment of the prevailing wages, there shall be a redetermination of the prevailing rate of wages before the contract is awarded." The expiration date of this wage schedule is listed above for your convenience only. This wage determination is not intended as a blanket determination to be used for all projects during this period without prior approval of this Department.

Section 4115.04, Ohio Revised Code provides, in part: "Such schedule of wages shall be attached to and made a part of the specifications for the work, and shall be printed on the bidding blanks where the work is done by contract..."

The contract between the letting authority and the successful bidder shall contain a statement requiring that mechanics and laborers be paid a prevailing rate of wage as required in Section 4115.06, Ohio Revised Code.

The contractor or subcontractor is required to file with the contracting public authority upon completion of the project and prior to final payment therefore an affidavit stating that he has fully complied with Chapter 4115 of the Ohio Revised Code.

The wage rates contained in this schedule are the "Prevailing Wages" as defined by Section 4115.03, Ohio Revised Code (the basic hourly rates plus certain fringe benefits). These rates and fringes shall be a minimum to be paid under a contract regulated by Chapter 4115 of the Ohio Revised Code by contractors and subcontractors. The prevailing wage rates contained in this schedule include the effective dates and wage rates currently on file. In cases where future effective dates are not included in this schedule, modifications to the wage schedule will be furnished to the Prevailing Wage Coordinator appointed by the public authority as soon as prevailing wage rates increases are received by this office.

"There shall be posted in a prominent and accessible place on the site of work a legible statement of the Schedule of Wage Rates specified in the contract to the various classifications of laborers, workmen, and mechanics employed, said statement to remain posted during the life of such contract." Section 4115.07, Ohio Revised Code.

Apprentices will be permitted to work only under a bona fide apprenticeship program if such program exists and if such program is registered with the Ohio Apprenticeship Council.

Section 4115.071 provides that no later than ten days before the first payment of wages is due to any employee of any contractor or subcontractor working on a contract regulated by Chapter 4115, Ohio Revised Code, the contracting public authority shall appoint one of his own employees to act as the prevailing wage coordinator for said contract. The duties of the prevailing wage coordinator are outlined in Section 4115.071 of the Ohio Revised Code.

Section 4115.05 provides for an escalator in the prevailing wage rate. Each time a new rate is established, that rate is required to be paid on all ongoing public improvement projects.

A further requirement of Section 4115.05 of the Ohio Revised Code is: "On the occasion of the first pay date under a contract, the contractor shall furnish each employee not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of Labor with individual written notification of the job classification to which the employee is assigned, the prevailing wage determined to be applicable to that classification, separated into the hourly rate of pay and the fringe payments, and the identity of the prevailing wage Coordinator appointed by the public authority. The contractor or subcontractor shall furnish the same notification to each affected employee every time the job classification of the employee is changed."

Work performed in connection with the installation of modular furniture may be subject to prevailing wage.

THIS PACKET IS NOT TO BE SEPARATED BUT IS TO REMAIN COMPLETE AS IT IS SUBMITTED TO YOU. (Reference guidelines and forms are included in this packet to be helpful in the compliance of the Prevailing Wage law.)

Details :

Asbestos & lead paint abatement including, but not limited to the removal or encapsulation of asbestos & lead paint, all work in conjunction with the preparation of the removal of same & all work in conjunction with the clean up after said removal. The removal of all insulation materials, whether they contain asbestos or not, from mechanical systems (pipes, boilers, ducts, flues, breaching, etc.) is recognized as being the exclusive work of the Asbestos Abatement Workers.

On all mechanical systems (pipes, boilers, ducts, flues, breaching, etc.) that are going to be demolished, the removal of all insulating materials whether they contain asbestos or not shall be the exclusive work of the Laborers.

An Abatement Journeyman is anyone who has more than 600 hours in the Asbestos Abatement field.

Special Calculation Note : Other is UBC National Fund.

