To regulate the installation of the water and sanitary sewer service lines and their connection into the County water and sanitary sewer systems.

It is the Contractor’s responsibility to obtain such certificates as are required herein for all work performed by Subcontractors of the Contractor prior to the time that said Subcontractors commence work. Such certificate must be accompanied by a statement that at least ten (10) days prior notice shall be furnished to the County if the policies of insurance referenced in the certificates are to be terminated or changed in any way while Contractor’s license is in effect.

706.03 Owner’s Protective Liability Insurance: The Contractor agrees to provide an Owner’s Protective Liability Insurance policy naming the County as insured, and covering the conditions outlined in 706.02, and with the same limits of liability described therein. In lieu of this requirement, the Contractor shall name the Owner and the County as insured in his Comprehensive, General and Automotive Liability policy, or Umbrella Excess Liability Insurance with the same limits of liability described in 706.02.

706.04 All Risk Builder’s Insurance: Further, the Contractor shall procure and maintain during the term of his license All Risk Builder’s Insurance (Fire and Extended Coverage) on a 100 percent (100%) completed value basis on the insurable portion of the Project. The Contractor shall comply with all applicable laws, ordinances, rules, regulations and orders of any public authority having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss.

706.06 Indemnity Provision: Further, as consideration for obtaining a license, Contractor warrants and agrees that he shall indemnify and hold harmless the County and its agents and employees from and against all claims, damages, losses, costs and expenses, including attorney fees, arising out of, or resulting from performance of any work performed by the Contractor, Subcontractor, or any agent, assign or employee of the Contractor or Subcontractor, provided that any such claim, damage, loss or expense:

A. Is attributable to bodily injury, sickness, disease, death, or injury to or destruction of tangible property (other than the work itself) including the loss of use resulting therefrom; and/or

B. Is caused wholly or in part by the negligent acts, errors or omissions of the Contractor, Subcontractor, its agents, assigns or employees, or anyone directly or indirectly employed by either the Contractor or Subcontractor, regardless of whether or not the loss is caused by the County.

Further, as consideration for obtaining a license, Contractor warrants and agrees that he is skilled and experienced in the use and interpretation of the County rules, regulations and requirements, has carefully reviewed the County rules, regulations and requirements for the work covered by the license issued by the County and has found them to be free of ambiguities and sufficient for the purpose of completing the work. Further, he has carefully examined the work site, and from his own observations, has satisfied himself as to the nature and location of the work; the character, quality and quantity of the materials; the difficulties likely to be encountered; and any other items that may affect the execution of the work. Additionally, the Contractor has based his undertaking of work solely on the County requirements and these observations and has not solely relied in any way on other explanation or interpretation, oral or written, from any other source. Further, Contractor agrees to complete the work in accordance with the County requirements in a good and workmanlike manner.
707 - License Renewal:

Each license is for a period of no more than one calendar year. The annual renewal of said licenses is
