2. South Hampton Subdivision Preliminary Plan

Mr. Mako gave an overview of the South Hampton Preliminary Plan. The Subdivision is located in Violet Township east of Hill Road. The subdivision has several issues that need to be worked out before RPC can move forward. The plan is calling for 5' sidewalks throughout the subdivision and multi-use paths connecting open space within the development. A 5's sidewalk is also being proposed along Hill Road.

The Committee is recommending to the developer that a multi use path should be built in front of subdivision. The multi use path should be 8'-10' in size.