Ratio :

1 Journeyman to 1 Apprentice
Thereafter
2 Journeyman to 1 Apprentice

Jurisdiction (* denotes special jurisdictional note) :

DELAWARE, FAIRFIELD, FRANKLIN, GUERNSEY,
LICKING, MADISON, MARION, MUSKINGUM,
MORGAN, NOBLE, PERRY, PICKAWAY, UNION

The first carpenter on the job shall be a journeyman.
The second carpenter employed may be an apprentice carpenter. After one (1) journeyman and one (1) apprentice are employed, each employer shall employ a

ratio of one (1) apprentice, when available, to two (2) journeyman.

Special Jurisdictional Note :

Details :

CARPENTERS duties shall include but not limited to the milling, fashioning, joining, assembling, erecting, fastening, or dismantling of scaffolding and of material of wood, plastic, metal, fiber, cork and composition, and all other substitute materials. The handling, cleaning, erecting, installing and dismantling of machinery, equipment and all materials used by carpenters.

The building and setting of all concrete forms and decking, and dismantling the same; the setting of templates for anchor bolts for structural members and for machinery, and the placing, leveling and bracing of these bolts; the making of all forms for bulkheads, figures, post, balusters and ornaments. The erection and installation of cooling towers assembled onsite. The building of all barricades and handling of rough lumber and drywall. The installation of all required blocking and all toilet accessories, including but not limited to grab bars, napkin dispensers and receptacles, mirrors and soap dispensers. The installation of metal studs and the welding of studs and other fastenings to receive material being applied by carpenters. The installation of all material used in drywall construction such as plasterboard, transite and other composition boards. The installation of carpet, artificial turf, wood and Resilient floors shall consist of and include the laying of all special designs of wood, wood block, wood composition, cork, linoleum, asphalt, mastic, plastic and rubber tile, whether nailed or laid in, or with linoleum paste or glue compositions. The installation of garage and overhead doors. The installation of fixtures, cabinets, shelving, racks, louvers, etc. The assembling and setting of all seats in theaters, halls, churches, schools, auditoriums, grandstands and other buildings.

Our claim of jurisdiction, therefore, extends over the following subdivisions of the trade. Carpenters and Joiners; Bridge, Dock and Wharf Carpenters, Divers, Underpinners, Timbermen and Core Drillers; Shipwrights, Boat Builders, Ship Carpenters, Joiners and Caulkers, Cabinet Makers, Bench Hands, Stair Builders; Millmen; Wood and Resilient Floor Layers and Finishers; Carpet Layers; Shinglers; Siders; Insulators; Acoustic and Drywall Applicators; Shorers and House Movers; Loggers; Lumber and Sawmill Workers; Furniture Workers; Reed and Rattan Workers; Shingle Weavers; Casket and Coffin Makers; Box Makers; Railroad Carpenters; and Car Builders, regardless of material used; and all those engaged in the operation of woodworking or other machinery required in the fashioning, milling or manufacturing of products used in the trade, or engaged as helpers to any of the above divisions or subdivisions, and the handling, erecting and installing of material on any of the above divisions or subdivisions; burning welding, rigging and the use of any instrument or tool for layout work incidental to the trade. When the term "Carpenter" and "Joiner" is used, it shall mean all the subdivisions of the trade.

PILEDRIIVER:

Where piling is used in the construction and repair of all wharves, docks, piers, trestles, caissons, cofferdams, the erection of all sea walls and breakwaters.

The placing of all walling, bumper guards of wood or metal. The framing, boring, drilling or burning of all holes in the same, all tie and hog rods in connection with Piledrivers work.

The driving, bracing, plumbing, cutting-off and capping of all piling whether wood, steel sheeting, metal pipe piling, composite or concrete.

The heading and splicing of wood piling and the making of woodsheet piling, The welding, cutting or burning of any metal and wood piling and shoring and underpinning in connection with Piledriver work.

The loading and unloading of all piling and other material used in connection with Piledrivers work.

The loading, unloading, erecting, framing, dismantling, moving and handling of all drivers, derrick, cranes and other piledriving equipment used in the work. Drilling in piling or drilled in caissons where a steel liner is used.

All machinery used for handling spuds or anchors on floating equipment used in our work shall be operated by our members. Where swing lines or derricks are used, members shall be used as watchmen.

All underwater and marine work on all bulkheads, wharves, docks, shipyards, caissons, piers, bridges, pipeline work, viaducts, marine cable and trestles, as well as salvage and reclamation work where divers are employed.

