

# Fairfield County Restaurants and Bars

Local restaurants have been ordered to close their dining rooms, but there are more than 180 restaurants in Fairfield County that remain open with many service options. Please contact [doug.durrett@fairfieldcountyohio.gov](mailto:doug.durrett@fairfieldcountyohio.gov) to add or correct any details. Since these are subject to change, we recommend contacting restaurants for hours of operations and available options.

While supporting local restaurants, please practice safety procedures and limit contact. Consider the following:

- Ensuring your safety as a vulnerable person
- Paying online or in advance to avoid spreading germs on cash
- Distancing yourself from other patrons or employees while waiting on your carryout order
- Asking for curbside service to avoid entering the restaurants
- Requesting the food be left on the porch to avoid contact with the delivery driver
- Washing your hands, using hand sanitizer, and practicing proper respiratory etiquette while and after interacting with patrons and employees
- Ordering individually wrapped or personal sized foods, sides, or drinks for groups (family, staff, etc.)
- Using single-use utensils, paper plates, paper towels/napkins, etc. and throwing away after use

Remember, this is inconvenient, but we can be as creative as we are safe. As a community, we will get through this together and be better for it.
