

Fairfield County Utilities 2024 Water/Wastewater System Line Charges

#

Line Charges cover the user's portion of the installation cost of the water mains and storage tanks plus annual interest charges from the date of installation, in accordance with County Utilities Policy. The purpose of Line Charges is to establish equitable charges to non-participating properties for County financed main line water installations.

Liberty Township**	2004	\$6,365.20	Plus Connection Fee
--------------------	------	------------	---------------------

*All Line Charges, Meter/MIU Fees and Connection Fees are due at the time of applying for a permit.

** New services to the pressure sewer may exceed Line Charge based on actual cost of the Grinder Unit on required connection.

New Residential Customers and Commercial Customers connecting to the above Locations/Subdivisions are required to pay current connection fees for the appropriate line size plus the Line Charge.