All clamming work that is done by floating derricks.

Special Jurisdictional Note :

Details :

A groundman when directed shall assist a Journeyman Lineman, Traffic Signal and Lighting Journeyman or Equipment Operator in the performance of his/her work on the ground, including the use of hand tools. Under no circumstances shall this classification climb poles, towers, or work from an elevated platform or bucket truck. This classification shall not perform work normally assigned to an Apprentice.

No more than three (3) Groundmen shall work alone. Jobs with more than three Groundmen shall be supervised by a Groundcrew Foreman, Journeyman Lineman, Journeyman Traffic Signal Technician or an Equipment Operator.

Scope of Work: installation and maintenance of highway and street lighting, highway and street sign lighting, electronic message boards and traffic control systems, camera systems, traffic signal work, substation and line construction including overhead and underground projects for private and industrial work as in accordance with the IBEW Constitution. This Agreement includes the operation of all tools and equipment necessary for the installation of the above projects.

Ratio :

1 Journeymen to 1 Apprentice
4 Journeymen to 1 Apprentice

Jurisdiction (* denotes special jurisdictional note) :

FAIRFIELD, FAYETTE, FRANKLIN, HOCKING, LICKING,
MADISON, PICKAWAY, UNION

Special Jurisdictional Note :

Details :

Group 1:

General Laborers, Carpenter Tender, Cathodic Protection, Cleaning Debris, Cleaning of all Material, General Clean-up including Vacuum Cleaning, Scraping and Cleaning of Walls and Floors, Landscape, Installation and Removal of Fencing, Sod Layers, All Portable Heaters, Flagman, Loading and Unloading of all Trucks, Handling and conveying all Materials, Washing of all Windows, Conveyer Belt, All Water Pumps up to and including three (3) inch intake, Watchman, Water Boy and Tool Room Attendant.

Group 1- Swimming Pools, Pool Decks, Surrounding Sidewalk and Parking Garages.

Group 2:

Skid Steer, Concrete Specialists, Brick Tender, Stone Mason Tender, Plaster Tender, Mortar Mixer and Operator, Cement Mason Tender, Construction Specialist, All Scaffold Builders (Swinging Scaffolds), Lagging, Bush Hammering, Jack Hammer Operator, Air or Electric Pneumatic Tool Operator, Power Driven Tools, Power Buggy Operators, Pouring and Placement of all concrete, Fork Lift Operators, Power Wheelbarrow Operators, Asphalt and Blacktop Rakers, Wrecker/Demolition, Sand Blasting and Chipping, Welders on Demolition, Grade Checkers, a person on a bucket pouring concrete, Guniting Nozzle man, Wagon and Churn Drill Operator, Concrete Saw Operator, Brush Feeders on pulverizers, Pipe Layers, Bottom Man, Laser Gun, Burners, Sand Blasting of concrete, Vibrator Man, Steward, Signal Man, Caisson, Caisson Bottom Man, Piledrivers, Asbestos and Lead Abatement Laborers.

Hazardous Waste (Level B): Any work requiring the following protective equipment must be paid at Group 2 rate,

A protective suit and an Air Purifying Respirator (APR) with the appropriate filter canisters. The ensemble is used when contaminants are reliably known not to be hazardous to the skin and not IDLH (Immediately Dangerous To Life or Health) and correct filter protection is available. This ensemble offers adequate protection for many jobs. Heat stress may be a problem due to inherent restrictions to breathing in an APR. Also, normal job related injury risk will be nearly as high as for Level C Equipment.

Group 3 Hazardous (Level C): Any work requiring the following protective equipment must be paid at Group 3 rate,

A chemically resistant splash suit and a (SCBA) or Airline Respirator. This ensemble is required when the situation is very hazardous, such as oxygen deficient atmospheres, IDLH atmospheres, or confined space entries, but the risk of skin exposure is not as great as in Level D situations. Then Level C ensemble gives the second highest level of protection, but also puts physical stress on the worker; primarily heat stress, reduced vision, dexterity and mobility directly attributable to wearing of the protective equipment. Therefore, in addition to the hazardous material, the hazard of the normal job related injuries is greatly increased.

Group 4 Hazardous Waste (Level D) requiring the following protective equipment must be paid at Group 4 rate, Protective equipment is required when the area has been known to contain extremely toxic contaminants or contaminants unknown but may be expected to be extremely toxic and /or Immediately Dangerous to Life and Health (IDLH). This ensemble includes fully encapsulated chemical suit (moon suit), Self Contained Breathing Apparatus (SCBA), or Airline Fed Respirator, and various types and numbers of boots and gloves, cool vests and voice activated radios are optional equipment sometimes worn. Level D ensembles provide the highest level of protection from contaminants but places the greatest physical and mental stress on the worker. The claustrophobic environment of the moon suit causes anxiety in most people, which greatly increases the already inherent heat stress problems. Also, this ensemble reduces vision, mobility, dexterity, and communication capacity, all of which increases the risk of normal job related injuries, i.e., slips, falls, caught between, etc

Hazardous Pay of \$0.25 per hour shall be paid in addition to classifications shown above

Swing Scaffolds (suspended by rope or pulley), and swing scaffolds for grain storage tank or grain elevators, when the work is performed at a height of fifty (50) feet or more above the foundations or grade level, whichever is higher. Caisson work and tunnel work (depth being 15 feet or deeper)

Hazardous Waste Removal & Lead Abatement Workers: Exclusive or "Hot" area with toxic or hazardous materials, when one of the following personal protective equipment ensembles will be required for necessary protection against toxic contaminants. All of the ensembles increase the risks of certain types of worker-related injuries. When Laborers complement another craft receiving premium rate of pay Laborers will also receive premium pay for this "HOT" type of work.

Special Jurisdictional Note :

Details :

Note: There will be a 10% increase for the apprentices on top of the percentages listed above provided they are operating mobile equipment. Mechanic Trainees will receive 10% increase if required to have CDL

Group A- Barrier Moving Machines; Boiler Operators or Compressor Operators, when compressor or boiler is mounted on crane (Piggyback Operation); Boom Trucks (all types); Cableways Cherry Pickers; Combination - Concrete Mixers & Towers; All Concrete Pumps with Booms; Cranes (all types); Compact Cranes, track or rubber over 4,000 pounds capacity; Cranes self-erecting, stationary, track or truck (all configurations); Derricks (all types); Draglines; Dredges (dipper, clam or suction) 3-man crew; Elevating Graders or Euclid Loaders; Floating Equipment; Forklift (rough terrain with winch/hoist); Gradalls; Helicopter Operators, hoisting building materials; Helicopter Winch Operators, Hoisting building materials; Hoes (All types); Hoists (with two or more drums in use); Horizontal Directional Drill; Hydraulic Gantry (lift system); Laser Finishing Machines; Laser Screed and like equipment; Lift Slab or Panel Jack Operators; Locomotives (all types); Maintenance Operator/Technician(Mechanic Operator/Technician and/or Welder); Mixers, paving (multiple drum); Mobile Concrete Pumps, with booms; Panelboards, (all types on site); Pile Drivers; Power Shovels; Prentice Loader; Rail Tamper (with automatic lifting and aligning device); Rotary Drills (all), used on caissons for foundations and sub-structure; Side Booms; Slip Form Pavers; Straddle Carriers (Building Construction on site); Trench Machines (over 24" wide); Tug Boats.

Group B - Articulating/end dumps (minus \$4.00/hour from Group B rate); Asphalt Pavers; Bobcat-type and/or skid steer loader with hoe attachment greater than 7000 lbs.; Bulldozers; CMI type Equipment; Concrete Saw, Vermeer-type; Endloaders; Hydro Milling Machine; Kolman-type Loaders (Dirt Loading); Lead Greasemen; Mucking Machines; Pettibone-Rail Equipment; Power Graders; Power Scoops; Power Scrapers; Push Cats,, Rotomills (all), grinders and planers of all types.

Group C - A-Frames; Air Compressors, Pressurizing Shafts or Tunnels; All Asphalt Rollers; Bobcat-type and/or Skid Steer Loader with or without attachments; Boilers (15 lbs. pressure and over); All Concrete Pumps (without booms with 5 inch system); Fork Lifts (except masonry); Highway Drills - all types (with integral power); Hoists (with one drum); House Elevators (except those automatic call button controlled), Buck Hoists, Transport Platforms, Construction Elevators; Hydro Vac/Excavator (when a second person is needed, the rate of pay will be "Class E"); Man Lifts; Material hoist/elevators; Mud Jacks; Pressure Grouting; Pump Operators (installing or operating Well Points or other types of Dewatering Systems); Pumps (4 inches and over discharge); Railroad Tie (Inserter/Remover); Rotovator (Lime-Soil Stabilizer); Submersible Pumps (4" and over discharge); Switch & Tie Tampers (without lifting and aligning device); Trench Machines (24" and under); Utility Operators.

Group D - Backfillers and Tampers; Ballast Re-locator; Batch Plant Operators; Bar and Joint Installing Machines; Bull Floats; Burlap and Curing Machines; Clefplanes; Compressors, on building construction; Concrete Mixers, more than one bag capacity; Concrete Mixers, one bag capacity (side loaders); All Concrete Pumps (without boom with 4" or smaller system); Concrete Spreader; Conveyors, used for handling building materials; Crushers; Deckhands; Drum Fireman (in asphalt plants); Farm type tractors pulling attachments; Finishing Machines; Form Trenchers; Generators; Guniting Machines; Hydro-seeders; Pavement Breakers (hydraulic or cable); Post Drivers; Post Hole Diggers; Pressure Pumps (over 1/2" discharge); Road Widening Trenchers; Rollers (except asphalt); Self-propelled sub-graders; Shotcrete Machines; Tire Repairmen; Tractors, pulling sheepsfoot post roller or grader; VAC/ALLS; Vibratory Compactors, with integral power; Welders.

Group E - Allen Screed Paver (concrete); Boilers (less than 15 lbs. pressure); Cranes-Compact, track or rubber (under 4,000 pounds capacity); Directional Drill "Locator"; Fueling and greasing +\$3.00; Inboard/outboard Motor Boat Launches; Light Plant Operators; Masonry Fork Lifts; Oilers/Helpers; Power Driven Heaters (oil fired); Power Scrubbers; Power Sweepers; Pumps (under 4 inch discharge); Signaller, Submersible Pumps (under 4" discharge).

Master Mechanics - Master Mechanic

Cranes 150' - 180' - Boom & Jib 150 - 180 feet

Cranes 180' - 249' - Boom & Jib 180 - 249 feet

Cranes 250' and over - Boom & Jib 250-feet or over

Special Jurisdictional Note :**Details :**

****Apprentices will receive a 10% increase on top of the percentages listed above provided they are operating mobile equipment.**

Class A - Air Compressors on Steel Erection; Asphalt Plant Engineers (Cleveland District Only); Barrier Moving Machine; Boiler Operators, Compressor Operators, or Generators, when mounted on a rig; Boom Trucks (all types); Cableways; Cherry Pickers; Combination- Concrete Mixers & Towers; Concrete Plants (over 4 yd capacity); Concrete Pumps; Cranes (all types); Compact Cranes track or rubber over 4,000 pounds capacity; Cranes self-erecting stationary, track or truck; Derricks (all types); Draglines; Dredges dipper, clam or suction; Elevating Graders or Euclid Loaders; Floating Equipment (all types); Gradalls; Helicopter Crew (Operator- hoist or winch); Hoes (all types); Hoisting Engines; Hoisting Engines, on shaft or tunnel work; Hydraulic Gantry (lifting system); Industrial-type Tractors; Jet Engine Dryer (D8 or D9) diesel Tractors; Locomotives (standard gauge); Maintenance Operators/Technicians (class A); Mixers, paving (single or double drum); Mucking Machines; Multiple Scrapers; Piledriving Machines (all types); Power Shovels, Prentice Loader; Quad 9 (double pusher); Rail Tamper (with automatic lifting and aligning device); Refrigerating Machines (freezer operation); Rotary Drills, on caisson work; Rough Terrain Fork Lift with winch/hoist; Side Booms; Slip Form Pavers; Survey Crew Party Chiefs; Tower Derricks; Tree Shredders; Trench Machines (over 24" wide); Truck Mounted Concrete Pumps; Tug Boats; Tunnel Machines and /or Mining Machines; Wheel Excavators.

Class B - Asphalt Pavers; Automatic Subgrade Machines, self-propelled (CMI-type); Bobcat-type and /or Skid

Steer Loader with hoe attachment greater than 7000 lbs.; Boring Machine Operators (more than 48 inches); Bulldozers; Concrete Saws, Vermeer type; Endloaders; Horizontal Directional Drill (50,000 ft. lbs. thrust and over); Hydro Milling Machine; Kolman-type Loaders (production type-dirt); Lead Greasemen; Lighting and Traffic Signal Installation Equipment includes all groups or classifications; Maintenance Operators/Technicians, Class B; Material Transfer Equipment (shuttle buggy) Asphalt; Pettibone-Rail Equipment; Power Graders; Power Scrapers; Push Cats; Rotomills (all), Grinders and Planners of all types, Groovers (excluding walk-behinds); Trench Machines (24 inch wide and under).

Class C - A-Frames; Air Compressors, on tunnel work (low Pressure); Articulating/straight bed end dumps if assigned (minus \$4.00 per hour); Asphalt Plant Engineers (Portage and Summit Counties only); Bobcat-type and/or skid steer loader with or without attachments; Drones; Highway Drills (all types); HydroVac/Excavator (when a second person is needed, the rate of pay will be "Class E"); Locomotives (narrow gauge); Material Hoist/Elevators; Mixers, concrete (more than one bag capacity); Mixers, one bag capacity (side loader); Power Boilers (over 15 lbs. pressure); Pump Operators (installing or operating well Points); Pumps (4 inch and over discharge); Railroad Tie Inserter/Remover; Rollers, Asphalt; Rotovator (lime-soil Stabilizer); Switch & Tie Tampers (without lifting and aligning device); Utilities Operators, (small equipment); Welding Machines and Generators.

Class D – Backfillers and Tampers; Ballast Re-locator; Bar and Joint Installing Machines; Batch Plant Operators; Boring Machine Operators (48 inch or less); Bull Floats; Burlap and Curing Machines; Concrete Plants (capacity 4 yds. and under); Concrete Saws (multiple); Conveyors (highway); Crushers; Deckhands; Farm type tractors, with attachments (highway); Finishing Machines; Firemen, Floating Equipment (all types); Fork Lifts (highway), except masonry; Form Trenchers; Hydro Hammers; Hydro Seeders; Pavement Breakers (hydraulic or cable); Plant Mixers; Post Drivers; Post Hole Diggers; Power Brush Burners; Power Form Handling Equipment; Road Widening Trenchers; Rollers (brick, grade, macadam); Self-Propelled Power Spreaders; Self-Propelled Sub-Graders; Steam Firemen; Survey Instrument men; Tractors, pulling sheepsfoot rollers or graders; Vibratory Compactors, with integral power.

Class E - Compressors (portable, Sewer, Heavy and Highway); Cranes-Compact, track or rubber under 4,000 pound capacity; Drum Firemen (asphalt plant); Fueling and greasing (Primary Operator with Specialized CDL Endorsement Add \$3.00/hr); Generators; Inboard-Outboard Motor Boat Launches; Masonry Fork Lifts; Oil Heaters (asphalt plant); Oilers/Helpers; Power Driven Heaters (oil fired); Power Scrubbers; Power Sweepers; Pumps (under 4 inch discharge); Signaller; Survey Rodmen or Chairmen; Tire Repairmen; VAC/ALLS.

Definition of Industrial Classification:

Industrial Facilities to be included in the Industrial Classification shall include; Water Treatment, Waste Water Treatment, Natural Gas and related facilities, refineries, transmission pipe lines, electrical transmission towers and or switching /sub stations and Power Plants.

Exclusions from the industrial classification are Power Plants that generate power to a single customer; such as an emergency power supplier or a Hospital, Information Technology Facility, Sporting/Event or Arena/Stadium type facility. This exclusion would also be given to any commercial office space located within the facilities property. The excluded spaces shall be done under the Commercial Wage rates.
